

Socialism In The Soviet Union

Scott C. Dulebohn

Socialism In The Soviet Union:

Socialism, Social Welfare and the Soviet Union Vic George, Nicholas Manning, 2021-12-24 First published in 1980
Socialism Social Welfare and the Soviet Union examines the views of Marx Engels and Lenin on what constitutes a socialist form of provision of social security income education health and housing The authors discuss the implementation of these ideas in the Soviet Union since the 1917 Revolution in the context of economic and political development and describe the social services in the Soviet Union assessing the extent to which the original ideas have been matched by reality They also briefly survey the views of several East European academic writers on social policy outlining some distinctive features of social policy in the Eastern bloc The authors general conclusion is that the Soviet Union has made great progress in social policy provision from their research and from their visits in the course of writing this book they show that the social services of the Soviet Union are as good as and in some ways more comprehensive than those of Western Europe Equally important is their conclusion that a society in which the means of production and distribution are nationalised and which makes a full provision of social services is not necessarily a socialist society This book will appeal to students of sociology political science and area studies

Socialism in the Soviet Union Jonathan Auerth, 1977

The First Socialist Society Geoffrey A. Hosking, 1993 The First Socialist Society is the compelling and often tragic history of what Soviet citizens have lived through from 1917 to the present told with great sympathy and perception It ranges over the changing lives of peasants urban workers and professionals the interaction of Soviet autocrats with the people the character and role of religion law education and literature within Soviet society and the significance and fate of various national groups As the story unfolds we come to understand how the ideas of Marxism have been changed taking on almost unrecognizable forms by unique political and economic circumstances Hosking's analysis of this vast and complex country begins by asking how it was that the first socialist revolution took place in backward autocratic Russia Why were the Bolsheviks able to seize power and hold on to it The core of the book lies in the years of Stalin's rule how did he exercise such unlimited power and how did the various strata of society survive and come to terms with his tyranny The later chapters recount Khrushchev's efforts to reform the worst features of Stalinism and the unpredictable effects of his attempts within the East European satellite countries bringing out elements of socialism that had been obscured or overlaid in the Soviet Union itself And in the aftermath of the long Brezhnev years of stagnation and corruption the question is posed can Soviet society find a way to modify the rigidities inherited from the Stalinist past

The Vernaculars of Communism Petre Petrov, Lara Ryazanova-Clarke, 2014-12-17 The political revolutions which established state socialism in the Soviet Union and Eastern Europe were accompanied by revolutions in the word as the communist project implied not only remaking the world but also renaming it As new institutions social roles rituals and behaviours emerged so did language practices that designated articulated and performed these phenomena This book examines the use of communist language in the Stalinist and post Stalinist periods It goes beyond characterising this

linguistic variety as crude newspeak showing how official language was much more complex the medium through which important political ideological messages were elaborated transmitted and also contested revealing contradictions discursive cleavages and performative variations The book examines the subject comparatively across a range of East European countries besides the Soviet Union and draws on perspectives from a range of scholarly disciplines sociolinguistics anthropology literary and cultural studies historiography and translation studies

Petre Petrov is an Assistant Professor in the Department of Slavic Languages and Literatures at the University of Texas at Austin Lara Ryazanova Clarke is Head of Russian and Academic Director of the Princess Dashkova Russia Centre in the School of Literatures Languages and Cultures at the University of Edinburgh

Economic Problems of Socialism in the U. S. S. R. Joseph Stalin, 2013-10-05 Written shortly before his death this work is regarded as Soviet leader Joseph Stalin's political testament Far more than just a dry theoretical economic discussion this book provides a fascinating and unique insight into the economic social and political thinking of the man who led the Communist juggernaut from 1924 to 1953 Directed to internal Communist Party comrades in response to discussions on the economy of the Soviet Union this work details Stalin's interpretation of the basic economic laws of modern capitalism and socialism the character of economic laws under Soviet style socialism commodity production the law of value and the elimination of the antithesis and distinctions between town and country and mental and physical labour Finally Stalin presents what he predicted would be the deepening crisis of the world capitalist system and the inevitability of wars between capitalist countries While much of Stalin's predictions were wholly incorrect parts of his critique of capitalism proved valid and were borne out by developments long after his time A fascinating historical document first published in Red China in 1972

Economic problems of Socialism in the USSR Joseph Stalin, 2024-05-09 Stalin's 1952 book *Economic Problems of Socialism in the U S S R* was one of his final works written in 1951 and issued in early 1952 It was presented as a textbook for Soviet political economy and addressed major debates of the time In it Stalin famously asserted that the USSR had entered the lower stage of communism meaning basic socialist society was achieved He also engaged the controversy over the law of value arguing that even under socialism commodity production and money still exist so the law of value continues to function though he predicted it would fade in a higher stage Thus the book consolidates Stalin's economic ideas into a comprehensive plan for the transition to full communism Published in Moscow by the state press in February 1952 this lengthy treatise covers topics like the character of socialist economic laws commodity exchange under socialism elimination of urban rural divides and the inevitability of imperialist wars a separate chapter The contents list in its English translations shows sections on the law of value the world market's crisis and so on For example Stalin writes that because socialism still involves goods and services exchanged one must use trained managers and enforce discipline in production He warns against simplistic interpretations that Marx's value law only applied to capitalism instead he insists it still operates under socialism but as a temporary vestige Overall the work serves as a manual for Soviet

economists setting orthodoxy on these issues Politically Economic Problems was significant for codifying Stalin's economic doctrine as official Soviet orthodoxy It was translated and distributed widely in the Eastern Bloc and China becoming a foundational text on socialist economy there Historians note it aimed to resolve debates of the late 1940s such as those sparked by economist Eugene Varga The claim that socialist society still obeyed objective economic laws underlined a pragmatic approach to central planning Although it was written late in Stalin's life its influence persisted later communist leaders would cite or challenge its theses e.g. Mao critiqued some points In historical retrospect it is viewed as Stalin's attempt to fuse Leninist economics with his own interpretations closing an era of Bolshevik theory As one of Stalin's last major publications it also marks the endpoint of his intellectual legacy before his death in 1953 This modern Critical Reader's Edition includes an illuminating afterword tracing Stalin's intellectual relationships with revolutionary philosophers and politicians including Hegel Feuerbach Engels and Ricardo containing unique research into his intellectual development and economic metaphysical theories religious impulses masquerading as materialism a comprehensive timeline of his life and works a glossary of Lenin-Stalinist terminology and a detailed index of his work works Combined with the scholarly amplifying material this professional translation is an indispensable exploration of Stalin's world-changing philosophy which he manifested into one of the most terrifying authoritarian regimes ever created

Socialism and Capitalism Through the Eyes of a Soviet Émigré Svetlana Kunin, 2020-09-10 Growing up in Union of Soviet Socialist Republics USSR in the 1950-60s a period defined by Soviet leaders as time of developed socialism Svetlana believed in the greatness of socialism fairness equality and the benevolence of the communist leaders managing society's march toward progress Gradually disillusion set in as historical and contemporary events exposed the true reality behind the veil of empty words The decision to immigrate wasn't easy Parents relatives and friends were left behind Then in 1980 came the unexpected discovery of a new life in capitalist USA This unusually personal story that starts in the Soviet Union and ends in the United States draws parallels between two economic and political systems and provides a missing perspective and commentary on parallels to life in the USA In this book Svetlana makes the case for how a free market economy in the USA leads to a dramatically better life for a common person than that of powerful centralized government as she experienced living in both the USA and the former USSR Many articles that the author published in the Investor's Business Daily under IBD Exclusive Commentary Series Perspectives of a Russian Immigrant are poignantly relevant today They are included in the book with IBD's permission

Political Economy and Soviet Socialism (Routledge Revivals) Alec Nove, 2013-02-01 First published in 1979 Political Economy and Soviet Socialism is an integrated selection of papers written over the past 12 years of Russian history which offers a unique insight into some important and controversial issues Professor Nove discusses the ideas of some of the leaders of the Russian revolution Lenin Trotsky and Bukharin the political economy of socialism and the problems of the contemporary USSR The author addresses the role of traditional Russian ideas in shaping the Soviet Union's social structure

and the conceptual problems involved in defining its ruling stratum whether or not it is a class He also considers the criteria by which it is reasonable to judge Soviet reality the performance and prospects of agriculture in communist ruled Europe the ability of the Eastern bloc to tackle problems of inflation and the obstacles to economic reform Looking at the important and original developments of economic thought in the USSR and Eastern Europe Professor Nove dissects the ideas of the new leftists concerning the role of market forces under a feasible socialism These papers offer essential reading for students of politics economics and comparative social structure

A History of the Soviet Union Geoffrey A. Hosking, 1985

Life in the Soviet Union Svetozar Pejovich, 1979

The Transformation Of Socialism Melvin Gurtov, 2019-07-11 This book is based on Conference on the Transformation of Socialism in the Soviet Union and China and reveals a second feature of the conference the candor of the presentations It discusses the effects of the reforms on political processes and the development of socialism

Soviet Tragedy Martin Malia, 2008-06-30 The Soviet Tragedy is an essential coda to the literature of Soviet studies Insofar as he returns the power of ideology to its central place in Soviet history Malia has made an enormous contribution He has written the history of a utopian illusion and the tragic consequences it had for the people of the Soviet Union and the world David Remnick The New York Review of Books In Martin Malia the Soviet Union had one of its most acute observers With this book it may well have found the cornerstone of its history Francois Furet author of *Interpreting the French Revolution* The Soviet Tragedy offers the most thorough scholarly analysis of the Communist phenomenon that we are likely to get for a long while to come Malia states that his narrative is intended to substantiate the basic argument and this is certainly an argumentative book which drives its thesis home with hammer blows On this breathtaking journey Malia is a witty and often brilliantly penetrating guide He has much wisdom to impart The Times Literary Supplement This is history at the high level well deployed factually but particularly worthwhile in the philosophical and political context at once a view and an overview The Washington Post

The Political Economy of Soviet Socialism: the Formative Years, 1918-1928 Peter J. Boettke, 1990-09-30 This book presents a narrative of one of the more interesting utopian experiments in comparative political and economic history the first decade of the Soviet experience with socialism 1918 1928 Though historical and textual analysis the book's goal is to render this experience intelligible to get at the meaning of the Soviet experience with socialism for comparative political economy today The book examines the texts of Lenin Bukharin and other revolutionaries as well as the interpretations of contemporary historians of the revolution and the writings of more recent interpreters of Soviet political and economic history Arguing that the first three years of the Bolshevik regime 1918 1921 constitute an attempt to carry out the Marxian ideal of comprehensive central planning and that the disastrous results which all commentators agree occurred were the inevitable outcome of this Marxian ideal coming into conflict with the economic reality of the coordination problem that all economic systems face the book draws clear conclusions and elucidates the air of mystery that often surrounds the subject Offering a radical challenge to contemporary comparative political economy at the

level of high theory applied research and public policy this book is appropriate for students and scholars interested in Marxism economic history political economy and Austrian economics **Borders of Socialism** L. Siegelbaum, 2016-04-15 This fascinating book argues that in Russia the relations between culture and nation art and life commodity and trash often diverged from familiar Western European or American versions of modernity The essays show how public and private overlapped and shaped each other creating new perspectives on individuals and society in the Soviet Union The ABCs of Soviet Socialism James R. Millar, 1981 *U S S R (Union of Socialist Soviet Republics) a World Enigma* Ivy Ledbetter Lee, 1927 **Socialism Goes Global** James Mark, Paul Betts, 2021-12-23 This collectively written monograph is the first work to provide a broad history of the relationship between Eastern Europe and the decolonising world It ranges from the late nineteenth to the late twentieth century but at its core is the dynamic of the post 1945 period when socialism's importance as a globalising force accelerated and drew together what contemporaries called the Second and Third Worlds At the centre of this history is the encounter between the Soviet Union and Eastern Europe on one hand and a wider world casting off European empires or struggling against western imperialism on the other The origins of these connections are traced back to new forms of internationalism enabled by the Russian Revolution the interplay between the first decolonisation of the twentieth century in Eastern Europe and rising anti colonial movements and the global rise of fascism which created new connections between East and South The heart of the book however lies in the Cold War when these contacts and relationships dramatically intensified A common embrace of socialist modernisation and anti imperial culture opened up possibilities for a new and meaningful exchange between the peripheries of Eastern Europe Latin America Africa and Asia Such linkages are examined across many different fields from health to archaeology economic development to the arts and through many people from students to experts to labour migrants who all helped to shape a different form and meaning of globalisation **American Communism and Soviet Russia** Theodore Draper, 2017-07-05 This companion volume to *The Roots of American Communism* brings to completion what the author describes as the essence of the relationship of American Communism to Soviet Russia in the first decade after the Bolsheviks seized power The outpouring of new archive materials makes it plain that Draper's premise is direct and to the point The communist movement was transformed from a new expression of American radicalism to the American appendage of a Russian revolutionary power Each generation must find this out for itself and no better guide exists than the work of master historian Theodore Draper *American Communism and Soviet Russia* is acknowledged to be the classic authoritative history of the critical formative period of the American Communist Party Based on confidential minutes of the top party committees interviews with party leaders and public records this book carefully documents the influence of the Soviet Union on the fundamental nature of American Communism Draper's reflections on that period in this edition are a fitting capstone to this pioneering effort Daniel Bell in *Saturday Review* remarked about this work that there are surprisingly few scholarly histories of individual

Communist parties and even fewer which treat of this crucial decade in intimate detail Draper s account is therefore of great importance Arthur M Schlesinger in The New York Times Book Review says that in reading Draper s closely packed pages one hardly knows whether to marvel more at the detachment with which he examines the Communist movement the patience with which he unravels the dreary and intricate struggles for power among the top leaders or the intelligence with which he analyzes the interplay of factors determining the development of American Communism And Michael Harrington in Commonweal asserted that Draper s book will long be a definitive source volume and analysis of the Stalinization of American Communism **Whistle-blowing in the Soviet Union** Nicholas Lampert,1985-06-18 **Perestroika Versus Socialism** David North,1989 SCOTT Copy 1 From the John Holmes Library Collection

This is likewise one of the factors by obtaining the soft documents of this **Socialism In The Soviet Union** by online. Socialism In The Soviet Union Introduction

In today's digital age, the availability of Socialism In The Soviet Union books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Socialism In The Soviet Union books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Socialism In The Soviet Union books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Socialism In The Soviet Union versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Socialism In The Soviet Union books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Socialism In The Soviet Union books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another

popular platform for Socialism In The Soviet Union books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Socialism In The Soviet Union books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Socialism In The Soviet Union books and manuals for download and embark on your journey of knowledge?

FAQs About Socialism In The Soviet Union Books

1. Where can I buy Socialism In The Soviet Union books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
