*Socialism* Michael Harrington, 1993 A scholar of extraordinary diligence and depth J K Galbraith Magnificent more than anything this book is about hope Los Angeles Times Among the very best books about socialism now available Labour Research A clear and informative overview A worthy epitaph Chartist One of those rare books that gives socialism the time to think the space to breathe Ideas crackle and learning shines Just the kind of book it is wise for socialists everywhere to have to hand Socialist Affairs Contents Hypotheses Socialisms Authoritarian Collectivisms Realpolitik of Utopia End of Socialism Third Creation of World Socialization Revisited Market Plan Visionary Gradualism Socialism Michael

Harrington, 2011-11-01 On learning his cancer was inoperable renowned intellectual Michael Harrington simply asked the doctors to keep him alive long enough to complete a summary statement of the themes I had thought of throughout an activist life And they did Socialism Past and Future is prominent thinker Michael Harrington's final contribution a thoughtful intelligent and compassionate treatise on the role of socialism both past and present in modern society He is convincing in his application of classic socialist theory to current economic situations and modern political systems and he examines the validity of the idea of visionary gradualism in bringing about a socialist agenda He believes that if freedom and justice are to survive into the next century the socialist movement will be a critical factor This is the definitive text on the role of socialism throughout history which Publishers Weekly calls succinct readable and the New York Times says has a lively air of optimism and boldly challenges traditional ideas In this passionate book the late Michael Harrington draws on a lifetime of thinking and politicking to reject much that has passed for socialism and to define the new forms that will make it the only hope for human freedom and justice Foreign Affairs in the twenty first century **Socialism** Michael Harrington, 2011 **In Search**

**of a Political Philosophy** W. J. Stankiewicz, 2002-09-11 In Search of a Political Philosophy is an analysis of the three democratic isms conservatism liberalism and socialism and of the distinct nature of the all devouring ideology Marxist communism The author is concerned with the conscious and unconscious assumptions of the proponents and followers of each ideology and those of their theoreticians and critics *Contemporary Political Ideologies* Roger Eatwell, Anthony Wright, 1999-03-01 This major new text critically assesses the key political ideologies of the 20th century The 1970s and 1980s witnessed a flowering of new and popular ideologies such as feminism and ecologism and a revival of others notably liberalism The upheavals of the early 1990s have initiated fresh debate amongst major thinkers on the nature of ideology much of it however hostile or polemical Modern Political Ideologies examines in an objective scholarly manner the evolution of key political ideologies and assesses their impact and development during the 20th century This volume is essential reading for all students of politics and indeed anyone who has an interest in current events and wishes to acquire a deeper

understanding of the nature scope and ambition of different ideologies      **Michael Harrington** Robert Gorman, 2021-12-24 In this provocative biographical portrait Robert A Gorman examines the political and intellectual life of this engaging radical thinker while looking ahead to the ways in which the work and example he has left us can affect political life in the twenty first century Michael Harrington s major attempt to Americanize socialism plays a big part in Gorman s analysis He tells readers how it is possible to be both radical and patriotic and how an unjust system can be transformed without being destroyed

**The Future of (Post)Socialism** John Frederick Baily, Dijana Jelača, Danijela Lugarić, 2018-10-09 If socialism did not end as abruptly as is sometimes perceived what remnants of it linger today and will continue to linger Moreover if postsocialism is an umbrella term for the uncertain times of various transitions that followed in socialism s wake how might the post be rendered complicated by the notion that the unfinished business of socialism continues to influence the trajectory of the future The Future of Post Socialism examines this unfinished business through various disciplinary and transdisciplinary approaches that seek to illuminate the postsocialist future as a cultural and social fact Drawn from the fields of history ethnology anthropology sociology economics political science education linguistics literature and cultural studies contributors analyze various cultural forms and practices of the formerly socialist cultural spaces of Eastern Europe In so doing they question the teleology of linear transitional narratives and of assumptions about postsocialist linear progress concluding that things operate more as continued interruptions of a perpetually liminal state rather than as neat endings and new beginnings

[The Dialectics of Democracy](#) Dimitrios Kivotidis, 2024-03-05 This book examines how the democratic form and the struggle for democracy reflects influences and shapes the struggle for social emancipation In the context of increased exploitation rising inequality and intensified struggle for social justice in the aftermath of the economic crisis the channelling of populism through liberal democratic institutions has had contradictory effects giving rise to both Corbyn and Brexit Sanders and Trump Syriza and the Golden Dawn to name but a few How can we make sense of these developments In response this book approaches the idea of democracy from a socialist constitutionalist standpoint and explores institutional forms and principles that challenge and aim at the transformation of the extant social order This process involves the challenging of well established ideas of the liberal viewpoint as well as an unwavering focus on the issue of class rule which enables the highlighting of limitations of not only mainstream but also heterodox contemporary approaches to constitutionalism and democracy Ultimately democracy is conceived as a process of struggle for creating the conditions material as well as intellectual for its actualisation This
