Karavites,2015-12-22 This study deals with Clement of Alexandria s interpretation of evil and free will in the context of the rising Christianity the influence of Near Eastern and Greek thought on him his differences from St Augustine and how his interpretation affected the rise of the Eastern Christian thought The book also treats briefly the subject of man s personal aim in life perceived by Clement as the supersession of his nature Failure to realize this personal aim in life leads to alienation from God and death The moral dilemma of Clement s interpretation of evil as failure of life s aim is not a conventional explanation of good and evil but something much more the option between real life and death Consequently Clement s idea of evil refers to existential problems and ontological realities **Gays Under Grace** Maury Johnston,1983

Crime and God's Judgment in Shakespeare Robert Rentoul Reed Jr.,2021-10-21 Divine retribution Robert Reed argues is a principal driving force in Shakespeare's English history plays and three of his major tragedies Reed finds evidence of the playwright's growing ingenuity and maturing skill in his treatment of the crime of political homicide its impact on events and God's judgment on the criminal Reed's analysis focuses upon Tudor concepts that he shows were familiar to all Elizabethans the biblical principle of inherited guilt the doctrine that God is the fountainhead of retribution with man merely His instrument and the view that conscience serves a fundamentally divine function and he urges us to look at Shakespeare within the context of his time avoiding the too frequent tendency of twentieth century critics to force a modern world view on the plays Heaven's power of vengeance provides an essential unifying theme to the plays of the two historical tetralogies Julius Caesar Hamlet and Macbeth By analyzing these plays in the light of values held by Shakespeare's contemporaries Reed has made a substantial contribution toward clarifying our understanding of the plays and of Elizabethan England

The Tragedy of

Human Freedom Martien E. Brinkman, 2021-11-15 Human freedom has been the source of both the high points of humanity as well as of its low points thus giving rise to the impression that it is a somewhat ambivalent concept According to Martien Brinkman the major factor in this ambivalence is the rather narrow meaning that the concept has received in the course of history Freedom is for the most part understood as freedom from or freedom to but only rarely as freedom for However it is precisely this latter understanding that is closest to the Christian understanding of freedom which Brinkman defines as internal attachment In his view Christian freedom is at bottom characterized by that to which one commits oneself in trust He sees primarily the Christian theology of baptism with its accent on dying and rising with Christ as the model for the way in which one acquires freedom Brinkman illustrates this in this study by means of a great number of biblical images and images borrowed from the historical debates between Augustine and Pelagius and Luther and Erasmus Paperbound Books in Print ,1982
