Home Town Tracy Kidder, 2012-09-05 In this splendid book one of America's masters of nonfiction takes us home into Hometown U S A the town of Northampton Massachusetts and into the extraordinary and the ordinary lives that people live there As Tracy Kidder reveals how beneath its amiable surface a small town is a place of startling complexity he also explores what it takes to make a modern small city a success story Weaving together compelling stories of individual lives delving into a rich and varied past moving among all the levels of Northampton's social hierarchy Kidder reveals the sheer abundance of life contained within a town's narrow boundaries Does the kind of small town that many Americans came from and long for still exist Kidder says yes although not quite in the form we may imagine A book about civilization in microcosm Home Town makes us marvel afresh at the wonder of individuality creativity and civic order how a disparate group of individuals can find common cause and a code of values that transforms a place into a home And this book makes you feel you live there

Smith College Margaret Birney Vickery, 2007 The newest title in the Princeton Architectural Press Campus Guide series takes readers on a tour of Smith College Founded in 1871 as one of the first full fledged colleges for women Smith is known for its beautiful campus set in an idyllic New England landscape A walk around its grounds is like a comprehensive tour through American architecture from the eighteenth century to the present The campus includes such diverse buildings as Peabody the neo Georgian Quadrangle by Ames Dodge and Putnam Skidmore Owings as well as the postmodern Bass Science Center and Young Science Library by Shepley Bullfinch Richardson and Abbott The university's most recent additions include the Brown Fine Arts Center designed by the Polshek Partnership the Olin Fitness Center by Leers

Smith Collection (Northampton, Mass.),1975 Catalogs of the Sophia Smith Collection Sophia Smith Collection (Northampton, Mass.),1975 *Catalog Supplement of the Sophia Smith Collection, Women's History Archive* Sophia Smith Collection,Mary-Elizabeth Murdock,1984 *Catalogs of the Sophia Smith Collection* Sophia Smith Collection (Northampton, Mass.),1975 *A History of the Birth Control Movement in America* Peter C. Engelman,2011-04-19 This narrative history of one of the most far reaching social movements in the 20th century shows how it defied the law and made the use of contraception an acceptable social practice and a necessary component of modern healthcare A History of the Birth Control Movement in America tells the extraordinary story of a group of reformers dedicated to making contraception legal accessible and acceptable The engrossing tale details how Margaret Sanger s campaign beginning in 1914 to challenge anti obscenity laws criminalizing the distribution of contraceptive information grew into one of the most far reaching social reform movements in American history The book opens with a discussion of the history of birth control methods and the criminalization of contraception and abortion in the 19th century Its core however is an exciting narrative of the campaign in the 20th century vividly recalling the arrests and indictments banned publications imprisonments confiscations clinic raids mass meetings and courtroom dramas that publicized the cause across the nation Attention is paid to the movement s thorny alliances with medicine and eugenics and especially to its success in precipitating a profound shift in sexual attitudes that turned the use of contraception into an acceptable social and medical practice Finally the birth control movement is linked to court won privacy protections and the present day movement for reproductive rights *The Legacy of Second-Wave Feminism in American Politics* Angie Maxwell,Todd Shields,2017-12-05 This book chronicles the influence of second wave feminism on everything from electoral politics to LGBTQ rights The original descriptions of second wave feminism focused on elite white voices obscuring the accomplishments of many activists as third wave feminists rightly criticized Those limited narratives also prematurely marked the end of the movement imposing an imaginary timeline on what is a continuous struggle for women s rights Within the chapters of this volume scholars provide a more complex description of second wave feminism in which the sustained efforts of women from many races classes sexual orientations and religious traditions in the fight for equality have had a long term impact on American politics These authors argue that even the Second Wave metaphor is incomplete and should be replaced by a broader more inclusive metaphor that accurately depicts the overlapping and extended battle waged by women activists With the gift of hindsight and the awareness of the limitations of and backlash to this Second Wave the time is right to reflect on the feminist cause in America and to chart its path forward
