Sound And Fury The Making Of The Punditocracy:

Sound and Fury Eric Alterman,1999 Our economy our security and most particularly our democracy are imperiled by the decrepit state of our national political discourse We lack the ability as a nation to conduct a simple sensible and civil conversation about the choices we face The punditocracy is a tiny group of highly visible political pontificators who make their living offering inside political opinions and forecasts in the elite national media And it is their debate rather than any semblance of a democratic one that determines the parameters of political discourse in the nation today Introduction
