The Absent Mind

Daniel F McAuley

The Absent Mind:

The Absent-minded Imperialists Bernard Porter, 2004 The British empire was a huge enterprise To foreigners it more or less defined Britain in the nineteenth and early twentieth centuries Its repercussions in the wider world are still with us today It also had a great impact on Britain herself for example on her economy security population and eating habits One might expect this to have been reflected in her society and culture Indeed this has now become the conventional wisdom that Britain was steeped in imperialism domestically which affected or infected almost everything Britons thought felt and did This is the first book to examine this assumption critically against the broader background of contemporary British society Bernard Porter a leading imperial historian argues that the empire had a far lower profile in Britain than it did abroad Many Britons could hardly have been aware of it for most of the nineteenth century and only a small number was in any way committed to it Between these extremes opinions differed widely over what was even meant by the empire This depended largely on class and even when people were aware of the empire it had no appreciable impact on their thinking about anything else Indeed the influence far more often went the other way with perceptions of the empire being affected or distorted by more powerful domestic discourses Although Britain was an imperial nation in this period she was never a genuine imperial society As well as showing how this was possible Porter also discusses the implications of this attitude for Britain and her empire and for the relationship between culture and imperialism more generally bringing his study up to date by including the case of the present day USA

The Absent-minded Bridegroom Larry Edward Johnson, 1926

Absent Minds Stefan Collini, 2006 An account of the question of intellectuals in 20th century Britain this book challenges the myth that there are no real intellectuals in Britain and offers an analysis of the intellectual as a concept as well as detailed discussions of influential figures such as T S Eliot George Orwell and Edward Said

The Absent Mind Tracy Kimble Gore, 1975

Reading Popular Physics Elizabeth Leane, 2017-03-02 Reading Popular Physics is a valuable contribution to our understanding of the nature and implications of physics popularizations A literary critic trained in science Elizabeth Leane treats popular science writing as a distinct and significant genre focusing particularly on five bestselling books Stephen Hawking's A Brief History of Time Steven Weinberg's The First Three Minutes James Gleick's Chaos M Mitchell Waldrop's Complexity and Gary Zukav's The Dancing Wu Li Masters Leane situates her examination of the texts within the heated interdisciplinary exchanges known as the Science Wars focusing specifically on the disputed issue of the role of language in science Her use of literary analysis reveals how popular science books function as sites for disciplinary skirmishes as she uncovers the ways in which popularizers of science influence the public In addition to their explicit discussion of scientific concepts Leane argues these authors employ subtle textual strategies that encode claims about the nature and status of scientific knowledge claims that are all the more powerful because they are unacknowledged Her book will change the way these texts are read offering readers a fresh perspective on this highly visible and influential genre

Slips of the Mind Jennifer Soong, 2025-04-07 An audacious account of what happens when forgetting becomes a way of writing and writing becomes a way of forgetting In *Slips of the Mind* poet and critic Jennifer Soong turns away from forgetting's long standing associations with suppression privation and error to argue that the absence or failure of memory has often functioned as a generative creative principle Exploring forgetting not as the mere rejection of a literary past or a form of negative poetics Soong puts to the test its very aesthetic meaning What new structures forms of desires styles and long and short feelings do lapses in time allow What is oblivion's relationship to composition And how does the twentieth century poet come to figure as the quintessential embodiment of such questions Soong uncovers forgetting's influence on Gertrude Stein Lyn Hejinian Tan Lin Harryette Mullen Lissa Wolsak and New York School poets John Ashbery James Schuyler Bernadette Mayer and Ted Berrigan among others She reveals that forgetting's shapeshifting produces differences in poetic genre interest and degrees of intentionality and that such malleability is part of forgetting's nature Most provocatively Soong shows how losing track of things leaving them behind or finding them already gone resists overdetermination and causality in the name of surprise as poets leverage forgetting in order to replace identity with style *Slips of the Mind* is the kind of literary criticism that will reward all readers of modern and contemporary poetry On Action Carl Ginet, 1990-03-30 A sophisticated account of the individuation of actions propounds a challenging version of the view that freedom of action is incompatible with determinism as well **Daydreams at Work** Amy Fries, 2009 Finalist in the National Indie Excellence Awards Self Help Category for 2010 A State of Mind Dillon Jepsen, 2018-05-15 Have the desire to understand the unknown Are you willing to challenge your mind This is your guide for seeking deeper insight for our existence If you want a more profound understanding of what remains hidden from public awareness to make connection between life and something much greater and are willing to challenge your perception of reality then *A State of Mind* is the book you've been waiting for In the year 2012 at the age of 19 Dillon Jepsen developed a mental disorder leading him into dreamlike realities Seeing hidden dimensions to reality and with his inquisitive interest these experiences led him to gain perspective on how reality operates fundamentally He discovered an extension of his own character that he named Mark and embraced a connection with awakening reality His journey over time furthered his understanding of the Divine Universe Are you prepared to journey into the unknown *A State of Mind* invites you to see the distinction of the Divine creating intrinsic purpose to reality and our existence How does knowledge reveal itself through revelation Is it the mark of genius or a descent into madness Jepsen writes a compelling narrative that challenges conventional perspectives blurring the lines between our rational reality and the limitless realm of creative imagination Within the pages of this thought provoking creative nonfiction novel *A State of Mind* you will Engage in an academic analysis of elitism through the lens of social science Unlock our world system as a demiurgic matrix Gain insight into philosophies such as Gnosticism Kabbalah Neoplatonism and more Delve into a thoughtful analysis of the Tree of Life and its intricate correspondences Consider speculation on dark

matter previous universes and the all natural singularity Tap into your psychospiritual disposition for growth and a connection to the divine Discover the cosmic drama of the universe learn of the divine mind and intelligence A State of Mind is a unique and captivating exploration of the divine universe and the hidden nature of reality If you are drawn to spiritual guidance revelatory philosophies and the revelation of powerful hidden worlds then Dillon M Jepsen s descent into other realms will leave you enthralled Don t miss out on this extraordinary journey of the mind Buy A State of Mind today and unlock the secrets of existence that await within its pages [The Mind in Another Place](#) Luke Timothy Johnson,2022-03-22

A witness to the peculiar way of being that is the scholar s Luke Timothy Johnson is one of the best known and most influential New Testament scholars of recent decades In this memoir he draws on his rich experience to invite readers into the scholar s life its aims commitments and habits In addition to sharing his own story from childhood to retirement Johnson reflects on the nature of scholarship more generally showing how this vocation has changed over the past half century and where it might be going in the future He is as candid and unsparing about negative trends in academia as he is hopeful about the possibilities of steadfast disciplined scholarship In two closing chapters he discusses the essential intellectual and moral virtues of scholarly excellence including curiosity imagination courage discipline persistence detachment and contentment Johnson s robust defense of the scholarly life portrayed throughout this book as a generative process of discovery and disclosure will inspire both new and seasoned scholars as well as anyone who reads and values good scholarship But The Mind in Another Place ultimately resonates beyond the walls of the academy and speaks to matters more universally human the love of knowledge and the lifelong pursuit of truth
