Weinberg, 2021-10-15 In *Red Dynamite* Carl R Weinberg argues that creationism's tenacious hold on American public life depended on culture war politics inextricably embedded in religion Many Christian conservatives were convinced that evolutionary thought promoted immoral and even bestial social sexual and political behavior The fruits of subscribing to Darwinism were in their minds a dangerous rearrangement of God given standards and the unsettling of traditional hierarchies of power Despite claiming to focus exclusively on science and religion creationists were practicing politics Their anticommunist campaign often infused with conspiracy theory gained power from the fact that the Marxist founders the early Bolshevik leaders and their American allies were staunch evolutionists Using the Scopes Monkey Trial as a starting point *Red Dynamite* traces the politically explosive union of Darwinism and communism over the next century Across those years social evolution was the primary target of creationists and their ideas have consequences strategy instilled fear that shaped the contours of America's culture wars By taking the anticommunist arguments of creationists seriously Weinberg reveals a neglected dimension of antievolutionism and illuminates a source of the creationist movement's continuing strength Thanks to generous funding from Indiana University and its participation in TOME Toward an Open Monograph Ecosystem the ebook editions of this book are available

**The Lord's Radio** Mark Ward Sr.,2017-10-13 Evangelical Christianity the faith professed by one in four Americans exerts an enormous influence in American society Believed by some to have originated as a reaction to the social revolution of the 1960s evangelicalism as a distinct subculture in fact dates to the advent of radio The evangelical faithful flocked to the airwaves developing a nationwide mass culture as listeners across denominational lines heard the same popular preachers and music Evangelicals left behind the fundamentalism of the early 20th century as broadcast ministries laid the foundation for the culturally engaged New Christian Right of the late 20th century This historical ethnography presents the era s major radio evangelists and songwriters in the own words drawing on their writings and recordings as well as songbooks liner notes and song story anthologies of the period **Biography News** ,1975 *Black Terror White Soldiers* David Livingstone,2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man s Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of

the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history **God's Rascal** Barry Hankins, 2015-01-13 Colorful and outrageous influential yet despicable J Frank Norris was a preacher newspaper publisher political activist and all around subject of controversy One of the most despised men in traditional Southern Baptist circles he was also the man most responsible for bringing hard edged fundamentalism to the South Barry Hankins traces Norris the Texas Cyclone from his boyhood in small town Texas to his death in 1952 Despite scandals Norris was a man of considerable public influence who traveled the world corresponded with congressmen and attended president s Hoover s inauguration at Hoover s invitation Through his preaching career he battled anyone and everyone he saw as part of the leftist conspiracy to foist liberalism and immorality on America This account reveals a remarkable man who helped shape the current American religious landscape **The Southern State of Mind** Jan Nordby Gretlund, 1999 Remarkably removed from the devotional certifying and celebratory view of the South that has dominated books of this genre *The Southern State of Mind* addresses the question of whether inherited Southern values problems and contradictions have survived the onslaught of modernization **BOOK JACKET** *The Christian Century* , 1925 *Martin Luther King, Jr: Martin Luther King, Jr., the Black Church, and the Black Messianic Vision* David J.
