The Goose Man:

The Goose Man Jakob Wassermann, 2016-09-09 None of us whether children or adults needs an introduction to Mother Goose Those things which are earliest impressed upon our minds cling to them the most tenaciously The snatches sung in the nursery are never forgotten nor are they ever recalled without bringing back with them myriads of slumbering feelings and half forgotten images We hear the sweet low voice of the mother singing soft lullabies to her darling and see the kindly wrinkled face of the grandmother as she croons the old ditties to quiet our restless spirits One generation is linked to another by the everlasting spirit of song the ballads of the nursery follow us from childhood to old age and they are readily brought from memory's recesses at any time to amuse our children or our grandchildren The collection of jingles we know and love as the Melodies of Mother Goose are evidently drawn from a variety of sources While they are taken altogether a happy union of rhyme wit pathos satire and sentiment the research after the author of each individual verse would indeed be hopeless It would be folly to suppose them all the composition of uneducated old nurses for many of them contain much reflection wit and melody It is said that Shelley wrote Pussy Cat Mew and Dean Swift Little Bo Peep and these assertions are as difficult to disprove as to prove Some of the older verses however are doubtless offshoots from ancient Folk Lore songs and have descended to us through many centuries
