**Anthony S. Fauci**

## **The Grange:**

**The Grange** David Wyatt Aiken, 1883      Greenville Archie Vernon Huff, 1995 Since the Cherokee Nation hunted the verdant hills in what is now known as Greenville County South Carolina the search for economic prosperity and diversity has defined the history of this thriving Upstate region and its expanding urban center In a sweeping chronicle of the city and county historian Archie Vernon Huff traces Greenville's business tradition and details its political religious and cultural evolution The region portrayed by Huff has historically defied many Southern norms to distinguish itself economically and ideologically from its neighbors In addition to tracing Greenville's economic growth Huff identifies other hallmarks of the region including the fierce independence of its various populations He discusses the often conflicting interests and the individual contributions of the area's African Americans mill workers business elite and urban dwellers Looking beyond but never straying far from the economics of the region Huff also assesses the impact of Greenville's peaceful but grudging end to segregation strong evangelical Protestant tradition conservative arts programs and influential role in South Carolina's emerging two party political system      **Agricultural Cooperation and Rural Credit in Europe ...** American Commission to Investigate and Study Agricultural Credit and Cooperation, 1914      *Reclaiming the Rural* Kim Donehower, Charlotte Hogg, Eileen E Schell, 2012 *Reclaiming the Rural* moves beyond typical arguments for the preservation abandonment or modernization of rural communities analyzing how communities in the United States Canada and Mexico sustain themselves economically environmentally intellectually and politically through literate action      *The Elaine Massacre and Arkansas* Guy Lancaster, 2018-06-01 Although it occurred nearly a century ago the Elaine Massacre of 1919 remains the subject of intense inquiry as historians try to answer a multitude of questions such as why authorities in the Arkansas Delta used such overwhelming violence to put down a farmers union exactly how many people were killed in the massacre and how the event shaped the following century We cannot fully understand what happened at Elaine without examining the one hundred years leading up to the massacre An analysis of the years from 1819 when Arkansas officially became an American territory to 1919 provides the historical foundation for understanding one of the bloodiest manifestations of racial violence in U S history During the antebellum years slaveholders grew paranoid about possible insurrections and after the Civil War and Emancipation these fears lingered and led to numerous atrocities long before Elaine At the same time African Americans particularly fieldworkers worked to organize themselves to resist oppression setting the stage for the farmers union that was the target for mob and military wrath during the Elaine Massacre These essays provide the larger history necessary for understanding what happened at Elaine in 1919 and thus provide a window into the current state of Arkansas and the nation at large Contributors include Richard Buckelew Nancy Snell Griffith Matthew Hild Adrienne Jones Kelly Houston Jones Cherisse Jones Branch Brian K Mitchell William H Pruden III and Steven Teske      **Hawaii Statehood. Hearings Before the Committee on Interior and Insular Affairs, United States Senate, Eighty-first Congress, Second Session, on**
