by the Road Jane Quint,2010-01-19 This true story begins with a mothers terrifying dream that foretold the accidental death of her adult son She continued to have subtle premonitions that she didnt understand until it was too late When her son died as the dream predicted she was riddled with guilt at not having been able to save him These premonitions raised tormenting questions about their source purpose and meaning They propelled her on a journey through grief that followed every path from scientific theories to psychic communications with the spirit world It was a lonely quest in a culture impatient with grief and dismissive of premonitions In the end it was through writing her story that she found healing A cross still remains at the T intersection of two county roads still reminding passers by of the vibrant young life that was snuffed out one summer day long ago We often notice these small white crosses along roadways as we speed by Draped with wilted flowers and faded ribbons they stand in mute testimony to tragedies we try to ignore They remind us that life can end in an instant

Shimoda,2013-02-26 While on the bus to elementary school in a small New England town Brandon Shimoda the offspring of a Japanese American father and white mother was taunted for being Portuguese Shimoda s latest collection returns the author to a moment he felt challenged to become what he was being called however falsely and despite feeling confused flushed and afraid The poems themselves began to form in adulthood while Shimoda again riding the bus took in his fellow passengers their voices minds faces and bodies their exuberances and infirmities the ways they both enlivened and darkened the days It was within these people that poetry seemed most alive At the same time the poems in Portuguese are a response to the words of visual artists whom Shimoda was reading while riding the bus Etel Adnan Eug ne Delacroix Alberto Giacometti Paul Klee and Joan Mitchell all of whom appear in the book It was within these people too that poetry seemed most alive The

presiding struggle in this collection is with poetry itself the form and its impulses and the act of writing But Portuguese is more than all these things It was and is an act of preservation giving form to the energy that makes up some part of our memory
