The Great Pyramid Decoded:

The Great Pyramid Decoded Peter Lemesurier, 2022-06-23 Understand the Complexity of the World's Greatest Monument Standing sentinel for four and a half millennia the Great Pyramid of Giza has fascinated all who have beheld its imposing and elegant mass In The Great Pyramid Decoded historical theorist researcher and best selling author Peter Lemesurier shares observations based on a simple numeric code which reveals illuminating perspectives on the past as well as prophetic visions of the future Does the Great Pyramid hearken back to another civilization much older than ancient Egypt Is it the Old Testament writ in stone Is it an ancient observatory A treasure house A tomb Is there a message in the geometric ratios Lemesurier carefully explores these theories and draws some enlightening and meaningful conclusions Translating the wisdom of this ancient monument the author presents recommendations for the future which are consistent with the advice of Saint Malachy Nostradamus and Edgar Cayce among others Making connections to several religious traditions Lemesurier uses the Great Pyramid to illustrate humankind's place in the universe Read what this archaic wonder of the world has to say about where we came from and where we may be heading Learn how this one ancient wonder can teach us that we have the potential to reawaken to an enlightened path forward A must for anyone interested in the mystical wisdom of one of the most magnificent civil engineering feats of all time

~**The Great Pyramid Decoded** E. Raymond Capt, 1978 *Decoding the Great Pyramid* Peter Lemesurier, 1999 For over forty centuries the Great Pyramid of Giza has tantalized and baffled mankind Is it a royal tomb a treasure house an astronomical observatory or an incredible sophisticated public works project Or is it a landmark of an earlier civilization perhaps immeasurably older than Egypt itself Here in *Decoding the Great Pyramid* renowned Egyptologist and bestselling author Peter Lemesurier explains the extraordinary facts of the pyramid's siting and construction This fascinating and highly original work draws on recent research to suggest that the entire design of the pyramid derives from a simple number code When the pyramid is decoded an amazing message starts to unfold a message that appears to be nothing less than an evolutionary blueprint for mankind that stretches from the beginning of time well into the fourth millennium AD Lemesurier compares the pyramid's message for mankind with prophecies for the future made in more recent times by St Malachy Nostradamus Edgar Cayce and others He also uncovers interesting links between the pyramid's picture of mankind's place in the universe and the religious traditions of Egypt Palestine India and Central America Central to his discoveries is the belief in a Messianic world plan common to many ancient traditions and at the very root of the design of the Great Pyramid that sheds new light on our interpretation of the biblical message Illustrated in full color throughout using specially commissioned photographs and original artwork *Decoding the Great Pyramid* is an indispensable guide for all who seek to understand the mysteries of the past and the nature of the human quest

to have been here as well though the evidence of their presence is sketchy Page 71 of Pompeii The Vanished City Besides the evidence that has already been presented more remains to demonstrate that once again the accepted historical point of view is incorrect For example This second volume of Building Bridges of Time Places and People presents the overwhelming evidence that some of the most prominent leaders of the New Testament Church left the lands of Judea and Galilee when war between Rome and the Jews seemed certain and they settled in Pompeii and Herculaneum These leaders included Simon Peter Paul Luke and John Mark the author of The Gospel of Mark They were accompanied by converts such as Cornelius the centurion who was the first Gentile to be baptized and by the mother of Christ This volume also investigates the town of Sepphoris in Galilee and makes a compelling case for the claim that the Messiah of the New Testament grew up there rather than in Nazareth his identity hidden until he began his ministry at the age of 30 **Building Bridges of Time, Places, and People** J.
