E. A. Rees

The Great Urals Regionalism And The Evolution Of The Soviet System:

The Great Urals James R. Harris, 1999 Political histories of the Soviet Union have portrayed a powerful Kremlin leadership whose will was passively implemented by regional Party officials and institutions Drawing on his research in recently opened archives in Moscow and the Urals a vast territory that is a vital center of the Russian mining and metallurgy industries James R Harris overturns this view He argues here that the regions have for centuries had strong identities and interests and that they cumulatively exerted a significant influence on Soviet policy making and on the evolution of the Soviet system After tracing the development of local interests prior to the Revolution Harris demonstrates that a desperate need for capital investment caused the Urals and other Soviet regions to press Moscow to increase the investment and production targets of the first five year plan He provides conclusive evidence that local leaders established the pace for carrying out such radical policies as breakneck industrialization and the construction of forced labor camps When the production targets could not be met regional officials falsified data and blamed saboteurs for their shortfalls Harris argues that such deception contributed to the personal and suspicious nature of Stalin's rule and to the beginning of his onslaught on the Party apparatus Most of the region's communist leaders were executed during the Great Terror of 1936-38 In his conclusion Harris measures the impact of their interests on the collapse of the communist system and the fate of reform under Gorbachev and Yeltsin

A History of the Urals Paul Dukes, 2015-02-26 The Urals are best known as the boundary between Europe and Asia A History of the Urals demonstrates the region's importance in its own right as a crucible of Russia's defence industry in particular In the first English language book to explore the subject fully Paul Dukes examines the region's contribution to the power of the state in tsarist Soviet and post Soviet times offering a refreshing antidote to Moscow centric interpretations of Russian history The book contextualises more recent periods with chapters on the earlier years of the Urals and covers the key environmental as well as economic political and cultural themes The book contains illustrations and maps plus lists of books and websites as aids to further research and understanding of the subject A History of the Urals is an important book that provides new and valuable insights for all students of Russian history

The Nature of Soviet Power Andy Bruno, 2016-04-11 During the twentieth century the Soviet Union turned the Kola Peninsula in the northwest corner of the country into one of the most populated industrialized militarized and polluted parts of the Arctic This transformation suggests above all that environmental relations fundamentally shaped the Soviet experience Interactions with the natural world both enabled industrial livelihoods and curtailed socialist promises Nature itself was a participant in the communist project Taking a long term comparative perspective *The Nature of Soviet Power* sees Soviet environmental history as part of the global pursuit for unending economic growth among modern

states This in depth exploration of railroad construction the mining and processing of phosphorus rich apatite reindeer herding nickel and copper smelting and energy production in the region examines Soviet cultural perceptions of nature plans for development lived experiences and modifications to the physical world While Soviet power remade nature nature also remade Soviet power **The Shadow of War** Stephen Lovell,2011-06-24 Taking the achievements ambiguities and legacies of World War II as a point of departure The Shadow of War The Soviet Union and Russia 1941 to the Present offers a fresh new approach to modern Soviet and Russian history Presents one of the only histories of the Soviet Union and Russia that begins with World War II and goes beyond the Soviet collapse through to the early twenty first century Innovative thematic arrangement and approach allows for insights that are missed in chronological histories Draws on a wide range of sources and the very latest research on post Soviet history a rapidly developing field Supported by further reading bibliography maps and illustrations **Stalin's Nomads** Robert Kindler,2018-07-31 Robert Kindler s seminal work is a comprehensive and unsettling account of the Soviet campaign to forcefully sedentarize and collectivize the Kazakh clans Viewing the nomadic life as unproductive and their lands unused and untilled Stalin and his inner circle pursued a campaign of violence and subjugation rather than attempting any dialog or cultural assimilation The results were catastrophic as the conflict and an ensuing famine 1931 1933 caused the death of nearly one third of the Kazakh population Hundreds of thousands of nomads became refugees and a nomadic culture and social order were essentially destroyed in less than five years Kindler provides an in depth analysis of Soviet rule economic and political motivations and the role of remote and local Soviet officials and Kazakhs during the crisis This is the first English language translation of an important and harrowing history largely unknown to Western audiences prior to Kindler s study The translation of this work was funded by Geisteswissenschaften International Translation Funding for Work in the Humanities and Social Sciences from Germany a joint initiative of the Fritz Thyssen Foundation the German Federal Foreign Office the collecting society VG WORT and the B rsenverein des Deutschen Buchhandels German Publishers Booksellers Association **Yeltsin** Timothy J Colton,2008-04-08 Even after his death in April 2007 Boris Yeltsin remains the most controversial figure in recent Russian history Although Mikhail Gorbachev presided over the decline of the Communist party and the withdrawal of Soviet control over eastern Europe it was Yeltsin Russia s first elected president who buried the Soviet Union itself Upon taking office Yeltsin quickly embarked on a sweeping makeover of newly democratic Russia beginning with a program of excruciatingly painful market reforms that earned him wide acclaim in the West and deep recrimination from many Russian citizens In this the first biography of Yeltsin s entire life Soviet scholar Timothy Colton traces Yeltsin s development from a peasant boy in the Urals to a Communist party apparatchik and then ultimately to a nemesis of the Soviet order Based on unprecedented interviews with Yeltsin himself as well as scores of other Soviet officials journalists and businessmen Colton explains how and why Yeltsin broke with single party rule and launched his drive to replace it with democracy Yeltsin s colossal attempt to bring democracy to Russia

remains one of the great unfinished stories of our time As anti Western policies and rhetoric resurface in Putin s increasingly bellicose Russia Yeltsin offers essential insights into the past present and future of this vast and troubled nation The Russian Revolution Sheila Fitzpatrick,2008-02-28 The Russian Revolution had a decisive impact on the history of the twentieth century In the years following the collapse of the Soviet regime and the opening of its archives it has become possible to step back and see the full picture This fully updated new edition of Sheila Fitzpatrick s classic short history of the Russian Revolution takes into account the new archival and other evidence that has come to light since then incorporating material that was previously inaccessible not only to Western but also to Soviet historians Starting with an overview of the roots of the revolution Fitzpatrick takes the story from 1917 through Stalin s revolution from above to the great purges of the 1930s She tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children *Iron Lazar* E. A. Rees,2013-10-15 The first English language biography of Lazar Kaganovich one of Stalin s leading deputies Iron Lazar investigates the life of a man of key importance to the shaping of the Stalinist state With its insight into the political and personal relations of the Stalin group as well as its examination of this aspiring politician s policy making role during the Stalinist regime Iron Lazar investigates the previously undocumented life of Lazar Kaganovich the last surviving member of the Stalin government and one time heir apparent to the Soviet Union A Dream Deferred Donald A. Filtzer,2008 This volume brings together the latest work in Russian labour history based on exciting materials from previously closed archives and collections Sixteen essays focusing on peasants and workers explore the lives and struggles of working people Ranging over a century of dramatic upheaval from the late 1800s to the present the essays are organized around three broad themes workers politics incentives and coercion within industrial and rural workplaces and household strategies The volume explores the relationship between the peasantry and the working class a nexus that has been central to state policy oppositional politics economic development and household configuration It profiles a working class rent by divisions and defined not only by its relationship to the workplace or the state but also by its household strategies for daily survival The essays explore many topics accessible for the first time including the motivations of women workers roots of revolutionary activism the revolutionary movement outside the great cities socialist opposition to the Soviet regime reactions of workers to Stalinist terror socialist tourism peasant families in forced exile and work discipline on the collective farms **The Fate of the Bolshevik Revolution** Lara Douds,James Harris,Peter Whitewood,2020-01-23 How did a regime that promised utopian style freedom end up delivering terror and tyranny For some the Bolsheviks were totalitarian and the descent was inevitable for others Stalin was responsible for others still this period in Russian history was a microcosm of the Cold War The Fate of the Bolshevik Revolution reasons that these arguments are too simplistic Rather the journey from Bolshevik liberation to totalitarianism was riddled with unsuccessful experiments compromises confusion panic self interest and over optimism As

this book reveals the emergence and persistence of the Bolshevik dictatorship was in fact the complicated product of a failed democratic transition Drawing on long ignored archival sources and original research this fascinating volume brings together an international team of leading scholars to reconsider one of the most important and controversial questions of 20th century history how to explain the rise of the repressive Stalinist dictatorship **The Dynamics of Russian Politics** Peter Reddaway, Robert W. Orttung, 2004 This work examines Putin's reforms impact on key areas of Russian life including big business and ethnic relations It presents a historical context and an overview of the reforms then tracks how Putin's plans were implemented and resisted across each of the seven new federal okrugs **The Anatomy of Terror** James Harris, 2013-07-11 Stalin's Terror of the 1930s has long been a popular subject for historians However while for decades historians were locked in a narrow debate about the degree of central control over the terror process recent archival research is underpinning new innovative approaches and opening new perspectives Historians have begun to explore the roots of the Terror in the heritage of war and mass repression in the late Imperial and early Soviet periods in the regime's focus not just on former oppositionists wreckers and saboteurs but also on crime and social disorder and in the common European concern to identify and isolate undesirable elements Recent studies have examined in much greater depth and detail the precipitants and triggers that turned a determination to protect the Revolution into a ferocious mass repression The Anatomy of Terror is an edited volume which brings together the work of the leading historians in the field presenting not only the latest developments in the subject but also the latest evolution of the debate The sixteen chapters are divided into eight themes with some themes reflecting the diversity of sources methodologies and angles of approach others showing stark differences of opinion This opens up the field of study to further research and this volume will prove indispensable for historians of political violence and of the era of Stalinist Terror *Stalin and Stalinism* Martin McCauley, 2019-04-09 One of the most successful dictators of the twentieth century Stalin transformed the Communist Party of the Soviet Union into one of the world's leading political parties Stalin and Stalinism explores how he amassed retained and deployed power to dominate not only his close associates but the population of the Soviet Union and Soviet Empire Moving from leader to autocrat and finally despot Stalin played a key role in shaping the first half of the twentieth century with at one time around one third of the planet adopting his system His influence lives on despite turning their backs on Stalin's anti capitalism in the later twentieth century countries such as China and Vietnam retain his political model the unbridled power of the Communist Party First published in 1983 Stalin and Stalinism has established itself as one of the most popular textbooks for those who want to understand the Stalin phenomenon This updated fourth edition draws on a wealth of new publications and includes increased discussion on culture religion and the new society that Stalin fashioned as well as more on spying Stalin's legacy and his character as well as his actions Supported by a chronology of key events Who's Who and Guide to Further Reading this concise assessment of one of the major figures of the twentieth century world history remains an essential read for

students of the subject Practicing Stalinism J. Arch Getty, 2013-08-27 DIV In old Russia patron client relations clan politics and a variety of other informal practices spanned the centuries Government was understood to be patrimonial and personal rather than legal and office holding was far less important than proximity to patrons Working from heretofore unused documents from the Communist archives J Arch Getty shows how these political practices and traditions from old Russia have persisted throughout the twentieth century Soviet Union and down to the present day divDIV divDIV Getty examines a number of case studies of political practices in the Stalin era and after These include cults of personality the transformation of Old Bolsheviks into noble grandees the Communist Party's personnel selection system and the rise of political clans family circles after the 1917 Revolutions Stalin's conflicts with these clans and his eventual destruction of them were key elements of the Great Purges of the 1930s But although Stalin could destroy the competing clans he could not destroy the historically embedded patron client relationship as a final chapter on political practice under Putin shows div *Inventing the Enemy* Wendy Z. Goldman, 2011-08-08 *Inventing the Enemy* uses stories of personal relationships to explore the behaviour of ordinary people during Stalin's terror Communist Party leaders strongly encouraged ordinary citizens and party members to unmask the hidden enemy and people responded by flooding the secret police and local authorities with accusations By 1937 every workplace was convulsed by hyper vigilance intense suspicion and the hunt for hidden enemies Spouses co workers friends and relatives disavowed and denounced each other People confronted hideous dilemmas Forced to lie to protect loved ones they struggled to reconcile political imperatives and personal loyalties Workplaces were turned into snake pits The strategies that people used to protect themselves naming names pre emptive denunciations and shifting blame all helped to spread the terror *Inventing the Enemy* a history of the terror in five Moscow factories explores personal relationships and individual behaviour within a pervasive political culture of enemy hunting **Russia's Regional Identities** Edith Clowes, Gisela Erbslöh, Ani Kokobobo, 2018-01-17 Contemporary Russia is often viewed as a centralised regime based in Moscow with dependent provinces made subservient by Putin's policies limiting regional autonomy This book however demonstrates that beyond this largely political view by looking at Russia's regions more in cultural and social terms a quite different picture emerges of a Russia rich in variety with different regional identities cultures traditions and memories The book explores how identities are formed and rethought in contemporary Russia and outlines the nature of particular regional identities from Siberia and the Urals to southern Russia from the Russian heartland to the non Russian republics Debates on Stalinism Mark Edele, 2020-06-11 *Debates on Stalinism* introduces major debates about Stalinism during and after the Cold War Did Stalinism form a system in its own right or was it a mere stage in the overall development of Soviet society Was it an aberration from Leninism or the logical conclusion of Marxism Was its violence the revenge of the Russian past or the result of a revolutionary mindset Was Stalinism the work of a madman or the product of social forces beyond his control The book shows the complexities of historiographical debates where evidence politics personality and biography are strongly

entangled Debates on Stalinism allows readers to better understand not only the history of history writing but also contemporary controversies and conflicts in the successor states of the Soviet Union in particular Russia and Ukraine

Stalin's Guerrillas Kenneth Slepyan, 2006 A detailed study of the operations politics culture and autonomy of Soviet partisans or guerrillas who fought the German army in WWII Blending military political social and cultural history Slepyan also provides a prism for viewing relations between the suffocating Stalinist state and its independent partisan warriors

The Cambridge History of Russia: Volume 3, The Twentieth Century Maureen Perrie, Ronald Grigor Suny, 2006-11-02 A major history of twentieth century Russia by leading scholars in the field

Unveiling the Magic of Words: A Overview of "**The Great Urals Regionalism And The Evolution Of The Soviet System**"
