**The Green Tiger** Barbara Goldoftas, 2006 The Philippines was once famous for the beauty of its reef ringed islands white beaches and lush forests In less than a half century its forests were felled its oceans over fished and its coral reefs destroyed The rapid harvest of once abundant resources has brought droughts deadly flash floods and the collapse of vital fisheries As the rural economy weakened and millions migrated to cities they overwhelmed the urban infrastructure Today the Philippines stands as an example of the profound and sweeping consequences of ecological decline In *The Green Tiger* Barbara Goldoftas documents this tragic trajectory But hers is not a story of hopelessness and inevitable defeat In lyrical unflinching prose she traces the struggle for conservation in the Philippines from isolated villages to large cities and in the process illustrates the surprising ways in which conservation and economic growth can effectively co exist The ^AGreen Tiger Barbara Goldoftas, 2005-12-22 The Philippines was once famous for the beauty of its reef ringed islands white beaches and lush forests In less than a half century its forests were felled its oceans over fished and its coral reefs destroyed The rapid harvest of once abundant resources has brought droughts deadly flash floods and the collapse of vital fisheries As the rural economy weakened and millions migrated to cities they overwhelmed the urban infrastructure Today the Philippines stands as an example of the profound and sweeping consequences of ecological decline In *The Green Tiger* Barbara Goldoftas documents this tragic trajectory But hers is not a story of hopelessness and inevitable defeat In lyrical unflinching prose she traces the struggle for conservation in the Philippines from isolated villages to large cities and in the process illustrates the surprising ways in which conservation and economic growth can effectively co exist **Routledge Handbook of the Environment in Southeast Asia** Philip Hirsch, 2016-09-13 The environment is one of the defining issues of our times and it is closely linked to questions and dilemmas surrounding economic development Southeast Asia is one of the world s most economically and demographically dynamic regions and it is also one in which a host of environmental issues raise themselves The *Routledge Handbook of the Environment in Southeast Asia* is a collection of 30 chapters dealing with the most significant scholarly debates in this rapidly growing field of study Structured in four main parts it gives a comprehensive regional overview of and insight into the environment in Southeast Asia Wide ranging and balanced this handbook promotes scholarly understanding of how environmental issues are dealt with from diverse theoretical perspectives It offers a detailed empirical understanding of the myriad environmental problems and challenges faced in Southeast Asia This is the first publication of its kind in this field a helpful companion for a global audience and for scholars of Southeast Asian studies from a variety of disciplines *Urban Ecologies on the Edge* Kristian Karlo Saguin, 2022-06-14 Laguna Lake the largest lake in the Philippines supplies Manila s dense urban region with fish and water while operating as a sink for its stormflows and wastes Transforming the lake to deliver these multiple urban ecological functions however has generated resource conflicts and contradictions that unfold unevenly across space In *Urban Ecologies on the Edge* Kristian Karlo

Saguin tracks the politics of resource flows and unpacks the narratives of Laguna Lake as Manila's resource frontier. Provisioning the city and keeping it safe from floods are both frontier making processes that bring together contested socioecological imaginaries, practices and relations. Combining fieldwork and historical accounts, Saguin demonstrates how people, powerful and marginalized, interact with the state and the environment to produce the unequal landscapes of urbanization at and beyond the city's edge. *Worldmark Encyclopedia of the Nations: Asia & Oceania*, 2007

**Tourism in the Philippines** Richard S. Aquino, Brooke A. Porter, 2022-09-27 This edited book serves as the first instalment of a two part title that aims to provide an academic exploration of the contemporary issues and perspectives on tourism in the Philippines. With a strong geographical focus, this book is the first country focused volume under the series *Perspectives on Asian Tourism*. Comprised of chapters based on conceptual and empirical research, this book aims to develop a foundational and practical knowledge base on Philippine tourism management. The chapters cover a range of national, regional and local tourism management issues that cut across the following themes: Governance issues in Philippine tourism destinations; The Tourism Act of 2009; Tourism impacts and sustainability; Innovative tourism development strategies; Tourism marketing campaigns; i.e. It's More Fun in the Philippines; Philippine tourism and the ASEAN integration; Tourism and hospitality education in the Philippines. The contributions are drawn from the works of Filipino academics based in the Philippines and overseas institutions and international academics researching tourism issues in the Philippines. The chapters are informed by a diverse set of disciplines including but not limited to tourism studies, hospitality management, marketing, human resources management, public policy, environmental management, community development and education. This edited book is divided into four parts: first, an introduction to the development of policy and contemporary management issues in Philippine tourism; second, nature based tourism and the natural environment; third, product development and branding; and fourth, accreditation and industry standards. The volume culminates with a synthesis of the progress of Philippine tourism development and management implications using the cases and experiences outlined in the chapters. This book serves as a systematic guide to the current state of tourism development and management in the Philippines and as essential reading for undergraduate and postgraduate students, researchers, educators and more importantly, tourism policy makers.
