The Grotesque In Art And Literature Morningside:

The Grotesque in Art and Literature Wolfgang Kayser, 1981 **The Grotesque in Art and Literature** Wolfgang Johannes Kayser, 1981 *Emile Zola* Harold Bloom, 2009 A collection of critical essays on mile Zola s work **Symbiosis and Ambiguity** José Bleger, 2013-01-25 Symbiosis and Ambiguity is the first English edition of the classic study of early object relations by influential Argentinian psychoanalyst Jos Bleger 1922 1972 It is rooted in Kleinian thinking and rich in clinical material Bleger s thesis is that starting from primitive undifferentiation prior to the paranoid schizoid position described by Klein autism and symbiosis co exist as narcissistic relations in a syncretic agglutinated nucleus In symbiosis part of the mind is deposited in an external person or situation in autism it is deposited in the patient s own mind or body The nucleus is ambiguous and persists in adults as the psychotic part of the personality Symbiosis tends to immobilise the analytic process so the analyst must mobilise fragment and discriminate the agglutinated nucleus whose ambiguity tends to blunt persecutory situations The psychoanalytic setting functions as a silent refuge for the psychotic part of the personality where it creates a phantom world At some point therefore the setting itself has to be analysed and the analytic relationship de symbiotised as Bleger observes in a celebrated chapter on the setting Jos Bleger s work demonstrates the need to analyse early narcissistic object relations as they arise clinically especially in the setting More widely he regards undifferentiation and participation as operating throughout life in groups institutions and society as a whole **Details of Consequence** Gurminder Kaur Bhogal, 2013-09-11 Details of Consequence examines a trait that is taken for granted and rarely investigated in fin de si cle French music ornamental extravagance Considering why such composers as Claude Debussy Maurice Ravel Gabriel Faur Igor Stravinsky and Erik Satie turned their attention to the seemingly innocuous and allegedly superficial phenomenon of ornament at pivotal moments of their careers this book shows that the range of decorative languages and unusual ways in which ornament is manifest in their works doesn t only suggest a willingness to decorate or render music beautiful Rather in keeping with the sorts of changes that decorative expression was undergoing in the work of Eug ne Grasset Pierre Bonnard Henri Matisse and other painters composers also invested their creative energies in re imagining ornament relying on a variety of decorative techniques to emphasize what was new and unprecedented in their treatment of form meter rhythm melody and texture Furthermore abundant displays of ornament in their music served to privilege associations that had been previously condemned in Western philosophy such as femininity sensuality exoticism mystery and fantasy Alongside specific visual examples author Gurminder Kaur Bhogal offers analyses of piano pieces orchestral music chamber works and compositions written for the Ballets Russes to highlight the disorienting effect of musical experiments with ornament Acknowledging the willingness of listeners to borrow vocabulary from the visual arts when describing decorative music Bhogal probes the formation of art music metaphors and studies the cognitive impetus behind tendencies to posit stylistic parallels She further illustrates that the rising expressive status of ornament in music and art had broad social

and cultural implications as evidenced by its widespread involvement in debates on French identity style aesthetics and progress Drawing on a range of recent scholarship in the humanities at large including studies in feminist theory nationalism and orientalism Details of Consequence is an intensely interdisciplinary look at an important facet of fin de si cle French music **The Publishers Weekly** ,1981 **Choice** ,1983 **The American Scholar** William Allison Shimer,1982

The Grotesque in Art and Literature James Luther Adams,Wilson Yates,1997 The authors focus on the religious and theological significance of grotesque imagery in art and literature exploring the religious meaning of the grotesque and its importance as a subject for theological inquiry **American Book Publishing Record** ,1982-04 **Nineteenth-century French Studies** ,1994 *Art Books* ,1950 Including an international directory of museum permanent collection catalogs **Art Books 1980-1984** R.R.
