The Killoff:

The Kill Off Marcus Chong, 2019-04-16 The book that is rocking the film industry Marcus Chong Matrix star Tank the Operator from the hit film reveals the corruption behind making the motion picture When the Killing's Done T.C. Boyle, 2012-03-01 The island of Anacapa off the coast of California is overrun with black rats which are threatening the ancient population of ground nesting birds Alma Boyd Takesue of the National Park Service is campaigning to exterminate them once and for all but her systematic plan is in danger of sabotage by two notorious environmental activists Anise Reed and Dave LaJoy But when Alma's sights turn to the infestation of non native pigs on the island of Santa Cruz where Anise was brought up by her rancher mother the stakes are raised and the debate threatens to boil over into something much more real

The Killing of Lord George Karl Shaw, 2022-09-01 A riveting read a dark story of murder and deceit with verve and insight John Woolf author of *The Wonders* THE LIFE AND DEATH OF A 19TH CENTURY CIRCUS LEGEND On 28 November 1911 a retired showman died violently at his home in North London Known to the world as Lord George Sanger he was once the biggest name in show business and was venerated as a national institution The death of Britain's wealthiest showman read like a popular crime thriller a merciless killer a famous victim sensational media headlines a desperate manhunt laced with police incompetencies and a dramatic denouement few could have anticipated But for over a century questions have persisted about the murder Weaving in the story of George's rise to fame and the history of Britain's entertainment industry *The Killing of Lord George* uses previously unpublished archive material to reconstruct the events leading up to the death and reveal the true story behind the brutal crime that shocked Edwardian England **The Killing Machine** Terry

Persun, 2022-03-15 The next installment in award winning author Terry Persun's *The Ten Mystery Series* THE KILLING MACHINE follows the cyber detective and scientist known as Ten He is assigned to work on a top secret project for the government that is abruptly and mysteriously terminated In a tragic twist of events Ten learns that the agency he was working for is the very same government faction that ordered his wife to be killed and is now hunting him down as well It comes to light that six other brilliant scientists are also in the crosshairs On a life or death mission to uncover the government's deadly motives and seek revenge for the brutal murder of his beloved wife Ten discovers that the top secret application that he was working on has the potential to kill millions of people THE KILLING MACHINE is the story of Ten's fight to stop this deadly project and exact revenge on those who destroyed his life **The Killing Trap** Manus I.

Midlarsky, 2005-10-20 *The Killing Trap* offers a comparative analysis of the genocides politicides and ethnic cleansings of the twentieth century which are estimated to have cost upwards of forty million lives The book seeks to understand both the occurrence and magnitude of genocide based on the conviction that such comparative analysis may contribute towards prevention of genocide in the future Manus Midlarsky compares socio economic circumstances and international contexts and includes in his analysis the Jews of Europe Armenians in the Ottoman Empire Tutsi in Rwanda black Africans in Darfur

Cambodians Bosnians and the victims of conflict in Ireland The occurrence of genocide is explained by means of a framework that gives equal emphasis to the non occurrence of genocide a critical element not found in other comparisons and victims are given a prominence equal to that of perpetrators in understanding the magnitude of genocide **The Killing Age** Clifton Crais,2025-11-14 A bracing account of how our current planetary crisis emerged from the worst cataclysmic destruction in human history which Clifton Crais terms the Mortecene the killing age We are used to speaking of the Anthropocene and the outsized impact humans have had on the planet But we sometimes lose sight of a fundamental truth at the heart of modern world history the legacy of human predation slavery and imperialism that has devastated the natural world and led us to our present moment As historian Clifton Crais shows in this magisterial work the period that we most associate with human progress which gave us the Enlightenment the rise of democracies the Industrial Revolution and more was at the same time catastrophically destructive In this bracing landmark book Crais urges us to view the growth of global capitalism between 1750 and the early 1900s not as the Anthropocene but as the Mortecene the Killing Age Killing brought the world together and tore it apart as profiteering warlords committed mass scale slaughter of humans and animals across Africa Asia and the Americas The newfound ease and profitability of killing created a disturbing network of global connections and economies eliminating tens of millions of people and sparking an environmental crisis that remains the most urgent catastrophe facing the world today Drawing on years of scholarship and marshaling myriad sources across world history The Killing Age turns our vision of past and present on its head illuminating the Mortecene in all its horror how it shaped who we are what we value and fear and the precarious present we inhabit today **The Killing Hour** Lisa Gardner,2003 A serial killer kills by twos then stops for years and now he s started again International Moratorium of Ten Years on the Killing of All Species of Whales United States. Congress. House. Committee on Foreign Affairs.
