**The Kingis Quair of James Stewart** Jakab "I=1" (Anglia: király),1973      **The Kingis Quair of James Stewart** James I (King of Scotland),1973      **The Kingis Quair and Other Prison Poems** Mary-Jo Arn,Linne R Mooney,2005-05-01

Readers have noticed that the fifteenth century saw a remarkable flourishing of poems written in conditions of physical captivity or on the subject of imprisonment The largest body of this poetry is from the pen of Charles of Valois duke of Orleans who was captured by the English at the battle of Agincourt in 1415 and not released until 1440 The longest single poem on the subject is James I of Scotland s *The Kingis Quair* purportedly written at the time of his release from an eighteen year imprisonment in England This volume reflects the wide scope of these prison poems by bringing together a new edition of *The Kingis Quair* a selection from Charles d Orleans *Fortunes Stabilnes* a poem by George Ashby who was imprisoned in London s Fleet prison and the poems of two other poets both anonymous who wrote about physical and or emotional imprisonment      *The Kingis Quair and The Quare of Jelusy* James I (King of Scotland),1910      **The Lily and the Thistle** William Calin,2014-01-01 In *The Lily and the Thistle* William Calin argues for a reconsideration of the French impact on medieval and renaissance Scottish literature Calin proposes that much of traditional medieval and early modern Scottish culture thought to be native to Scotland or primarily from England is in fact strikingly international and European By situating Scottish works in a broad intertextual context Calin reveals which French genres and modes were most popular in Scotland and why *The Lily and the Thistle* provides appraisals of medieval narrative texts in the high courtly mode equivalent to the French *dits amoureux* comic didactic and satirical texts and Scots romance Special attention is accorded to texts composed originally in French such as the Arthurian *Roman de Fergus* as well as to the lyrics of Mary Queen of Scots and little known writers from the French and Scottish canons By considering both medieval and renaissance works Calin is able to observe shifts in taste and French influence over the centuries      Remembering Boethius Elizabeth Elliott,2016-03-23 *Remembering Boethius* explores the rich intersection between the reception of Boethius and the literary construction of aristocratic identity focusing on a body of late medieval vernacular literature that draws on the *Consolation of Philosophy* to represent and reimagine contemporary experiences of exile and imprisonment Elizabeth Elliott presents new interpretations of English French and Scottish texts including Machaut s *Confort d ami Remede de Fortune* and *Fonteinne amoureuse* Jean Froissart s *Prison amoureuse* Thomas Usk s *Testament of Love* and *The Kingis Quair* reading these texts as sources contributing to the development of the reader s moral character These writers evoke Boethius in order to articulate and shape personal identities for public consumption and Elliott s careful examination demonstrates that these texts often write not one life but two depicting the relationship between poet and aristocratic patron These works associate the reception of wisdom with the cultivation of memory and in turn illuminate the contemporary reception of the *Consolation* as a text that

itself focuses on memory and describes a visionary process of education that takes place within Boethius's own mind. In asking how and why writers remember Boethius in the Middle Ages, this book sheds new light on how medieval people imagined and reimagined themselves. "*Joyous Sweit Imaginatioun*", 2007-01-01. This volume gathers together essays on Scottish literature diverse in historical period, mode and form, in honour of Professor R. D. S. Jack, Professor Emeritus of English Literature at the University of Edinburgh. Chronologically, the collection sweeps from the early middle ages to the early twentieth century, from Robert Henryson to J. M. Barrie, conveying a sense of the shifting and subtle identities and continuities of Scottish literary traditions across the centuries and opening up through a distinctive and unusual range of writers and texts unfamiliar aesthetic, cultural and linguistic landscapes. Unusual and wide-ranging in subject and scope, the volume explores Scottish medieval romance and allegory, Renaissance court performance, early modern travel writing, seventeenth-century poetry, Sir Thomas Urquhart's universal language theory, Scottish Romanticism, Burns and Barrie. Shared threads of interest run through the collection: a questioning of the canonical, attentiveness to questions of language, rhetoric and form, and a commitment to uncovering the dynamic interaction between European and Scottish traditions. Collectively, the volume charts a new series of imaginative cross-currents across historical periods and literary modes, attesting the importance of and necessity for a critical vision of Scottish literature which is pluralistic, comparative and sensitive to form, mode and rhetoric.

Remembering Boethius, Dr Elizabeth Elliott, 2013-01-28. *Remembering Boethius* explores the rich intersection between the reception of Boethius and the literary construction of aristocratic identity, focusing on a body of late medieval vernacular literature that draws on the *Consolation of Philosophy* to represent and reimagine contemporary experiences of exile and imprisonment. Elizabeth Elliott presents new interpretations of English, French and Scottish texts, including Machaut's *Confort d'ami*, *Remede de Fortune* and *Fonteinne amoureuse*, Jean Froissart's *Prison amoureuse*, Thomas Usk's *Testament of Love* and *The Kingis Quair*, reading these texts as sources contributing to the development of the reader's moral character. These writers evoke Boethius in order to articulate and shape personal identities for public consumption, and Elliott's careful examination demonstrates that these texts often write not one life but two, depicting the relationship between poet and aristocratic patron. These works associate the reception of wisdom with the cultivation of memory, and in turn illuminate the contemporary reception of the *Consolation* as a text that itself focuses on memory and describes a visionary process of education that takes place within Boethius's own mind. In asking how and why writers remember Boethius in the Middle Ages, this book sheds new light on how medieval people imagined and reimagined themselves.
