Understanding Iris Murdoch Cheryl Browning Bove, 1993 Describes Murdoch as preoccupied with love art the possibility difficulty of doing good avoiding evil *Iris Murdoch and Harry Weinberger* Rebecca Moden, 2023-03-03 The novelist and philosopher Iris Murdoch and the painter Harry Weinberger engaged in over twenty years of close friendship and intellectual discourse centred on sustained discussion of the practice teaching and morality of art This book presents a reappraisal of Murdoch s novels chiefly three mature novels The Sea The Sea 1978 Nuns and Soldiers 1980 and The Good Apprentice 1985 and two enigmatic late novels The Green Knight 1993 and Jackson s Dilemma 1995 which are perceived through the prism of her discourse with Weinberger It draws on a run of almost 400 letters from Murdoch to Weinberger and on Murdoch s philosophical writings Weinberger s private writings the remarks of both artists in interviews and other material relating to their views on art and art history much of which is unpublished and has received no previous critical attention Scrutiny of their shared values methods and the imagistic dialogue that takes place in their art provides original perspectives on Murdoch s creativity and new ways of understanding her experimentation with the visual arts This book offers a new line of enquiry into Murdoch s novels and into the relationship between literature and the visual arts

**Iris Murdoch and Remorse** Frances White, 2023-11-24 This exploration of the crucially important role played by remorse in Iris Murdoch s philosophical theological and political thinking identifies it as a critical concept in her moral psychology and a recurrent theme in her art Through engagement with Simone Weil current theories of remorse trauma

theory and Holocaust studies it offers fresh perspectives on Murdoch's fiction particularly the late novels her radio play *The One Alone* and her monograph *Heidegger* Iris Murdoch, *Philosopher Meets Novelist* Sofia de Melo Araújo, Fátima Vieira, 2011-05-25 Iris Murdoch *Philosopher Meets Novelist* aims to gather some of the world's present experts on Iris Murdoch in an effort to promote dialogue between philosophy and literature This is due not only to the nature of Iris Murdoch's work itself but also to our belief that within Humanistic Studies there is a constant need for breaking down disciplinary barriers and reaching a deeper fuller awareness of human thinking Thus the book brings together scholars from a variety of fields and places Brazil England Iran Ireland Italy Portugal Spain Turkey Taiwan and the United States and testifies to the interest that the work of Murdoch continues to inspire The book is divided into two major sections Part A *Reading Philosophies in Literature* includes articles focusing on Iris Murdoch's philosophical concerns and their general influence in her work Part B *Reading Literature through Philosophy* is intended as a sort of application ground a series of case studies wherein authors depart from novels to retrieve the underlying philosophical thinking Remorse and Reparation Murray Cox, 1999 Remorse or rather the lack of it frequently features in banner headlines But there is little systematic study of this important inter disciplinary topic whose relevance has extensive social ramifications The complex relationship between remorse shame guilt and attempts at reparation are discussed in this authoritative work **Printing Trade News**, 1911 Iris Murdoch and *Morality* Anne Rowe, 2015-12-04 Iris Murdoch and *Morality* provides a close focus on moral issues in Murdoch's novels philosophy and theology It situates Murdoch within current theoretical debates and develops an understanding of her work as a crucial link between twentieth and twenty first century writing and theory

traced through close readings of Murdoch's published fiction and philosophy in combination with unpublished texts including annotations interviews and letters Murdoch's detailed and nuanced portrayal of evil invites readers to explore the complexities of human behaviour and the potential for moral failure

**Iris Murdoch** Hilda D. Spear, 2006-10-23 Iris Murdoch produced twenty six novels in forty years The last of these Jackson's Dilemma was published in 1995 four years before her death Murdoch's interest in moral problems inclined her towards what could be seen as an unusual view of human character and human life leading her to create bizarre situations and offer unsettling solutions which frequently challenge and intrigue the reader This essential introduction to one of Britain's best known writers guides the reader through the full range of Murdoch's fictional output tracing basic patterns which run throughout Murdoch's work and showing how the novels help to elucidate one another The revised updated and expanded new edition takes into account certain details which have emerged following Murdoch's death in 1999 incorporates the latest scholarship and offers fuller treatment of a number of novels The second edition also gives more weight to the development of the moral discourse which is predominant in Murdoch's work From the mid sixties onwards Murdoch was intensely concerned with the problems of Good and Evil in a godless world In the later novels particularly those of the eighties and nineties she posited the possibility of mystic personalities who influence others from a position beyond the normal parameters of our world Hilda D Spear examines these mystic and mysterious fictions in the later chapters of her study and argues that Jackson's Dilemma should be viewed as Murdoch's unfinished novel

**Freedom and Limit** P. Fiddes, 1991-11-25 If imagination is understood to be a human response to the self revelation of God what practical results might this have for the work both of literary criticism and theology Both theologians and creative writers find human existence to be characterised by basic tension between freedom and limit which accounts for a sense of fallenness and which a dialogue between literature and Christian doctrine can do much to illuminate Such a dialogue is worked out in studies of the poetry of William Blake and Gerard Manley Hopkins and the novels of D H Lawrence Iris Murdoch and William Golding

**London After Recession** Iain MacRury, 2016-05-06 The City has long been the main generator of London's wealth and needless to say the impact of the Economic Crisis in the recent years on the City has greatly affected the wider urban and surrounding region not to say country as a whole This book examines the impact of the recession and discusses London's future trajectory as an entrepreneurial city and capital of the United Kingdom While recognising the enduring capacity of London to reinvent itself from being the centre of a vast Empire to becoming a global centre for financial and business services contributors evaluate different dimensions of the city's current and future development through analyses derived from sociological economic cultural and urban studies perspectives
