*The Government of Manitoba* Murray S. Donnelly, 1963-12-15 This contribution to the Canadian Government series continues the study of provincial government made with varying approaches by Frank MacKinnon for Prince Edward Island Murray Beck for Nova Scotia and Hugh Thorburn for New Brunswick Professor Donnelly describes the political institutions of Manitoba viewing them also in historical perspective and singling out the particular forces that have shaped them He traces the development of the party system in Canada its decline under the farmer dominated Progressive governments of the twenties and under the coalitions that followed and its resurgence under the Conservative government of Premier Roblin Canadian Government Series No 14

Manitoba Politics and Government Paul Thomas, Curtis Brown, 2010-09-01 Manitoba has always been a province in the middle geographically economically and culturally Lacking Quebec s cultural distinctiveness Ontario s traditional economic dominance or Alberta s combustible mix of prairie populism and oil wealth Manitoba appears to blend into the background of the Canadian family portrait But Manitoba has a distinct political culture one that has been overlooked in contemporary political studies Manitoba Politics and Government brings together the work of political scientists historians sociologists economists public servants and journalists to present a comprehensive analysis of the province s political life and its careful mutual fund model approach to economic and social policy that mirrors the steady and cautious nature of its citizens Moving beyond the Legislature the authors address contemporary social issues like poverty environmental stewardship gender equality health care and the province s growing Aboriginal population to reveal the evolution of public policy in the province They also examine the province s role at the intergovernmental and international level Manitoba Politics and Government is a rich and fascinating account of a province that strives for the centre for the delicate middle ground where individualism and collectivism overlap and where a multitude of different cultures and traditions create a highly balanced society
