Hearings on S. 1958: Hearings on H. R. 6288 [Labor disputes act]: Hearings before House Committee on Labor, 74th Cong., 1st sess. p. 1617-3305 United States. National Labor Relations Board,1935 **National Labor Relations Board**

United States. Congress. Senate. Committee on Education and Labor,1935 **Hinduism and Christianity** Panikkar, Raimon,2019-06-26 The latest volume in the complete works of the internationally renowned philosopher of religion Raimon Panikkar *The Chan's Great Continent: China in Western Minds* Jonathan D. Spence,1999-10-17 Like everything else written by Jonathan Spence *The Chan's Great Continent* is an absolute must read for anyone interested in China Spence is one of the greatest Sinologists of our time and his work is both authoritative and highly readable Los Angeles Times Book Review China has transfixed the West since the earliest contacts between these civilizations With his characteristic elegance and insight Jonathan Spence explores how the West has understood China over seven centuries Ranging from Marco Polo's own depiction of China and the mighty Khan Kublai in the 1270s to the China sightings of three twentieth century writers of acknowledged genius Kafka Borges and Calvino Spence conveys Western thought on China through a remarkable array of expression Peopling Spence's account are Iberian adventurers Enlightenment thinkers spinners of the dreamy cult of Chinoiserie and American observers such as Bret Harte Mark Twain Ezra Pound and Eugene O'Neill Taken together these China sightings tell us as much about the self image of the West as about China Wonderful Spence brilliantly demonstrates how generation after generation of Westerners have asked themselves What is it that held this astonishing diverse and immensely populous land together New York Times Book Review *Schools and Religion* United States Commission on Civil Rights,2000 **Aporias of Translation** Elias Schwieler,2022-06-06 This book proposes a new way for scholars in for example Education Literary Studies and Philosophy to approach texts and other phenomena through the concept and practice of translation Its interdisciplinary perspective makes the book of value for graduate students and scholars in the Humanities and Social Sciences The unique take on translation as related to the notion of aporia is applied to a number of seminal and classical texts within literature poetry and philosophy which gives the reader new understandings of the workings of language and what happens within and between languages as well as within and between disciplines when some form of interpretation or analysis is at work Importantly the book develops the notion of aporias of translation as a way to learn and develop our understanding of texts and phenomena and thus functions as a pedagogical process which helps us come to terms with the boundaries of language and academic disciplines Divine Election Gerrit Cornelis Berkouwer,1960 A discussion of election in a perspective and spirit that will be quite novel to most theologians and ministers The author contends that election can be understood only within faith and within a spirit of doxology for election takes place in Christ Hence election must be understood and employed in terms of the Gospel He then repudiates theological usage which

employs election and reprobation as a principle of interpretation for theology with the usual consequence of deducing from this truth a nice logical system of theology Another powerful feature of this book is its criticism of the conception of the sovereignty of God and then makes it into a mere principle of naked absolute power and ethically neutral principle of brute force Book jacket **Hearings** United States. Congress Senate,1957 *Hearings* United States. Congress. Senate. Committee on Appropriations,1958 ... S. 938 ... *Roanoke, Va., June 25, 1973* United States. Congress. Senate. Committee on Interior and Insular Affairs. Subcommittee on Public Lands,1973 **Eastern Wilderness Areas** United States. Congress. Senate. Committee on Interior and Insular Affairs. Subcommittee on Public Lands,1973 **The Shifting Point** Peter Brook,2017-09-21 Hailed as the theatrical event of this century Sunday Times Peter Brook s unique dramatisation of India s great epic poem The Mahabharata played to ecstatic audiences worldwide In *The Shifting Point* his first book since *The Empty Space* Brook assesses the lessons of his pioneering work from his brilliant debut at Stratford and the West End in the 1960s to the triumphant success of *The Mahabharata* With the bravura and insight of a great practitioner and explorer he reveals some of the inspiration behind his extraordinary career The great thing about Brook is that in a medium where others provide answers he keeps asking questions This sage and stimulating book shows that inside a sophisticated adult mind lurks the intemperate curiosity of a child which is the mark of genius Michael Billington Listener Commerce ,1919 **The Bloomsbury Anthology of Aesthetics** Joseph J. Tanke,Colin McQuillan,2012-08-02 Drawing from ancient medieval modern and contemporary sources this textbook offers a comprehensive and systematic historical overview of aesthetic theory

Luminescence, Volume 2 C. K. Barrett,Fred Barrett,2017-08-09 What is found in this series unveils an entirely different side of C K Barrett a side one might never have known about if one had knowledge only of his famous commentaries and monographs Herein lies a goodly selection of Kingsley s sermons preached largely in small and medium sized Methodist churches in the Northeast of England though often elsewhere in England and around the world Fred Barrett was not the scholar his son was but on close inspection one can most definitely see the impact of the father on the son when it came to preaching It seems right to include as many sermons from both of these men as we can in this series One thing sorely lacking in much preaching these days is in depth engagement with both the biblical text and one s tradition and theology The sermons in these volumes demonstrate what such preaching can look like While the first volume presented sermons on the Gospels and Acts this second volume covers the rest of the New Testament and extensive portions of the Old Testament

philosopher Rudolf Steiner Stein met his spiritual teacher whilst studying at Vienna University After serving in the First World War Stein was invited by Rudolf Steiner to teach History and Literature at the fledgling Waldorf school in Stuttgart despite the fact that Stein s doctorate was in Philosophy and his training in Mathematics and Physics Through his efforts to master the new disciplines and with the aid of unconventional methods of research Stein developed groundbreaking new insights into the story of Parzival and the mystery of the Holy Grail which led to his seminal book The Ninth Century and the Holy Grail Tautz describes Stein s close friendship with Eugen Kolisko his struggles to help establish the threefold social order his work as a Goetheanum lecturer and his eventual estrangement from the Anthroposophical Society following Rudolf Steiner s death After journeys of discovery across Europe Stein landed in London in 1933 a refugee from the Nazi aggression in Central Europe where he met his mentor D N Dunlop Dunlop employed him to help establish the first World Power Conference Based in England for the last 24 years of his life Stein became a prolific and popular lecturer and the editor of the important anthroposophical journal The Present Age Long out of print the new edition of this important work is a welcome addition to the growing number of biographies on the founders of anthroposophy **Departments of State, Justice, and Commerce, the Judiciary, and Related Agencies Appropriations for ...** United States.
