Religions of China Daniel E.

Overmyer,1998-03-10 The guiding themes of Chinese religion as it is actually lived This short work explains basic ideas and practices of Chinese religions in direct and simple language with many examples and analogies for increased understanding Its basic assumption is that religion is best understood as an aspect of everyday lifeas something that makes sense to those who practice iteven if outsiders might be puzzled at first While Overmyers treatment focuses on traditional China before the twentieth century many of the beliefs and practices described are still alive at least in some Chinese communities While the basic concern of this book is first to understand Chinese religions in their own right it takes the additional step of exploring what modern students might learn from them

McQuillen,George Jacob Ziegler,James William White,Edward Cameron Kirk,Lovick Pierce Anthony,1914 The Mandate of Heaven S J Marshall,S. J. Marshall,2015-12-14 The Mandate of Heaven was originally given to King Wen in the 11th century BC King Wen is credited with founding the Zhou dynasty after he received the Mandate from Heaven to attack and overthrow the Shang dynasty King Wen is also credited with creating the ancient oracle known as the Yijing or Book of Changes This book validates King Wen s association with the Changes It uncovers in the Changes a record of a total solar eclipse that was witnessed at King Wen s capital of Feng by his son King Wu shortly after King Wen had died before he had a chance to launch the full invasion The sense of this eclipse as an actual event has been overlooked for three millennia It provides an account of the events surrounding the conquest of the Shang and founding of the Zhou dynasty that has never been told It shows how the earliest layer of the Book of Changes the Zhouyi has preserved a hidden history of the Conquest
