The Kleber Flight Hans Koning, 2006 A novel about a man's search into his lover's past which leads him to confront the threat of nuclear war
The Ten Thousand Things Maria Dermout, 2014-11-25 Set between Holland and a remote Indonesian island this intimate magical realism novel offers an offbeat narrative that has the timeless tone of a legend Time Dermout's sentences came at me like a soft knowing dagger depicting a far off land that felt to me like the blood of all the places I used to love Cheryl Strayed author of *Wild* *The Ten Thousand Things* is at once novel of shimmering strangeness and familiarity It is the story of Felicia who returns with her baby son from Holland to the Spice Islands of Indonesia to the house and garden that were her birthplace over which her powerful grandmother still presides There Felicia finds herself wedded to an uncanny and dangerous world full of mystery and violence where objects tell tales the dead come and go and the past is as potent as the present First published in Holland in 1955 Maria Dermout's novel was immediately recognized as a magical work like nothing else Dutch or European literature had seen before *The Ten Thousand Things* is an entranced vision of a far off place that is as convincingly real and intimate as it is exotic a book that is at once a lament and an ecstatic ode to nature and life

Le vol Kléber Hans Koning, 1996 *The Struggle for Madrid* Robert Garland Colodny, 2009-11-01 *The Struggle for Madrid* is a study of the battles that were waged between the armies of the Spanish Republic and the armies of General

Francisco Franco for the city of Madrid It was this struggle beginning with the collapse of Republican arms at Toledo in September 1936 and ending with the victory of the Madrid armies at Guadalajara in March 1937 that determined the duration and characteristics of the rest of the conflict It was the central episode of the Spanish War Due to international intervention the Spanish struggle lost its purely national character and became at once a civil war of a profoundly Spanish type a war of independence waged by a section of the Spanish people against German Italian and Moroccan armies and a clash of supra national ideologies that aroused the deepest passions of peoples far removed from the immediate Spanish interests at stake Although the passions aroused by the war distort contemporary accounts of the fighting the totalities of these obstacles present no insurmountable barrier to a preliminary investigation of the Madrid battles Such a study is best undertaken while many of the principal actors in the Madrid tragedy still live If truth has been affronted the witnesses may yet speak and from the debate margin of error will be reduced Robert Colodny's groundbreaking cross of military history and political ambitions helps reduce the gap between fiction and fact
