The Knights Templar:

The Knights Templar Stephen Howarth,1982 The age of the Crusades encompassed the rise and fall of a singular Order of fighting men equally devoted to God war and the defense of Palestine After the Crusades the Templars obeyed no one except the Pope and acquired land and castles by gift conquest and purchase becoming a church within the Church They were bankers merchants diplomats and tax gatherers and though they themselves were poor the wealth of their Order was legendary As the nation states arose the Templars were accused of heresy treachery sodomy usury blasphemy and idolatry The author assesses the faults and fine qualities of the brotherhood examining the reasons for its initial allure and eventual ignominious obliteration

The History of the Knights Templar Charles Addison,2018-06-21 A richly detailed sometimes challenging work Charles Addison s *The History of the Knights Templar* traces the rise and fall of this legendary religious military organization Addison was an official member of the Templar Inner Table when he composed his definitive study This newly edited 2018 edition from The Templar Press updates some of Addison s more archaic wording into modern English

Secrets of the Knights Templar Susie Hodge,2013-12-03 *Secrets of the Knights Templar* is the compelling chronicle of the warrior monks and their fight to defend the Catholic faith and of their participation in the efforts to vie for control of the Holy Land with the Muslim armies of Kurdish military genius Saladin and his successors Informally organized in 1119 to protect pilgrims on their journeys to visit the Holy Land and officially sanctioned by the Catholic Church in 1129 the medieval Knights Templar grew into an elite fighting force that played a central role in the battles of the Crusades They were highly trained well equipped and unafraid to take up the sword to defend the church at the limits of western civilization Though Templar was initially celebrated for their military acumen and acts of bravery the once celebrated order was eventually dismantled in disgrace accused of political crimes as well as crimes against the faith With its concise authoritative and accessible narrative amplified by extensive citations from contemporary sources and accompanied by generously captioned and stunning images of the period *Secrets of the Knights Templar* brings a distant era of history dramatically and vividly to life It is the perfect gift for anyone with a love of medieval religious or military history From the Hardcover edition

The History of the Knights Templars Charles G. Addison,2023-12-27 The history of the Knights Templars is a remarkable story of triumphs and defeats marked with controversies and tragedy From their rise to their demise Charles G Addison captivantly chronicles the various characters that played a role in shaping this powerful military order that reigned for almost two centuries during the Middle Ages Having examined scores of documents and texts and traveled to many of the ruined fortresses and castles of the order Addison was an expert on the Templars history He insightfully details their plight in this volume first published in 1842 Starting with the origins of the brotherhood the foundations and ideals of the order and their chosen symbol of the red cross the author explains their role in protecting pilgrims traveling to the Holy Land their feats during the Crusades the relationships they held with various kings and church leaders their contributions to protecting
