Psalms/Lamentations/Song of Songs Christopher R. Smith, 2011-07-20 A Bible Study guide explaining the different kinds of songs written in ancient times and how many of them have become part of the Bible

LAMENTATION OF A REVIVALIST BOLA AGBOOLA, 2024-06-09 The cry for revival is the outward expression of an inward desire to salvage the present church from further spiritual decay To further compound this problem many churches organize programmes inviting speakers to come for some period after which when they go the church membership gradually returns to their former state of spiritual desolation

Sound Souvenirs Karin Bijsterveld, José van Dijck, 2009 In recent decades the importance of sound for remembering the past and for creating a sense of belonging has been increasingly acknowledged We keep sound souvenirs such as cassette tapes and long play albums in our attics because we want to be able to recreate the music and everyday sounds we once cherished Artists and ordinary listeners deploy the newest digital audio technologies to recycle past sounds into present tunes Sound and memory are inextricably intertwined not just through the commercially exploited nostalgia on oldies radio stations but through the exchange of valued songs by means of pristine recordings and cultural practices such as collecting archiving and listing This book explores several types of cultural practices involving the remembrance and restoration of past sounds At the same time it theorizes the cultural meaning of collecting recycling reciting and remembering sound and music

Media, Materiality and Memory Elodie A. Roy, 2016-03-09 Media Materiality and Memory Grounding the Groove examines the entwinement of material music objects technology and memory in relation to a range of independent record labels including Sarah Records Ghost Box and

Finders Keepers Moving from Edison's phonograph to digital music files from record collections to online archives Roy argues that materiality plays a crucial role in constructing and understanding the territory of recorded sound How do musical objects write cultural narratives How can we unearth and reactivate past histories by looking at yesterday's media formats What is the nature and fate of the physical archive in an increasingly dematerialized world In what ways do physical and digital musical objects coexist and intersect With its innovative theoretical approach the book explores the implications of materialization in the fashioning of a musical world and its cultural transmission A substantial contribution to the field of music and material culture studies *Media Materiality and Memory* also provides a nuanced and timely reflection on nostalgia and forgetting in the digital age *The Mix*, 1997 **MP3** Jonathan Sterne, 2012-07-17 Jonathan Sterne shows that understanding the historical meaning of the MP3 the world's most common format for recorded audio involves rethinking the place of digital technologies in the broader universe of twentieth century communication history *Billboard*, 2001-04-21 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Handbook of Emerging Communications Technologies** Rafael Osso, 2018-10-08 Communication technologies change the way we live our lives the ways we communicate and share information the news and our entertainment The new millennium promises to bring some of the most volatile activity in the history of communications as we continue to be bombarded by new standards and technologies The near frenzy of corporate mergers and acquisitions accelerates technological development and can provide hints of what is to come With the rapid appearance of new protocols standards and tools it becomes increasingly difficult and increasingly important for communications professionals to remain up to date on new and emerging technologies The Handbook of Emerging Communications Technologies The Next Decade fills this gap Until now information on many of its topics such as Multiprotocol over ATM IP Multicasting and RSVP existed only as fragmented articles on the Internet or as complex feature specifications In this landmark volume 18 leading authorities each tackle one of the cutting edge technologies destined to shape the future Each chapter Describes a technology and any standards on which it is based Discusses its impact on the communications field Forecasts its future direction Developed primarily for telecommunications specialists network managers developers and analysts the Handbook of Emerging Communications Technologies The Next Decade offers the opportunity to acquire a deeper understanding of future technologies necessary to remaining current and serves as a valuable reference guide for corporate executives planners and information managers anyone seeking general knowledge about where the communications industry is heading Sound Kathryn Kalinak, 2015-05-01 Sound has always been an integral component of the moviegoing experience Even during the so called silent era motion pictures were regularly accompanied by live music lectures and sound effects Today whether we listen to movies in booming Dolby theaters or on

tiny laptop speakers sonic elements hold our attention and guide our emotional responses Yet few of us are fully aware of the tremendous collaborative work involving both artistry and technical wizardry required to create that cinematic soundscape Sound the latest book in the Behind the Silver Screen series introduces key concepts seminal moments and pivotal figures in the development of cinematic sound Each of the book s six chapters cover a different era in the history of Hollywood from silent films to the digital age and each is written by an expert in that period Together the book s contributors are able to explore a remarkable range of past and present film industry practices from the hiring of elocution coaches to the marketing of soundtrack records Not only does the collection highlight the achievements of renowned sound designers and film composers like Ben Burtt and John Williams it also honors the unsung workers whose inventions artistry and performances have shaped the soundscapes of many notable movies After you read Sound you ll never see or hear movies in quite the same way Sound is a volume in the Behind the Silver Screen series other titles in the series include Acting Animation Art Direction and Production Design Cinematography Costume Makeup and Hair Directing Editing and Special Visual Effects Producing and Screenwriting
