Written by Graham Johnson, celebrated accompanist, author and the first pianist ever to record all of Schubert's songs and part songs, this sumptuous work is a must for performers, scholars and all lovers of Schubert lieder. **Battle For Hong Kong** Oliver Lindsay,2016-09-14 In this remarkable study of the Far Eastern War, Oliver Lindsay and John R Harris have provided the most thorough and searching enquiry into the debacle which led to over 12,000 British, Canadian, Indian and Chinese defenders surrendering Hong Kong on Christmas Day 1941. The authors have made use of a mass of unpublished material, part of it drawn from the original war diaries which have never before been in the public domain. Although it is over 60 years since Hong Kong was liberated from the Japanese, numerous important questions regarding the war in the East and occupation of the Colony from 1941 to 1945 have not been explored until now. To what extent, for example, were Churchill and the successive Chiefs of the Imperial General Staff responsible for abandoning this outpost which could not be reinforced when attacked or defended adequately? Is it true that fine leadership prolonged the fighting, inflicting serious casualties on the highly experienced Japanese when they struck in 1941? How useful was Britain's spying organization in China which led to catastrophic repercussions for the POWs and Internees? What form did the Japanese atrocities take upon the helpless captives? This detailed and authoritative account of the campaign will provide a particularly compelling read for those interested in the Second World War or the history of the Far East. **Library of Congress Catalog** Library of Congress,1965 A cumulative list of works represented by Library of Congress printed cards. **Anti-pope** John Rogers (of St. John's College, Cambridge.),1841 **Anti-pope** John Rogers,1840 **Memoirs of Marie Therese Miller-Degenfeld** Marie Therese Miller-Degenfeld,2006-12-20 Born Countess Marie Therese von Degenfeld-Schonburg, growing up as the beloved only daughter of a mother and aunt in one of the most beautiful castles in Bavaria, Neubeuern. Maria throws aside the protocols and expectations of the German aristocracy to marry an American diplomat. Born in 1908 and dying in 2005, Maria's life spanned the 20th century, two world wars and encompassed life on four continents. Her eclectic education included personal correspondence and instruction from poet Hugo von Hofmannstahl, instilling an ability to write openly and frankly whatever was on her heart. Her experiences with the major events of her century, her philosophy and views on volunteer service, the church and other issues make this book an unusual picture of a 20th century life. **The Merrill Studies in The Sound and the Fury** James B. Meriwether,1970 **Meriwether Lewis** Thomas C. Danisi, John C. Jackson,2024-04-23 The definitive biography on Meriwether Lewis by Thomas C. Danisi and John C. Jackson, now in paperback for the first time. October 11, 2009 marks the bicentennial of Meriwether Lewis's death. As the leader of the Lewis and Clark expedition, an epic exploration of uncharted

territory west of the Mississippi Lewis has been the subject of several biographies yet much of the published information is unreliable A number of myths surrounding his life and death persist Now independent scholars Thomas C Danisi and John C Jackson have written this definitive biography based on twelve years of meticulous research They have re examined the original Lewis and Clark documents and searched through obscure and overlooked sources to reveal a wealth of fascinating new information on the enigmatic character and life of Meriwether Lewis Instead of focusing on the Lewis and Clark expedition the authors concentrate on what Lewis was doing immediately before and after the journey through Western territory They assess his role as a natural scientist and as governor of the Louisiana Territory His lifelong mentor Thomas Jefferson thrust the latter role upon Lewis during a time of crisis As Danisi and Jackson reveal he would much rather have devoted this time compiling his notes and scientific findings into a vivid narrative of the expedition s adventures Finally using medical documentation the book reveals the actual cause of Lewis s untimely death The authors address both the conspiracy theories regarding murder as the cause of Lewis s death and the longstanding belief that he committed suicide The Meriwether Lewis that emerges from this thoroughly researched biography is a man of honorable intentions who met severe challenges and handled difficult confrontations with patience and diplomacy Both professional historians and armchair devotees of American history will want to add this important new work to their libraries
