Incursion Cliff Rhodes, 2015-11-13 This book relates a tale of terrorism and artificial intelligence which takes over the entire world creeping into all phases of U S economics political military and electronic communication Prevention is the best medicine and being farsighted gives warnings of premonitions and bad dreams of a possible dystopian future not just a projection for terrorist takeover To become aware of how it could be done is a must read for the espionage and CIA enthusiast and those who want to prevent electronic terrorism by changing the present Jacket *Identity Theft in Today's World* Megan McNally, 2011-11-16 This book accurately identifies the various forms of identity theft in simple easy to understand terms exposes exaggerated and erroneous information and explains how everyone can take action to protect themselves Identity theft is a classic crime with a modern and perhaps decidedly American twist The rise of technology over the past few decades and its influence on the processes of modernization and globalization has created many new opportunities for identity theft both locally and internationally Moreover this process has transformed the nature of identity from something largely personal to something almost purely financial Although identity theft is not a global crime per se it does pose a pervasive and universal threat that will need to be acknowledged and addressed by many nations throughout the world In this text author Megan McNally examines the concept of identity theft in universal terms in order to understand what it is how it is accomplished and what the nations of the world can do individually or collectively to prevent it or respond to it *Write It Off! Deduct It!* Bernard B. Kamoroff, 2015-01-12 Are you paying more taxes than you have to There are more than nineteen million home based businesses in the United States 56 percent of all businesses and they generate 102 billion in annual revenue As far as the IRS is concerned a home business is no different than any other business But there is a difference not only can you deduct the business expenses that every business is entitled to you can turn personal nondeductible expenses into tax deductible business expenses if you are careful to follow the rules No tax software or accountant knows the details of your home based business like you do and the IRS is certainly not going to tell you about a deduction you failed to take This invaluable book not only lists the individual items that are deductible in your home based business from utilities to that part of the home where you work but also explains where to list them on your income tax forms

**The Next One** Chris Schlittler, 2004 The Next One is a thriller about the never ending terrorist threat that plagues the world today The story is pure fantasy but could be front page news tomorrow **The Christian Entrepreneur** Michael R.
