SMALL UNIT LEADERSHIP

A Commonsense Approach

What does it take to get the job done? How do you get the men in your unit to do what you say? To follow you into battle and shoot to kill? How do you build the confidence that spurs men on to do their job, to stand by their leader and each other?

Malone, 2014-05-10 Required reading for all present and future leaders this classic is for those who have to get the job done military or not *Small Unit Leadership* Dandridge Mike Malone, 2003 **The Ballard Rules** Greg Ballard, 2016-11-28 Lots of people write leadership books but Greg Ballard had the confidence to put his own advice into practice personally This new edition is full of great counsel all road tested in one of the toughest leadership challenges our society has to offer Mitch Daniels former governor of the state of Indiana and president of Purdue University Greg Ballard has formulated a remarkable list of rules for successful leadership and demonstrated their validity with historic service as mayor of Indianapolis Richard G Lugar United States senator ret Greg Ballard was an extraordinary mayor He was an exceptional leader and served with humility passion creativity integrity inclusion and the highest possible aspiration for his city He did all of this with compassion kindness and unusual commitment He and his wife are great parents and working together gave our community terrific leadership James T Morris vice chairman of Pacers Sports Entertainment Drawing on his experiences in the US Marines in the corporate world as a coach and as a small business owner Greg Ballard now publishes his concise yet definitive guide for new junior and middle level leaders In addition to the realities traits and principles explained in the book he also details the two overarching responsibilities of leadership and gives the three indicators of effective leadership He also explains the relationship between responsibility accountability and authority Additionally included are fourteen other thoughts which are of great value The accumulated knowledge in this valuable book will greatly benefit not only individuals in positions of responsibility but also those companies or organizations that have multiple levels of leadership **The Decisiveness Of Israeli Small-Unit Leadership On The Golan Heights In The 1973 Yom Kippur War** Major Oakland McCulloch, 2015-11-06 This study is an analysis of the decisiveness of Israeli small unit leadership on the Golan Heights during the 1973 Yom Kippur War What allowed the Israeli brigades on the Golan Heights to defeat an Arab coalition that launched a surprise attack with a force that vastly outnumbered the Israelis in men tanks and artillery The one advantage the

Israelis had was the quality of leadership at the small unit level This study begins with a brief review of the strategic and operational situation in the Middle East in 1973 This includes background information on the Israeli and Arab forces facing each other on the Golan Heights and their plans for the defense and attack respectfully prior to the start of hostilities The majority of the thesis discussion is concerned with the actual battle on the Golan Heights It highlights the contributions that small unit leadership made during the battle that allowed the vastly outnumbered IDF to destroy a massive Soviet style Arab army This portion of the study also looks at the experiences of those Israeli leaders involved in the fighting The study then looks at leadership from the Israeli perspective I define what leadership is and why it is important at the small unit level I take a close look at how the Israeli Defense Force IDF picks and trains its leaders and what role the Israeli Military Culture plays in that process The conclusion of the thesis is that the IDF was able to fight and win even though surprised and vastly outnumbered due to the quality of leadership at the small unit level This lesson may prove to be important still today as the armies of the Western societies continue to get smaller even though they still face the threat of fighting the massive Soviet style armies of the Axis of Evil for decades to come
