The New Sociology of Ageing Martin Slattery, 2021-11-29 The New Sociology of Ageing explores the challenges and opportunities of ageing as a global force Alongside globalisation urbanisation new technology climate change and global pandemics ageing is transforming life in the twenty first century Through the eyes of a young sociology student and her multigenerational family this book sets out a new sociological framework to interpret ageing societies It explores how the New Old the baby boomer generation might be mobilised as an agency of social change in transforming later life It proposes this generation as the co architects of a new intergenerational social contract for the era ahead rather than as the recipients of a post war twentieth century social contract that society can no longer support Taking Britain as a case study and societies across the world as examples Slattery explores emerging revolutions in work and

retirement potential crises in pensions healthcare and housing as well as transformations in family life and in our attitudes to sex and death in later life This book provides a clear overview of the sociology of ageing It introduces students to demography as a sociological force of the future and to the perils and the promises of longevity as societies across the world approach the Hundred Year Life This book will be of interest to undergraduate students and early scholars in the social sciences particularly in sociology gerontology social policy and public health

Handbook of Children and Youth Studies Johanna Wyn, Helen Cahill, Hernán Cuervo, 2024-08-20 This second edition of the handbook gives a new scientific perspective to youth and childhood studies as multi scientific and interdisciplinary subjects which as such have not yet found their own framing in a particular discipline It provides theoretical and methodological key debates and issues that develop and add an understanding of childhood and youth research discipline from a broader perspective The Handbook on Children and Youth Studies draws on current thinking but also challenges theoretical and conceptual orthodoxies in the field drawing on interdisciplinary thinking and critical perspectives It focuses on childhood and youth to address the emerging consensus that the boundaries between childhood youth and adulthood are blurred The view that defining youth and childhood largely in terms of problem topics is out dated Instead the handbook focuses on 16 themes that are open to international perspectives and to different conceptual approaches Each theme is edited by a pair of field editors thereby capturing a plurality of views The 16 themes as a starting point are globally timely and they need scientific debates on the boundaries between childhoods youth and adulthood This handbook will meet the needs of childhood and youth researchers and the academics in the field It recognizes the changing social context of the lives of children and young people while developing theoretical frameworks and discussing about the core substantive issues of Children and Youth Studies
