Dragonsdawn Anne McCaffrey, 2002-02-26 NEW YORK TIMES BESTSELLER Go back in time and visit Pern like it s never been seen before in this thrilling prequel about the creation of dragons The beautiful planet Pern seemed a paradise to its new colonists until unimaginable terror turned it into hell Suddenly deadly spores were falling like silver threads from the sky devouring everything and everyone on their path It began to look as if the colony cut off from Earth and lacking the resources to combat the menace was doomed Then some of the colonists noticed that the small

dragonlike lizards that inhabited their new world were joining the fight against Thread breathing fire on it and teleporting to safety If only they thought the dragonets were big enough for a human to ride and intelligent enough to work as a team with a rider And so they set their most talented geneticist to work to create the creatures Pern so desperately needed Dragons

McCaffrey,Elizabeth Ann Scarborough,2002-02-19 Riveting exciting The writing and characterization as well as the infusions of Celtic and Inuit lore remain of high quality Booklist Petaybee is growing up Day by day the feeling planet like any child is learning to recognize and understand the meaning of outside stimuli to respond to those stimuli to communicate its own needs and desires even to use human speech Yanaba Maddock has appointed herself defender of her adopted planet and has even succeeded in proving its sentience to nonbelievers But despite her efforts few outsiders truly care for the emotions and intelligence of what they perceive to be a giant hunk of rock Then Yanaba is kidnapped The price of her freedom control of the planet itself But the only one who can speak for Petaybee is Petaybee and no one knows what a living planet can do once it finds its voice Anne McCaffrey and Elizabeth Ann Scarborough collaborate seamlessly to tell a first rate sf adventure Library Journal on Power Lines **Power Lines** Anne McCaffrey,Elizabeth Ann Scarborough,2002-04-09 The spellbinding

sequel to Powers That Be by Hugo and Nebula Award winning authors Anne McCaffrey and Elizabeth Ann Scarborough The natives of Petaybee claimed their planet was sentient but the officials of Intergal did not believe them or want to believe them The planet was rich in valuable ore and Intergal was determined to mine that ore no matter what the cost Yanaba Maddock once a company spy was adopted by the planet and its people as one of their own Now her loyalties are to Petaybee not Intergal and she is dedicated to keeping Intergal from killing the world she has come to love But without proof of the planet s sentience Intergal will proceed with its mining operations Can Yana find a way to convince Intergal of Petaybee s sentience before it is too late **The A to Z of Fantasy Literature** Brian Stableford,2009-08-13 Once upon a time all

literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly

affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
