Casey,2017-07-12 From one of continental philosophy's most distinctive voices comes a creative contribution to spatial studies environmental philosophy and phenomenology Edward S Casey identifies how important edges are to us not only in terms of how we perceive our world but in our cognitive artistic and sociopolitical attentions to it We live in a world that is constantly on edge yet edges as such are rarely explored Casey systematically describes the major and minor edges that configure the human and other than human realms including our everyday experience He also explores edges in high stakes situations such as those that emerge in natural disasters moments of political and economic upheaval and encroaching climate change Casey's work enables a more lucid understanding of the edge world that is a necessary part of living in a shared global environment Nickel Mountain John Gardner,2007 At the heart of John Gardner's Nickel Mountain is an uncommon love story set in a small Catskill community in the 1950s when at forty two the obese gentle and anxious Henry Soames marries seventeen year old Callie Wells who is pregnant with the child of a local boy it is much more than age that defines the gulf between them The plot turns on tragic events they might be accidents or they might be acts of will involving a cast of rural eccentrics that includes a lonely amputee veteran a religious hysteric thought by some to be the devil himself and an itinerant Goat Lady Questions of guilt and innocence and even murder are ultimately eclipsed by Henry Soames's quiet discovery of grace Novelist William H Gass a friend and colleague of the author has written an introduction that shines new light on the work and career of the much praised and often misunderstood John Gardner **Zen Art for Meditation** Stewart W. Holmes,Chimyo Horioka,2015-11-03 This book is about emptiness and silence the mind expanding emptiness of Zen painting

and the reverberating silence of haiku poetry Through imaginative participation in the visions of painters and poets its readers are led to the realization that in the author s words emptiness silence is not nothingness but fullness Your fullness This cultural tradition has informed many distinguished lives and works of art The work of painters like Niten Liang Kai and Toba and of poets like Basho Buson and Issa reflects the wholeness spontaneity and humanity of the Zen vision Those who desire a glimpse into the world of intuitive contact with nature offered by Zen meditation will find these paintings commentaries and haiku poems especially rewarding They enable the reader to experience the unique power of Zen art its capacity to fuse esthetic appreciation personal intuition and knowledge of life into one creative event **Mountain Home** David Hinton, 2014-10-10 The earliest and most extensive literary engagement with wilderness in human history Mountain Home is vital poetry that feels utterly contemporary China s tradition of rivers and mountains poetry stretches across millennia This is a plain spoken poetry of immediate day to day experience and yet seems most akin to China s grand landscape paintings Although its wisdom is ancient rooted in Taoist and Zen thought the work feels utterly contemporary especially as rendered here in Hinton s rich and accessible translations Mountain Home collects poems from 5th through 13th century China and includes the poets Li Po Po Chu i and Tu Fu The rivers and mountains tradition covers a remarkable range of topics comic domestic scenes social protest travel sage recluses and mountain landscapes shaped into forms of enlightenment And within this range the poems articulate the experience of living as an organic part of the natural world and its processes In an age of global ecological disruption and mass extinction this tradition grows more urgently important every day Mountain Home offers poems that will charm and inform not just readers of poetry but also the large community of readers who are interested in environmental awareness *The Best Guide to Meditation* Victor N. 8 Keys to Practicing Mindfulness Manuela Mischke-Reeds, 2015-06-22 Learning how to pay attention to the present moment Becoming mindful is about the small everyday things such as pausing to take a breath before you drive off in a hurry or considering the food that will nourish your body before a meal Or it can mean checking in with yourself before responding to a challenging email or text Every moment of our lives can become an opportunity to practice mindfulness This book will invite you to sharpen your awareness and ask yourself with more frequency What do I notice right now or How do I need to respond or be with this situation These seemingly tiny moments of noticing yourself can have a major impact on your life as you learn to track habitual patterns and awaken to change Practicing mindfulness is not about being better by figuring it all out It is about tolerating the moments when you don't know or learning to be more curious about the struggle Here you will learn how to establish a basic practice with guidelines for posture and breathing as well as various options for meditations that involve sitting walking gently moving or lying down You can try these exercises at your lunch break before you rise or fall asleep But best of all is for you to sprinkle mindfulness throughout your day Whether you are new to mindfulness or a seasoned practitioner you can make the conscious decision to change your approach to life Moment by moment you have the opportunity to cultivate awareness that will make a difference in how you engage with the world on a daily basis
