Family Businesses in Transition Economies Léo-Paul Dana, Veland Ramadani, 2015-03-25 This book presents the reader a comprehensive understanding of the development of family business in transitional economies Throughout eastern Europe post Communist

countries transitioning to market based economies are obtaining a variety of results due to diverse policy approaches Expert contributions in this book draw from a wealth of information in this context and include thought provoking policy prescriptions for the future This book concentrates on the challenges to predict the direction emerging markets will take particularly when dealing with the wide ranging social and economic situations taking place in post Communist Eastern Europe This reference volume for policymakers educators investors and researchers also provides a much needed and timely survey of family firms in the transitioning markets of post Communist Europe Entrepreneurship in Post-Communist Countries Jovo Ateljević, Jelena Budak, 2018-05-21 This volume analyzes the barriers to as well as new drivers for entrepreneurial development in post communist countries The contributors present various country studies mainly in the Balkans region and investigate entrepreneurial behavior and best practices financial instruments factors for the success of small and medium sized companies and related policy implications The book will appeal to scholars policymakers and professionals interested in entrepreneurial obstacles and challenges in the countries of the Balkans region **Proceedings of the XIII International Symposium SymOrg 2012: Innovative Management and Business Performance**, 2012-06-03 Palgrave Dictionary of Emerging Markets and Transition Economics Jens Hölscher, Horst Tomann, 2015-10-21 The period of transition from socialism to capitalism in parts of Europe and Asia over the past 25 years has attracted considerable interest in academia and beyond From the Editors of Palgrave's iconic series Studies in Economic Transition comes the Palgrave Dictionary of Emerging Markets and Transition Economics This dictionary addresses the needs of students lecturers and the interested general public to quickly find definitions and explanations of topics institutions personalities and processes in this historical phase of changing societies which as such is not concluded Today newly emerging market economies try to learn from the experiences of transition economies Those who love The New Palgrave Dictionary of Economics will enjoy the format of this Dictionary which uses an encyclopaedia based approach where articles not only define the terms but provide an overview of the evolution of the term or theory and also touch on the current debates **Parliamentary Assembly - Working Papers - 2008 Ordinary Session (Third Part) 23-27 June 2008 Volume VI (2009)** Council of Europe, 2009-01-01 *Transnational Business* Galen Spencer Hull, 2022-03-26 First Published in 1999 Small Businesses Trickling Up in Central and Eastern Europe argues that micro small and medium sized enterprises in selected countries of Central and Eastern Europe CEE have been the key to economic growth rather than privatized large scale enterprises Small businesses have come to constitute the most dynamic element of growth in the emerging markets of the CEE region in the last decade In 1989 most of the countries of the region were still under the political and economic domination of the Soviet Union Since then a process of liberalization has been unleashed in the region to dismantle statist economic policies and replace them with free market policies This has involved programs of privatization and restructuring of state owned enterprises as well as the promotion of policies to enable a private sector to develop Small businesses are

creating thousands of new jobs while large companies are retrenching and downsizing their workforce In some countries of the region this process is much further along than in others In each country however the small and medium enterprise SME sector has developed at a more rapid pace than has the privatization of the large public companies The privatization of small and medium sized state owned enterprises has been rather more successful With the economic transition there has been a flurry of new enterprises springing up throughout the region some registered as legal entities but many micro enterprises often remaining unregistered in the informal sector Micro enterprises are increasingly seen as an important element of this SME sector although they were traditionally treated separately as belonging to the informal sector and a detriment to economic growth

Handbook of Research on Entrepreneurship Policies in Central and Eastern Europe Friederike Welter, David Smallbone, 2011 This unique Handbook explores the role of government in the development of entrepreneurship in countries where twenty years ago private enterprise was illegal or barely tolerated The expert contributors reveal that government policy is one of the key influences on the external environment in which businesses develop particularly in countries where it has been necessary to redefine the role of the state in relation to business development They outline how government policy can also act as an enabling and or a constraining force with respect to entrepreneurship development particularly in relation to institutional change and the development of a market based economy This Handbook includes up to date information and analysis as to how entrepreneurship policies have evolved in the wider Europe focusing on the challenges that arise in designing and implementing entrepreneurship policy The Handbook of Research on Entrepreneurship Policies in Central and Eastern Europe excellently covers different facets of entrepreneurship policies in Central and Eastern Europe and will prove invaluable for academics students and researchers of entrepreneurship and small business as well as policy studies Policy makers will also find plenty of key insights and relevant information in this important resource
