**Chinese Family Business and the Equal Inheritance System** Victor Zheng, 2009-12-17 This book disputes the traditional argument that the equal inheritance system hinders the growth of Chinese family business approaching this not only in terms of economic capital but also in terms of human capital such as education and leadership and social networks Zheng argues that most of the family business patriarchs only focus on the passing on economic capital but give little attention to human capital and social capital when they come to the stage to transfer control to the next level It further elaborates that the equal inheritance system itself isn't the destructive force that weakens family business competitiveness but can assist economic development by generating dynamism and capital Based on extensive primary research the work discusses how equal division encourages sibling comparison analysing how such comparisons initially generate stress and anxiety but will ultimately galvanize competition benefiting the business The author also assesses how family division can offer initial economic human and social capitals that can motivate siblings to start their own businesses and be free from the subjugation sometimes associated with a family firm Through the evaluation of these issues the book argues that the equal inheritance system can be regarded as the origin of the self employment mentality which not only fosters the growth of Chinese family business but plays a crucial role in promoting economic development Providing a valuable contribution to the field this work will be of great interest to all scholars of Chinese and Asian business

**The Routledge Companion to Asian Family Business** Ho-Don Yan, Fu-Lai Tony Yu, 2021-04-27 This companion provides broad and in depth insights into family business in Asia and how Asian family firms navigate in the digital economy The first part of the book looks at key concepts of family business while the second part presents Asian family firms cases from Japan South Korea China Taiwan Hong Kong Thailand Malaysia and other Asian economies This comprehensive reference will help readers understand how family firms in Asia compete and survive in the world market especially in the digital age and why and how Asian economies can emerge as one of the most dynamic regions in the world

*Chinese Enterprise, Transnationalism and Identity* Terence Gomez, Hsin-Huang Michael Hsiao, 2004-03-01 First Published in 2004 Chinese Enterprise Transnationalism and Identity focuses on one ethnic community the Chinese and examines the variety of issues surrounding enterprise development from national and transnational perspectives starting with the role played by Chinese entrepreneurs in the 1997 Asian financial crisis Using empirical evidence and theoretical debate the contributors argue that Chinese enterprise is accelerated by intra ethnic competition rather than intra ethnic cooperation and that businessmen work in their own interest not that of the Chinese community as other literature dealing with the subject suggests Themes which this book radically reviews include Culture and networks Family business Ownership and control Transnationalism and identity By carefully tracing the emergence of new generations the contributors suggest that new forms of ethnic identification and of national identity and affiliation have emerged With its combined analysis of ethnic minorities in Asia and

of Chinese business this book will appeal to scholars of Asian and business studies alike *Ethnic Chinese Business In Asia: History, Culture And Business Enterprise* Ching-hwang Yen, 2013-09-13 This unique volume provides a broad introduction to the ethnic Chinese business in Asia with focus on the ethnic Chinese in East and Southeast Asia The growing interest in ethnic Chinese business reflects its importance in these two regional economies and its relations with China's economy the world's new economic powerhouse It examines the nature and characteristics of the ethnic Chinese business such as business networks family business and conglomerates concepts of xinyong and guanxi and entrepreneurship and management It also examines the input of history and culture in the formation and operation of ethnic Chinese business The second half of the book is devoted to detailed regional studies covering the Chinese in Thailand Malaysia and Singapore Indonesia the Philippines Hong Kong and Taiwan This book provides an excellent introduction for tertiary students in business schools and for prospective businessmen who wish to do business with the Chinese in East and Southeast Asia

**Business Studies** Alfredo De Massis, Pramodita Sharma, Jess H. Chua, James J. Chrisman, 2012-01-01 This book provides a thorough review and compendium of important family business research. It should be in the personal library of every family business scholar and graduate student involved in this vital field of study. Michael A. Hitt, Texas A M University, US. A systematic review of the field and an incredibly useful reference book for anyone involved in studying or teaching family business. Sara Carter OBE, FRSE, Strathclyde Business School, UK. This book offers a succinct but thorough overview of how our understanding of significant issues in family business has evolved through rigorous research. This annotated bibliography of the 215 top cited family business studies provides the empirical evidence and the basis for insightful comments from the authors on topics which will benefit from further scholarly debate and research. The authors are to be congratulated for making accessible those research contributions which have the potential to make a meaningful difference to the practice of family business. Jill Thomas, The University of Adelaide Business School, Australia. I highly recommend the annotated bibliography by De Massis, Sharma, Chua, and Chrisman to experienced scholars as well as to incoming researchers. The authors selected carefully and in a transparent manner relevant papers and summarized them in a way that provides a helpful basis for future research. Well done! Sabine B. Rau, WHU Otto Beisheim School of Management, Germany. A welcome addition to the field of family business studies. Offers an update and thorough compendium of relevant research conducted within the last 15 years. A most useful reference for doctoral students, established scholars, and thoughtful practitioners. Importantly, the first three chapters offer critical commentary and synthesis that go well beyond what one typically finds in an annotated bibliography. Overall, this book offers a solid foundation for moving the study of family business forward. Lloyd Steier, University of Alberta, Canada. If I had been asked to suggest the currently most needed editorial endeavor for advancing family business studies, I would have answered with no hesitation: an up-to-date annotated bibliography. The field's growth over the past 15 years has been so intense that even experts who devote most of their research efforts to family business, not to mention younger scholars approaching the field, will significantly benefit from De Massis, Sharma, Chua, and Chrisman's indispensable work. Carlo Salvato, Bocconi University, Italy, and Associate Editor, Family Business Review. This book catalogues the 215 most cited empirical, theoretical, and practical articles on family business published in 33 journals since 1996. Researchers, students, and practicing managers will find it indispensable as a quick reference and guide to what we have learned about family firms. Annotations for the articles consist of a summary of key findings, research questions, contributions, and research implications. They also include a detailed description of the methodologies, empirical data, definitions, and conceptual models used. In addition, the book features chapters that review the literature, discuss how family businesses have been defined, present recent trends in family business empirical research, and provide an agenda for future research. Scholars, researchers, and PhD students in the fields of family business, entrepreneurship, organization theory, management, economics, finance, anthropology, sociology, and business history will find this compendium insightful. The topics

covered in the book will also prove to be essential to practitioners both advisors and operators of family enterprises as it will provide evidence based knowledge on the issues and dilemmas faced by them in everyday life
