Sir Gawain and the Green Knight Anonymous,2012-10-19 Sir Gawain and the Green Knight is a masterpiece of medieval English literature and one of the finest Arthurian tales in any language Though its ingenious plotting and verbal artistry continue to dazzle readers it is written in a challenging regional dialect and uses many words that were already archaic when the poem was written in the late fourteenth century This edition is designed to make the poem in its original Middle English accessible to students and general readers Following standards adopted for editing other Middle English poets the edition lightly normalizes spellings to make words more recognizable for a modern audience Extensive marginal glossing of difficult words thorough on page explanatory notes and a comprehensive glossary offer further support for readers The historical appendices include other examples of medieval romance from France and Britain

The Arthurian Name Dictionary Christopher W. Bruce,1999 A comprehensive encyclopedia of characters places objects and themes found in the legends of King Arthur and the Knights of the Round table Draws from all significant

source between Gildas De Excidio Britanniae written about 540 AD and Tennyson's 19th century Idylls of the King including versions from throughout Europe. The entries range from a short identifying sentence to nearly ten pages for the king himself. Each is referenced to a source which are presented in a endtable showing author and title date form and language description keywords from the entries and recent editions a vital bit of information such references usually neglect. The cross referencing is fairly good often done as a full entry identifying a name as a variant of another so the lack of an index is not a problem. Anderson, 2021-01-19 This major new literary study offers a fresh view of the significance of the famous group of fourteenth century poems Pearl Cleaness Patience and Sir Gawain and the Green Knight.
