Gandhi s Tiger and Sita s Smile presents a collection of compelling essays which interrogate a variety of Indian texts and contexts along intersecting axes of gender nation and desire The primary theme that weaves these varied essays together written at different points of time with varying focal points of interest is intertextuality Vanita examines the way in which medieval texts

speak to each other and draw on earlier canonical works rewriting and transforming narrative in a spirit of respectful conversation She also looks at modern texts such as nineteenth century poetry and twentieth century fiction and cinema as they converse with each other and with older texts In doing so she tries to explore how such pre modern and modern texts are received in later periods or by other cultures in the same period These captivating and intensely thought provoking writings demonstrate the author s superb ability to turn the norm whether Right wing or Left Wing on its head and find a fresh way to appreciate diversity and change and the valuable dialogue they give rise to RAMAYANA The Poisonous Tree Ranganayakamma, As the title indicates this book is a critical study of an Indian epic The Ramayana It proceeds in the same order as that of Sanskrit original consisting of Bala kanda Ayodhya kanda Aranya kanda Kishkindha kanda Sundara kanda Yuddha kanda and Uttara kanda While Valmiki s Ramayana is composed of about 24 000 slokas verses Ramayana the Poisonous Tree consists of 16 stories long and short accompanied by 11 links narratives that link the stories and 504 foot notes that show evidence from the Sanskrit original in support of the critique Besides the main components of the text this book has a long Preface discussing the social essence of the epic in the context of history of evolution of human society from the ancient times to the modern times The book also offers a critical review of the works of some earlier critics of Ramayana The authoress describes Ramayana as a Poisonous Tree because it defends the autocratic rule of the kings against the people their imperial expansion by invading other weak kingdoms exploitation of the poor by the rich oppression of lower castes by upper castes aggression of the civilized non tribal communities against primitive tribal communities male chauvinism against women superstitious beliefs against the rational thinking fathers domination over sons elder brothers superiority over younger brothers and so on She substantiated her arguments by providing hundreds of foot notes from the Sanskrit original She characterizes the culture of Ramayana as predominantly feudal in nature with an admixture of remnants of primitive tribal culture The book it is hoped will be of interest to both academic and non academic circles It is relevant to the students teachers and researchers who are connected with such disciplines as South Asian Studies Cultural Studies Comparative Literature Comparative Religions Indology Literary Criticism and so on It is also relevant to the social and political activists who would like to disseminate progressive ideas among the people who are subjected to various forms of inequality Class Caste Gender Race Ethnicity Ranganayakamma born 1939 is a writer of novels stories and essays in Telugu She has published about 60 books **Sita's Kitchen** Ramchandra Gandhi, 1992-01-01 In the Introduction Ramchandra Gandhi raises the Ayodhya issue to international and universal levels In the text he offers a solution on the local and national levels The temple mound in Ayodhya the sacred hill on which the present Babri Masjid was built also known as Sita s Kitchen was originally a sacred place of the Adivasis the aboriginal inhabitants of the subcontinent It was sacred to the Goddess the great nurturing earth the fecund source of all life the aboriginal presupposition of all later religions As an aboriginal place sacred to the Mother Goddess the hill in Ayodhya brings together all religions Rather than a source of conflict Ayodhya should

SINHA, 2020-02-18 The story written in the Ramayana seems to be very simple and straightforward but it hides many secrets in its bosom For the layman it is a story of good versus evil with evil getting a beating and good being victorious getting a rousing welcome But there are many details that if read carefully reveal many secrets that have been hidden from the general society The present author has tried to reveal those secrets but because of lack of space has limited himself to the revelation of just a few of those secrets After a proper study it seems that Ravana was not as bad as has been made out to be It seems he had many grand ideas but because the war was lost the ideas also died One of them not mentioned in the book because of the lack of full details is that he had a medical system similar to the Red Cross that we have today Similarly there are many other details of Ravana that have been described It turns out that Ravana was not that bad a person nor was it that Rama that did not have any fault in him Ramayana emphasises that the victor is always a good and revered person and the loser is cursed by society Religion and Gender in the Developing World Tamsin Bradley, 2010-12-07 Faith based development organizations have become a central part of the lives of the women of rural Rajasthan and have come to represent an important aspect of both individual and collective identities And yet religious teachings continue to be used to exclude women from public decision making forums and render them vulnerable to increasing levels of domestic violence In a unique multi disciplinary approach combining a range of subjects Tamsin Bradley provides a unique study of the role of development organizations and faith organizations in the lives of women in rural Rajasthan Faith and religion emerge as

being able to afford a space within which women are able to interact with one another and create an identity for themselves. However, faith proves not just to be a positive sphere in which women are able to assert themselves. Its ambiguity becomes clear as the author explains that religious women often find their visions of social justice and equality marginalised by the dominance of male leadership. Nevertheless, Bradley also looks at how religious women challenge male dominance drawing on their beliefs and practices in creative and innovative ways. Thus a complex picture emerges and including insights from gender studies and anthropology. Bradley argues that religion can both empower and disempower local communities and the women who live within them. By analysing development through the prism of gender studies, Bradley highlights the complex nature of power relationships that are at the very heart of development agendas and organizations and offers an invaluable contribution to the understanding of the nexus of varied disciplines in the analysis of women and religion in Rajasthan. This book will be of interest to students, researchers and policy makers involved in various fields including those of Development Studies, Religion, Gender Studies and Social Anthropology.

Song of Mata Sita Palak Chauhan, The Song of the Lord Mata Sita's Ramayana Reimagined often shortened to Song of Mata Sita is a reimagining of the ancient Indian epic Ramayana told from the perspective of Sita, the wife of Lord Rama. While the traditional Ramayana focuses largely on Rama's journey as the divine prince and hero, this reimagined version centers Mata Sita's voice, emotions and agency, presenting her not as a passive figure but as a powerful woman with resilience, wisdom and inner strength.

Teaching World Epics Jo Ann Cavallo, 2023-07-27. Cultures across the globe have embraced epic stories of memorable deeds by heroic characters whose actions have significant consequences for their lives and their communities. Incorporating narrative elements also found in sacred history, chronicle, saga, legend, romance, myth, folklore and the novel, epics throughout history have both animated the imagination and encouraged reflection on what it means to be human. Useful to instructors of literature, peace and conflict studies, transnational studies, women's studies and religious studies, the essays in this volume focus on epics in sociopolitical and cultural contexts, on the adaptation and reception of epic works and on themes that are especially relevant today, such as gender dynamics and politics, national identity, colonialism and imperialism, violence and war.
