Kurtz,2006-11-08 Who killed JFK Ever since that fateful day in Dallas theories about President Kennedy s murder have proliferated running the gamut from the official lone gunman verdict to both serious and utterly screwball conspiracy theories Michael Kurtz a distinguished historian who has plumbed every crevice of this controversial case for more than thirty years now sums up and critiques four decades of debate while also offering provocative new perspectives Kurtz presents an objective accounting of what we actually know and don t know about the assassination underlining both the logic and the limitations of the major theories about the case He then offers unique interpretations of the physical and forensic evidence and of existing areas of controversy leading him to new conclusions that readers will find hard to dismiss Kurtz shows how the official investigation s egregious mishandling of the crime scene evidence related to virtually every aspect of the case is largely responsible for the lone gunman conspiracy schism that confronts us today Those responsible for that investigation including the Dallas police the FBI and the Warren Commission failed so miserably in their efforts that they would have been laughed off the air if they had been portrayed on any of TV s popular CSI series One of the few experts writing on the subject who actually met Oswald Kurtz also provides new information about the accused assassin s activities around the time of the assassination and about his double life analyzing Oswald s ties to the intelligence community to organized crime and to both anti and pro Castro Cuban activists Mustering extraordinary documentation including exclusive interviews with key figures and extensive materials declassified by the Assassination Records Review Board he both confirms and alters much previous speculation about Oswald and other aspects of the case Who really killed JFK Forty years later most Americans still feel they don t know the truth and that their own government isn t telling them the whole story This book offers a corrective to even the most recent final verdicts and establishes a sound baseline for future research *Report of the Iowa State Fair Board* Iowa. Reclaiming History Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President

John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on

November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade

through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National

polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee

Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground

breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of

history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O

J Simpson in his best selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on

the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book

would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as

to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there

has never been a book that covers the entire case including addressing every piece of evidence and each and every

conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised

scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds

resonance depth and closure to the admirable work of the Warren Commission *Reclaiming History* is a narrative compendium

of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every

conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of the evidence and ability

to draw startling inferences shed fresh light on this American nightmare At last it all makes sense
