Richards, 1974      **Making Disciples** Sylvia Wilkey Collinson, 2007-01-01 The Christian faith community regards the making of disciples as a prime directive of Jesus himself though this theme is not dominant in contemporary models of teaching in the church This investigation seeks to develop a theory of discipling and to test its congruence as an effective educational strategy with the objectives of modern Christian faith communities After briefly examining the discipling model of teaching as practiced in the world of the Ancient Near East a detailed study of New Testament texts investigates the practice of discipling by Jesus and his followers and in the church of the first century An understanding of the concept of discipling is gained by gradually refining its definition as the study progresses through a contemporary examination of other informal models of education Religious and educational research findings are explored to enable the validity of the discipling model to be determined Finally the definition is used as a benchmark to examine various contemporary educational theories within the community of faith In contrast to the schooling model discipling has been shown to be an effective model for teaching attitudes values and behavior as well as knowledge and beliefs in today s church Its emphasis on commitment to learning relationships within a nurturing community and active involvement in the mission of Christ to the world and its capacity to adapt to differences in age culture ability and interests make it a model of teaching worthy of much greater attention by the Christian faith community      **Getting the Church On Target** Lloyd Perry, 1981-05-26 Tools and advice for assessing your church These are dangerous days for the organized church It is time to be alert to what is taking place and make some changes So writes Lloyd Perry in his introduction to *Getting the Church on Target* Dr Perry then goes on to outline ways the local church can be revitalized His concerns are reflected in chapter titles such as *Having God s Man in God s Place for Ministry* *Clarifying Purposes Goals and Objectives* *Systematizing Church Management* *Training for Leadership* *Mobilizing the Laity* *Managing Conflict Creatively* *Establishing Small Groups for Ministry* *Expanding the Outreach of the Church* *Updating Our Worship* The final chapter includes five sample self evaluation surveys to help a church assess its problems and progress      **Church Educational Ministries** ,1992 *Church Educational Ministries More Than Sunday School* provides a panorama of the educational ministries of the local church It presents the uniqueness strength and structure of each aspect of a church s educational ministry and is an excellent resource for those wanting an overview of Christian education in the local church Schools or churches offering an introductory course in Christian education will find this a helpful text This course is part of the Association s Church Ministries Certificate Program An Instructional Resource Package IRP is available for those wishing to teach this course These materials include a copy of the text instructor s guide with reproducible handouts overhead transparency masters and a Learning Resources Cassette Tape The Instructional Reaource Package is available at Christian

Callahan,2005-04 An anthropologist connects the recent explosion of interest in intuition regression therapy and near death experiences to our very evolution as a species in this rich interesting read Dr Kathy Callahan explains that we are in the middle of an extremely important stage of our growth as human beings As a species we are reaching new heights in our awareness that we are more than just bodies walking the earth we are immortal souls The transformation is so profound that Dr Callahan proposes a new subspecies Homo sapiens intueri This name refers to our quickly expanding ability to acquire a deeper more personal knowledge Using information from current anthropology the Edgar Cayce material the Bible and many other sources the author traces our creation and development as whole beings and then proposes what is in store for us next as a species Five Miles Away, A World Apart James E. Ryan,2010-08-06 How is it that half a century after Brown v Board of Education educational opportunities remain so unequal for black and white students not to mention poor and wealthy ones In his important new book Five Miles Away A World Apart James E Ryan answers this question by tracing the fortunes of two schools in Richmond Virginia one in the city and the other in the suburbs Ryan shows how court rulings in the 1970s limiting the scope of desegregation laid the groundwork for the sharp disparities between urban and suburban public schools that persist to this day The Supreme Court in accord with the wishes of the Nixon administration allowed the suburbs to lock nonresidents out

of their school systems City schools whose student bodies were becoming increasingly poor and black simply received more funding a measure that has proven largely ineffective while the independence and superiority of suburban schools remained sacrosanct Weaving together court opinions social science research and compelling interviews with students teachers and principals Ryan explains why all the major education reforms since the 1970s including school finance litigation school choice and the No Child Left Behind Act have failed to bridge the gap between urban and suburban schools and have unintentionally entrenched segregation by race and class As long as that segregation continues Ryan forcefully argues so too will educational inequality Ryan closes by suggesting innovative ways to promote school integration which would take advantage of unprecedented demographic shifts and an embrace of diversity among young adults Exhaustively researched and elegantly written by one of the nation's leading education law scholars *Five Miles Away A World Apart* ties together like no other book a half century's worth of education law and politics into a coherent if disturbing whole It will be of interest to anyone who has ever wondered why our schools are so unequal and whether there is anything to be done about it **American Book**
