

Does Size Matter?

If penis size is important, it seems to be more so for men than for women.

Unfortunately, society pressures us through messages like "size matters".

But when it comes to sex and intimacy, size doesn't really matter as much as you might think.

According to a study conducted by researchers at the University of California, Los Angeles (UCLA) and California State University

When we talk about penis size, the focus leaves out another and maybe more important measurement: **girth**.

85%
of women

Are satisfied with the size of their partner's penis.

90%
of women

Believe that width is more important than length.

55%
of men

are satisfied with their penis size.

45%
want to be larger.

Only 0.2%
want to be smaller.

Penis length doesn't matter as much as you may have been led to believe when it comes to the physiology of heterosexual penetration.

Vagina →

A woman's vaginal canal contains lots of nerve endings that are receptive to touch.

The majority of these nerve endings are in the outer one-third of the vagina, so 5 inches is plenty long to reach and stimulate that section.

- **In general, women believe that girth is more important than length.** Physiologically this may be explained by the fact that the clitoris is mostly internal, made up of erectile tissue that surrounds the inside of the vagina. When a woman gets aroused, the tissue fills with blood, similar to the penis.
- The engorged tissue surrounds the inside of the vaginal wall. When the penis applies pressure to the erectile tissue, it stimulates the clitoral nerves, pleasuring the woman.

Even with all the explained above:

In the end, it's not the size of your penis that matters as much as what you do with it when it comes to satisfying your partner.

Figuring out what feels good for you and your partner and choosing moves that make the most of your penis type will serve you better than worrying about its sizes.

Size Matters Or Does It:

White Men Can't Hump (As Good As Black Men) Todd Wooten, 2006-10 White Men Can't Hump is a book of hope. The hope is that one day Black Men in America will no longer be viewed as unintelligent, unattractive, undesirable, uncivilized, and just plain old worthless. White Men Can't Hump will address why Black Men in America are perceived in such a negative way and will also explore the origins of this negativity. White Men Can't Hump will also explore how this negativity has been spread for the last four centuries: a la stereotypes and why this negativity has been spread a la Fear of the Black Penis. Several of these so-called negative stereotypes will be closely examined and shown in a new light. White Men Can't Hump will ask why two well-known stereotypes that have been historically assigned to Black Men are only considered negative when applied to Black Men. Most men desire a large penis and an elevated sexual prowess, but all across America, in offices, bars, and locker rooms, the Black Penis and Black Prowess are routinely the punch line to jokes. White Men Can't Hump will ask why and will also ask a question that will create a debate for the ages: Who's better in bed, Black Men or White Men? White Men Can't Hump will take you, the reader, on an educational and enlightening journey through America's past and present with the hope of changing America's future. So sit back and enjoy or cuss, agree or disagree, and most importantly, think with an open mind. Because whether you like it or not, White Men Can't Hump tells the story of who all of us are, where we've come from, and where we're going. White Men Can't Hump is divided into two VOLUMES. VOLUME I focuses on how Sex has historically affected Race relations in America, and VOLUME II focuses on how Race has affected Sex relations in America. Don't be confused by the similar titles because both VOLUMES pack a different Sexual, Racial, Political, and Social punch. For more information, feel free to visit www.whitemencanthump.com. Enjoy the ride, my friend. **One Man's Planet** Stephen M. Testa, 2009 One Man's Planet is a slightly off-centered geologist's introduction to how politics, pop culture, and the earth sciences mix it up every day in all of our lives. A humorous look at a myriad of issues that grace the news and drive political debates from local councils to international discourse. One Man's Planet picks apart the rhetoric on all sides of these debates to look at how the science describes the issue, often to the nakedness of the opposing parties. Tackling topics like climate, energy, water, and hazards, Stephen Testa channels Beanie Babies, Mad Max, and Shakespeare among others to examine the latest scientific understanding of these issues. Author Stephen Testa weaves science, personalities, pop culture, and politics into a very informative and entertaining tapestry on the planet today and the planet's tomorrow. Come tour the Earth with Testa as your guide. **Sex Lives of Superheroes** Diana McCallum, 2024-11-19 Is sex with The Hulk technically a threesome? Does The Flash do everything faster? Has Wonder Woman really never faked an orgasm? Explore these questions and more with this collection of speculative comedic essays on how superpowers might affect the sex lives of famous superheroes. Based on genuine scientific research and both Marvel and DC comic book and movie canon, and more, Sex Lives of Superheroes is a refreshingly frank and fun deep dive into the pros, cons, and plot twists of superpowered sex. Drawing from

biology physics psychology and more to play out wild fictional scenarios about superheroes sex lives this in depth analysis will definitively answer your burning questions including How does sex ed from the 1930s and 1940s stack up to today s and what does that mean for Captain America s love life Can Spider Man do whatever a spider can in bed Do factors like radiation psychological stress and tight spandex affect Batman s sperm count Does Green Lantern prove that sex is better in space Would Wolverine s healing factor make his sperm immortal What would sex be like with Daredevil s enhanced senses Why did Dr Strange s girlfriend cheat on him with Benjamin Franklin Wait Superman made a porno With interludes detailing some of the strangest sexcapades in superhero history and the closest sexual equivalents we have in the real world Sex Lives of Superheroes is a testament that sometimes life is even stranger than fiction though not by much comics are weird Stimulating in more ways than one this provocative supplement to your favorite heroes lore is a hilarious and thought provoking glimpse under the covers revealing everything you ever wanted to know about the Sex Lives of Superheroes

The Rise and Rise of Indicators Stephen Morse,2019-05-20 This book makes indicators more accessible in terms of what they are who created them and how they are used It examines the subjectivity and human frailty behind these quintessentially hard and technical measures of the world To achieve this goal The Rise and Rise of Indicators presents the world in terms of a selected set of indicators The emphasis is upon the origins of the indicators and the motivation behind their creation and evolution The ideas and assumptions behind the indicators are made transparent to demonstrate how changes to them can dramatically alter the ranking of countries that emerge They are after all human constructs and thus embody human biases The book concludes by examining the future of indicators and the author sets out some possible trajectories including the growing emphasis on indicators as important tools in the Sustainable Development Goals that have been set for the world up until 2030 This is a valuable resource for undergraduate and postgraduate students in the areas of economics sociology geography environmental studies development studies area studies business studies politics and international relations
