**Political and Social Control in China** Ben Hillman, Chien-wen Kou, 2024-03-26 During the past decade Xi Jinping has reasserted the Chinese Communist Party s dominance of state and society tightening political and social controls to consolidate the Party s monopoly on political power in China This volume brings leading China experts together to

examine the changing mechanics of authoritarian rule in China and the Party's systematic efforts to neutralise potential threats. The book examines critical but little understood changes to the architecture of state which enables more effective top down rule and the efficient operation of an increasingly professional bureaucracy. This volume will be of interest to anyone who wants to understand how the CCP has consolidated its rule at home and how it relates to the Party's global ambitions for China's great national rejuvenation. **The People's Republic of China After 50 Years** Richard Louis Edmonds, 2000-03-09
