Social Issues And Party Politics

P. Lewis, Z. Mansfeldová

Social Issues And Party Politics:

Social Conservatives and Party Politics in Canada and the United States James Farney, 2012-06-04 The strength of the Tea Party and Religious Right in the United States alongside the Harper Conservatives stance on same sex marriage and religious freedom in Canada has many asking whether social conservatism has come to define the right wing of North American politics In this timely and penetrating book James Farney provides the first full length comparison of social conservatism in Canada and the United States from the sexual revolution to the present day Based on archival research and extensive interviews it traces the historic relationship between social conservatives and other right wing groups Farney illuminates why the American Republican Party was quicker to accept social conservatives as legitimate and valuable allies than the Conservative Party of Canada This book will be indispensable for understanding why a movement so powerful amongst American conservatives has been distinctively less important in Canada and how the character of Canadian conservatism means it will likely remain so *The European Union and Party Politics in Central and Eastern Europe* P.

Lewis, Z. Mansfeldová, 2006-10-30 This book examines the influence of the EU on party politics in the ten new EU countries from a variety of perspectives and using a range of empirical sources The book thus makes an original and distinctive contribution both to contemporary EU studies and to the literature on CE party systems and party development **Party Politics in Taiwan** Dafydd Fell, 2006-09-27 In 1991 Taiwan held its first fully democratic election This first single volume of party politics in Taiwan analyzes the evolution of party competition in the country looking at how Taiwan's parties have adjusted to their new multi party election environment It features key chapters on the development of party politics in Taiwan the impact of party change on social welfare corruption and national identity party politics in the DPP era Including interviews with high ranking Taiwanese politicians and material on the 2004 Presidential election this important work brings the literature up to date It provides a valuable resource for scholars of Chinese and Taiwanese politics and a welcome addition to the field of regime transition and democratization **Handbook of Party Politics** Richard S Katz, William J

Crotty, 2006-01-26 The Handbook of Party Politics is the first book to comprehensively map the state of the art in contemporary party politics scholarship This major new work brings together the world's leading party theorists to provide an unrivalled resource on the role of parties in the pressing contemporary problems of institutional design and democratic governance today **The Reshaping of West European Party Politics** Christoffer Green-Pedersen, 2019 This book focuses on the issue of the agenda of party politics Studying how political parties come to compete about some issues rather than others allows us to assess the role of new political parties This book highlights the central role of the parties that have traditionally governed in West European countries **The Problem of Party Government** Richard Rose, 2015-12-22

Intra-Party Politics and Coalition Governments Daniela Giannetti, Kenneth Benoit, 2008-10-27 This book explores how intra party politics affects government formation and termination in parliamentary systems where the norm is the

formation of coalition governments The authors look beyond party cohesion and discipline in parliamentary democracies to take a broader view assuming a diversity of preferences among party members and then exploring the incentives that give rise to coordinated party behaviour at the electoral legislative and executive levels The chapters in this book share a common analytical framework confronting theoretical models of government formation with empirical data some drawn from cross national analyses and others from theoretically structured case studies A distinctive feature of the book is that it explores the impact of intra party politics at different levels of government national local and EU This offers the opportunity to investigate existing theories of coalition formation in new political settings Finally the book offers a range of innovative methods for investigating intra party politics which for example creates a need to estimate the policy positions of individual politicians inside political parties This book will be of interest to political scientists especially scholars involved in research on political parties parliamentary systems coalition formation and legislative behaviour multilevel governance European and EU politics

Understanding British Party Politics Stephen Driver, 2011-05-16 This is an excellent text which charts a safe path for students through the minefield that is contemporary British party politics in a wonderfully efficient yet engaging way Colin Hay University Of Sheffield

Guide to U.S. Political Parties Marjorie R. Hershey, 2014-04-01 This one volume reference presents the major conceptual approaches to the study of U S political parties and the national party system describing the organization and behavior of U S political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations Further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics Key Features Thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the United States Top analysts of party politics provide insightful chapters that explore how and why the U S parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States

Party Politics in European Microstates Fernando Casal Bértoa, Patrick Dumont, 2022-11-30 This book represents the first comprehensive study of the evolution of parties and party systems in all nine democratic European states with less than one million inhabitants As small political units have for long been considered to be most conducive to stable democracy this volume analyses the actual role of political parties and partisan competition in the operation of modern democracy in those European microstates Drawing on the crucial contribution of leading country experts in the field it provides rich systematic contextualized knowledge on these lesser

known cases It further contributes to the mainstreaming of small state research in social science studies by comparing the experience of party politics in European microstates with that of larger countries in the same region of the world This volume will be of key interest to scholars and students of party systems and political parties elections and democracy small states European politics and more broadly of comparative politics *Feminists and Party Politics* Lisa Young,2000 The contemporary women s movement has transformed North American society Change has been greatest in the realm of everyday life but feminism has also challenged the substance and practice of politics *Feminists and Party Politics* examines the effort to bring feminism into the formal political arena through established political parties in Canada and the United States Political Institutions and Lesbian and Gay Rights in the United States and Canada Miriam Smith,2008-08-18 This book examines why the US and Canada have produced such divergent policy outcomes in affording rights to their gay and lesbian citizens Smith s contribution will prove vital as movements for lesbian and gay rights continue to recast the social landscape in North America and beyond **Pro-Family Politics and Fringe Parties in Canada** Chris MacKenzie,2014-05-14 Pro Family Politics and Fringe Parties in Canada explores the organizational and ideological nature of political parties that are initially formed to do the work of social movements Specifically it examines the development of the Family Coalition Party of British Columbia FCP from its origins as a group of alienated Social Credit Party members to its rebirth as the Unity Party of British Columbia and through its struggles as a marginal political entity along the way While addressing the FCP s relationship to the larger North American pro family movement Chris MacKenzie also deftly demonstrates how the party can be seen as organizationally congruent with its ideological antithesis the Green Party Basing his findings on seven years of field research he identifies the obstacles that political parties involved in social movement work must overcome in order for them to achieve their goals He concludes that despite their invaluable contribution to democracy such party movements have limited political institutionalization Consequently their only realistic goal may be to merge their ideals with those of another larger political body This book makes a substantial contribution to our understanding of the genesis development and impact of political party movements in Canada Moreover it provides useful insight into the dynamics and issues that make up the current pro family movements in Canada and the United States *Abortion Politics* Ziad Munson,2018-05-21 Abortion has remained one of the most volatile and polarizing issues in the United States for over four decades Americans are more divided today than ever over abortion and this debate colors the political economic and social dynamics of the country This book provides a balanced clear eyed overview of the abortion debate including the perspectives of both the pro life and pro choice movements It covers the history of the debate from colonial times to the present the mobilization of mass movements around the issue the ways it is understood by ordinary Americans the impact it has had on US political development and the differences between the abortion conflict in the US and the rest of the world Throughout these discussions Ziad Munson demonstrates how the meaning of abortion has shifted to reflect the changing

anxieties and cultural divides which it has come to represent Abortion Politics is an invaluable companion for exploring the abortion issue and what it has to say about American society as well as the dramatic changes in public understanding of women's rights medicine religion and partisanship

A Divided America: Understanding Party Politics in the Modern Age Pasquale De Marco, 2025-04-15 In the ever changing landscape of American politics understanding party politics has never been more crucial *A Divided America: Understanding Party Politics in the Modern Age* provides a comprehensive and engaging exploration of the dynamics of party politics in the modern age offering readers a deeper understanding of the two major parties that shape the nation's political landscape the Republican and Democratic Parties Delving into the historical roots of party politics the book traces the evolution of these parties examining the key factors that have contributed to their dominance in American politics It analyzes the challenges that party politics currently faces including the increasing polarization of the electorate the rise of third parties and independent candidates and the impact of money and special interests on the political process Moving beyond a historical perspective the book delves into the specific characteristics and strategies of the Republican and Democratic Parties It examines their core principles and ideologies highlighting how these principles have shaped their respective policies and positions on various issues The book also profiles key figures and leaders who have played pivotal roles in shaping the parties identities and guiding their political agendas Additionally it explores the parties electoral strategies analyzing how they mobilize their bases target swing voters and compete for control of government at various levels Furthermore the book explores the complex relationship between party politics and other key aspects of American society and governance It examines the role of interest groups and the media in influencing party platforms and policies analyzing the strategies that these groups employ to exert their influence The book also considers the impact of public opinion on party politics examining how public attitudes and sentiments shape the parties positions and electoral fortunes With its comprehensive analysis and insightful perspectives *A Divided America: Understanding Party Politics in the Modern Age* offers readers a deeper understanding of party politics in America It provides valuable insights into the challenges and opportunities that the two major parties face and it offers thought provoking perspectives on the future of party politics in the United States If you like this book write a review on google books

Globalizing Issues Erik Neveu, Muriel Surdez, 2020-09-07 This book is an invitation to question conventional and often misleading visions of globalization No problem is global by nature issues are transformed by the action of claims makers to become problems debated in supra national forums triggering policy choices and policy transformations Contributions highlight how health issues environmental issues and or political issues are framed as global by a set of stakeholders scientific experts bureaucrats political parties or actors social movements social networks firms As the volume maps the social logic behind the globalization of problems it also presents an opportunity for the very cross disciplinary collaboration it calls for researchers mobilizing the agenda setting paradigm of issue globalization and those working within the social constructionist model are

both represented here providing a unique opportunity to examine the dynamics of globalization from the perspectives of political media economic sociology international relations social movement studies and beyond Right Radicalism in Party and Political Systems in Present-day European States Natalia Eremina,Sergei Seredenko,2015-06-18 This book explores a broad range of concepts of and approaches to far right parties and ultranationalist ideology and studies the legal and political discourses within which they are often embedded Offering detailed insights into the nature of the far right and its viewpoints the book provides a multidimensional study of the evolution of the far right and its impact on the contemporary European political and party system society and state In addition a clear definition of the substantial amount of criminal far right parties in the Annex of the book dispels the illusion that far right ultranationalist groups do not represent a danger for both society and state This book has several unique aspects particularly its use of catalogues that allow for the researching of far right parties and ideology according to concrete definitions First Along the River Benjamin Kline,2022-01-06 First Along the River A Brief History of the U S Environmental Movement provides students with a balanced historical perspective on the history of the environmental movement in relation to major social and political events in U S history from the pre colonial era to the present The book highlights important people and events places critical concepts in context and shows the impact of government industry and population on the American landscape Comprehensive yet brief First Along the River discusses the religious and philosophical beliefs that shaped Americans relationship to the environment traces the origins and development of government regulations that impact Americans use of natural resources and shows why popular environmental groups were founded and how they changed over time The fifth edition includes up to date coverage of the environmental movement and developments including an overview of environmental issues since 2012 environmental policies impacted by the Trump administration the coronavirus pandemic and the switch back to a more global perspective under the Biden administration *Visions and Realities of Party Government* Francis G. Castles,Rudolf Wildenmann,2014-01-06 No detailed description available for Visions and Realities of Party Government Political Parties in American Society NA NA,2016-09-27 In this comprehensive introduction to political parties two of the country s foremost scholars combine the traditional PIE PIG PO approach with unique chapters on such issues as race and campaign finance Throughout the book the authors argue strongly in favor of the continued relevance of parties in the American political system and provide strong evidence that parties have adapted to the changing American political scene

Yeah, reviewing a book **Social Issues And Party Politics** could ensue your near connections listings. This is just one of the solutions for you to be successful. As understood, achievement does not recommend that you have astounding points.
