European Social Problems Stuart Isaacs, 2017-06-26 *European Social Problems* is the first book to examine social issues in Europe from the perspective of the social sciences It considers many of these social

problems following the UK's leave vote. Key topics examined here include immigration, multiculturalism, and religion, health inequalities, education, riots, and protest, drugs, and crime, sexuality. These core issues run as a thread through Europe and are experienced by Europeans themselves as social problems. As such, this text facilitates students' direct engagement with some of the problematic constituents in their own lives. This text is suitable for those studying social policy, sociology, politics, international relations, criminology, and education studies. In this way, it functions as an accessible reader for final year undergraduates as well as postgraduate students.

The Public Sector in Hong Kong, Second Edition Ian Scott, 2022-09-21. This book describes and analyses the role of the public sector in the often charged political atmosphere of post 1997 Hong Kong. In this second edition, Ian Scott explores public sector accountability in terms of Hong Kong's constitutional framework and the structure, functions, and personnel policies of its civil service system. He examines critical issues facing the administration of the public sector and the formulation and implementation of public policy with particular attention to the political challenges confronting the Hong Kong government over the past decade. A concluding chapter assesses how contested values in a changing political environment have affected the public sector in recent years. This edition has been fully updated to incorporate the latest statistics and research, including Scott's work in such areas as integrity management, corruption prevention, and policing. This book is an essential resource for scholars and students of public administration and public policy in Hong Kong and more broadly for those who are interested in how a particular jurisdiction deals with common administrative problems such as centralisation, the role of statutory bodies, corruption prevention, and the redress of citizens' grievances. Professor Ian Scott's book *The Public Sector in Hong Kong* now in a second, much expanded and up to date edition, offers a thorough and rigorous analysis of contemporary governance in Hong Kong, focusing on all the key stakeholders. The book is essential reading for government officials, politicians, journalists, academics, students, and the general public. John P. Burns, The University of Hong Kong. The second edition not only updates the development in the public sector of Hong Kong but also provides an important perspective to help readers understand the contexts that navigate its latest developments. This edition, along with Ian Scott's earlier work, will be judged by many in the field to be among the best books on Hong Kong politics. Hon S. Chan, City University of Hong Kong.

Politics and Government in Hong Kong Ming Sing,2009 This book examines the government of Hong Kong since its handover to mainland China in 1997 focusing in particular on the anti government mass protests and mobilisations in the years since 2003 It argues that Hong Kong has been poorly governed since transferring to Chinese rule and that public frustration with governmental performance including anti subversion laws and slow democratisation has resulted in the regular and massive protests which have been rare in Hong Kong s past political development The book then assesses different explanations for Hong Kong s government problems including lack of social cohesion incomplete economic restructuring structural budgetary

deficit severe social inequality intensifying cronyism and deficiencies within the political system itself It goes on to discuss the implications of poor governance for legislative elections civil society and constitutional development and considers the prospects for the future It argues that although in the short term the Hong Kong government has managed to maintain its popular support ratings in the longer run it is unlikely to be able to maintain its legitimacy in dealing with the fundamental challenges of government unless the current system is replaced by popular election of the government with appropriate institutional capacity and political powers

Capital Choices Juergen Braunstein, 2019-07-09 Sovereign wealth funds are state controlled pools of capital that hold financial and real assets including shares of state enterprises and manage them to grow the nation's base of sovereign wealth The dramatic rise of sovereign wealth funds SWFs in both number and size this group is now larger than the size of global private equity and hedge funds combined and the fact that most are located in non OECD countries has raised concern about the direction of capitalism Yet SWFs are not a homogenous group of actors Why do some countries with large current account surpluses notably China create SWFs while others such as Switzerland and Germany do not Why do other countries with no macroeconomic justification such as Senegal and Turkey create SWFs And why do countries with similar macroeconomic features such as Kuwait and Qatar or Singapore and Hong Kong choose different types of SWFs *Capital Choices* analyzes the creation of different SWFs from a comparative political economy perspective arguing that different state society structures at the sectoral level are the drivers for SWF variation Juergen Braunstein focuses on the early formation period of SWFs a critical but little understood area given the high levels of political sensitivity and lack of transparency that surround SWF creation Braunstein's novel analytical framework provides practical lessons for the business and finance organizations and policymakers of countries that have created or are planning to create SWFs

The Cinema of Stephen Chow Gary Bettinson, Vivian P.Y. Lee, 2024-09-05 An in depth exploration of the stardom and authorship of Stephen Chow Sing chi one of Hong Kong cinema's most enduringly popular stars and among its most commercially successful directors In the West Stephen Chow is renowned as the ground breaking director and star of global blockbusters such as *Kung Fu Hustle* 2004 and *Shaolin Soccer* 2001 Among Hong Kong audiences Chow is celebrated as the leading purveyor of local comedy popularising the so called mo lei tau gibberish brand of Cantonese vernacular humour and cultivating a style of madcap comedy that often masks a trenchant social commentary This volume approaches Chow from a diverse range of critical perspectives Each of the essays written by a host of renowned international scholars offers compelling new interpretations of familiar hits such as *From Beijing with Love* 1994 and *Journey to the West* 2013 The detailed case studies of seminal local and global movies provide overdue critical attention to Chow's filmmaking highlighting the aesthetic power economic significance and cultural impact of his films in both domestic and global markets

Hong Kong from Britain to China Li Pang-Kwong, 2018-02-05 This title was first published in 2000 The Sino British joint declaration in 1985 had called to the end of British rule in Hong Kong but the impacts of the agreed

introduction of popular election during the transitional period have still not fully emerged Being granted Hong Kong people governing Hong Kong by China after 1997 Hong Kong people are suddenly exposed to the kind of politics that they were not engaged in before The transitional politics is further complicated by the fact that the majority of Hong Kong voters supported the democrats whose political value and orientation differed from that of the Beijing government In order to comprehend the collective behaviour of the Hong Kong voters the author first traces the development of the Hong Kong state and put his readers into context of Hong Kong electoral politics By adopting the cleavage approach in explaining the voters choice and the election results since the 1990 the author examines whether the existing institutional arrangements as established by the Basic law is capable of solving the political and electoral conflicts of the days
