*Social Networks in Urban Situations* James Clyde Mitchell, 1969 The names of colors are woven into unrhymed poems that celebrate the seasons      **Social Networks in urban situations** ,1971      **Social Networks in Urban Situations** James Clyde Mitchell, 1975      **Social Networks in Urban Situations** James Clyde Mitchell, 1969      **Social Networks in Urban Situations** James Clyde Mitchell, 1969      **Social Networks in Urban Situations. Analyses of Personal Relationships in Central African Towns. Ed. by J.C. Mitchell. [Contribs by J.C. Mitchell, J.A. Barnes, A.L. Epstein A.o.].** J. C. Mitchell, J. A. Barnes, A. L. Epstein, 1969      **Social Networks** John Scott, 2002 This collection brings together the principal sources in the development of the techniques of social network analysis from early metaphorical statements in Simmel and Radcliffe Brown through the more systematic explorations in sociology and social anthropology to contemporary formalizations A new introduction explores the history of Social Networks and highlights the arguments of those who treat social network analysis as a loose qualitative approach as well as those who see its potential in technical mathematical uses The thematically organized coverage includes Part I Conceptualizing Social Networks Part II Topics and Developments in Graph Theory Part III Further Mathematical Models for Networks Part IV Applications Family and Community Part V Applications Corporate Power and Economic Structures Part VI Applications Political Protest and Policy Networks Part VII Applications Knowledge Reputation and Diffusion      Associational Life in African Cities Arne Tostensen, Inge Tvedten, Mariken Vaa, 2001 The book contains 17 chapters with material from 13 African countries from Egypt to Swaziland and from Senegal to Kenya Most of the authors are young African academics The focus of the volume is the multitude of voluntary associations that has emerged in African cities in recent years In many cases they are a response to mounting poverty failing infrastructure and services and more generally weak or abdicating urban governments Some associations are new in other cases existing organizations are taking on new tasks Associations may be neighbourhood based others may be city wide and based on professional groupings or a shared ideology or religion Still others have an ethnic base Some of these organizations are engaged in both day to day matters of urban management and more long term urban development Urban associations challenge the monopoly of local and central government institutions      *Social Networks* Samuel Leinhardt, 2013-09-17 *Social Networks A Developing Paradigm* contains studies of the nature and impact of social structure on behavior It draws together readings from a variety of social science areas that share the basic premise that structure in social relationships can be fruitfully operationalized in terms of networks It attempts to bring together classic works that opened new research areas and works that contain important statements of perspective method or empirical findings The book is organized into four parts Part I focuses on the cognitive organization of social relations and the effects of local social structure on individuals In Part II the authors consider networks of ties in large social agglomerations and treat a variety of different types of social relationships The emphasis here is on empirical studies Specific extant social networks are

investigated to test a variety of structural hypotheses Part III contains studies that address issues more common among social anthropologists than sociologists or social psychologists The chapters in Part IV while occasionally containing applications are primarily methodological These discuss mathematical and statistical ideas for modeling and analyzing social networks

**Advances in Social Network Analysis** Stanley Wasserman, 1994-08-12 Social network analysis a method for analyzing relationships between social entities has expanded over the last decade as new research has been done in this area How can these new developments be applied effectively in the behavioral and social sciences disciplines In *Advances in Social Network Analysis* a team of leading methodologists in network analysis addresses this issue They explore such topics as ways to specify the network contents to be studied how to select the method for representing network structures how social network analysis has been used to study interorganizational relations via the resource dependence model how to use a contact matrix for studying the spread of disease in epidemiology and how cohesion and structural equivalence network theories relate to studying social influence It also offers statistical models for social support networks *Advances in Social Network Analysis* is useful for researchers involved in general research methods and qualitative methods and who are interested in psychology and sociology

**Quality of Urban Life** Dieter Frick, Hans W. Hoefert, Heiner Legewie, Rainer Mackensen, Rainer K. Silbereisen, 2013-06-21 No detailed description available for *Quality of Urban Life*

**Urban Life** George Gmelch, Petra Kuppinger, 2018-01-03 More than half of the world's population lives in cities What are their lives like in very different global and globalizing cities How can urban anthropologists study and understand the diverse and complex experiences of urban dwellers all over the globe The latest edition of *Urban Life* explores questions about how to study urban lives and examines experiences of urban inhabitants in cities across the globe Authors ask questions such as how can one study the activities in a huge fish market in Tokyo How do elderly residents benefit from urban agriculture in New York City How do people maneuver ever present traffic jams in Istanbul How do low income residents in Cairo manage their lives drawing on neighborhood social networks How do immigrants fight for green spaces in Paris How do families manage transnational ties between New York City and Ecuador The book is organized into six parts Urban Fieldwork Communities Urban Structure Inequality and Survival Immigrants Migrants and Refugees Changing Cities and Current Topics in Urban Anthropology The last part addresses issues at the forefront of anthropological research and broader political debates like environmental justice disability and accessibility and access to water supplies Each part includes an introduction and each chapter is preceded by notes about its context and relevance The rich ethnographic content of the chapters makes them highly accessible to students while addressing relevant topics and themes

**The Urban Context** Alisdair Rogers, Stephen Vertovec, 2020-12-23 Addresses issues of current social and theoretical concern such as urban ethnic conflict multiculturalism and immigration How do people make sense of their lives amid the social and cultural diversity of cities The essays in this volume argue that a powerful and related set of methodologies including comparative research the

ethnography of situations such as dances and parades and social network analysis can further our understanding of the intertwined processes of ethnicity and community class and gender Written by leading researchers from a number of disciplines these essays demonstrate a sensitivity to places and contexts ranging from Los Angeles to Queensland Students of anthropology geography and urban studies will find this book an invaluable guide to the intricacies of urban social life in the late 20th century

*Food Production in Urban Areas* Kwaku Obosu-Mensah, 2018-08-20 Published in 1999 this book explores the emergence of contemporary urban agriculture as well as official attitudes toward this practice Using three theoretical models the author tells us who is more likely to be involved in urban agriculture In line with this he explains why contrary to expectations in Ghana there are more males than females involved in urban agriculture The author also addresses issues such as the influence of social inequality and the effects of social networks on urban agriculture Furthermore he identifies the problems urban cultivators encounter as city farmers and how they cope with such problems Finally the author predicts the future trend in urban agriculture This thought provoking book will be of interest not only to public policy makers and planners but also to students and teachers of African studies urban studies and sociology

**Social Sustainability in Urban Areas** Tony Manzi, Karen Lucas, Judith Allen, Tony Lloyd Jones, 2010 This groundbreaking new volume on social sustainability offers both critique and creative solutions It challenges the conventional wisdoms of social sustainability and presents practical examples of projects that will help practitioners to think carefully and innovatively about the situations they are addressing The book consists of original contributions from academics working in the fields of urban planning housing regeneration transport and international sustainable development Drawing on case study research gathered in the UK Europe and Africa it adopts an original interdisciplinary approach to both theory and practice illustrating the challenges and opportunities facing policy makers and practitioners attempting to develop manage and maintain sustainable communities The authors argue that the dominant approach of how to do small scale social sustainability fails to locate it within broader social processes Ignoring the context not only sustains but also actively reproduces wider inequalities The book presents a new more coherent and more complete approach to issues of social sustainability in urban areas The book approaches current urban policy discourses in three different ways represented by three sections firstly focusing on small places within the urban fabric secondly addressing the whole urban fabric by examining whether changing urban living and working patterns The third section explores some of the ways that funding can be secured to achieve the aims of social sustainability and the social planning associated with it

*Regenerating deprived urban areas* Rene Peter Hohmann, 2013-10-16 In response to the challenges posed by urban decline local policy activism has increased in countries across Europe Ren Peter Hohmann argues here that we should view these area based community initiatives such as England's New Deal for Communities and Germany's Social City Program as incubators for new forms of urban governance that seek to foster the active participation of residents and nonprofit groups Based on his comparative analysis of initiatives in Bristol

England and Duisburg Germany Hohmann s study provides a richly informed assessment of local policy activism and its impact on neighborhood organizations and developers      Neighbourhood and Social Networks in Urban India Andréa
