language employed the definitions adhered to and the reliance on providers to respond to requests from Social Security and their patients to support their claims when warranted Almost all medical and mental health professionals will need to interact with Social Security at some point but will not understand the relevance or importance of their response Much hangs on the clarity of treatment notes and opinions rendered by clinicians Not only can their failure to respond to requests for Social Security or to their patients in a disability case obstruct their patients access to benefits it may also put a provider at risk of board censure or civil suit
