Social Work As Art Making Sense For Good Practice

Wade Tovey

Social Work As Art Making Sense For Good Practice:

Social Work as Art Hugh England, 1986 **The SAGE Handbook of Social Work** Mel Gray, James Midgley, Stephen A Webb, 2012-06-22 This Handbook is the world's first generic major reference work to provide an authoritative guide to the theory, method and values of social work in one volume. Drawn from an international field of excellence, the contributors each offer a critical analysis of their individual area of expertise. The result is this invaluable resource collection that not only reflects upon the condition of social work today but also looks to future developments. Split into seven parts, the Handbook investigates Policy, dimensions, Practice, Perspectives, Values and ethics, The context of social work, Research, Future challenges. It is essential reading for all students, practitioners, researchers and academics engaged in social work. *Social Work* Sally Holland, Jonathan Scourfield, 2015-06-25 Social workers spend their time trying to ease social suffering. They encounter the extreme casualties of social inequality: the victims of poverty, illness, addiction and abuse; they work with abusers and offenders and operate in the space between the State and the poor or marginalized. Social work is replete with vivid human stories: the troubled teenage boy who cannot settle in a foster home; the frail older woman who is desperate for social contact; the community seeking a way to tackle gang violence; the sex offender leaving prison and the disputed territory of international adoption. Social work therefore holds a fundamental importance throughout the modern world. In this Very Short Introduction, Sally Holland and Jonathan Scourfield explain what social work is and look at its rich historical development. Reflecting international human stories of social problems and social work relationships, as well as the philosophies behind the practice and the evidence about what works throughout the world, they look at the various definitions, history and debates about purpose and effectiveness, theory and methods. Including wide-ranging examples of social work practice around the world and within particular population groups, they reflect the international variation of social work theory and practice, as well as highlighting all of the main controversies and debates. ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas and enthusiasm to make interesting and challenging topics highly readable. **Evidence and Knowledge for Practice** Tony Evans, Antony Evans, Mark Hardy, 2010-05-03 Evidence and knowledge are fundamental in professional practice. A key skill for social workers is understanding how to use the range of sources available. This book recognizes and builds on the complex nature of social work practice. The Short Guide to Social Work Robert Adams, 2010 This one-stop text for new and prospective social work students is easy to read and full of essential information and practical advice about what is needed to qualify and practice in social work. **Professional Social Work** Jonathan Parker, Mark Doel, 2013-11-08 If social work students are to flourish in their careers and go beyond a basic sense of competence in practice, it is essential to develop a sense of Professional Self. This book will help students develop critical understanding of their own social work.

practice and the tools and skills required to become a professional social worker. It includes Chapters on practising Reflexivity and the importance of Relationships in social work. Contributions from leading social work academics. A focus on building a professional identity through learning and practice. The emphasis is on developing your professionalism and how that journey translates into everyday practice. To help this growth there are further chapters on getting the best from continuing professional development, challenging poor practice and professionalism and ethics. Professor Jonathan Parker is Deputy Dean for Research and Enterprise and Director of the Centre for Social Work and Social Policy at Bournemouth University. He is currently conducting cross cultural research on learning and practice with colleagues in Southeast Asia. Professor Mark Doel is Professor Emeritus in the Centre for Health and Social Care Research at Sheffield Hallam University and a registered social worker. Mark's research experience is in the fields of practice education, social work practice methods and service user involvement.

Working Inter-Culturally in Counselling Settings Aisha Dupont-Joshua, 2003-09-02

What does it mean to work inter culturally? Our multi cultural society is changing the parameters of counselling. *Working Inter Culturally in Counselling Settings* explores how racial issues can be recognised and worked within a practical clinical setting. The book looks at how the counselling setting can influence practice and the book includes chapters in a range of settings including counselling training and supervision, social work, the probation service and prisons, setting up counselling services in culturally diverse communities. Aisha Dupont-Joshua together with contributors of diverse cultural heritage moves away from exclusive white models of thought and adopts more of a world view inclusive of cultural difference. *Working Inter Culturally in Counselling Settings* will be invaluable for counsellors, trainers, supervisors and other mental health professionals.

Social Change and Social Work Timo Harrikari, Pirkko-Liisa Rauhala, 2016-04-01

Social Change and Social Work discusses and examines how social work is challenged by social, political and economic tendencies going on in current societies. The authors ask how social work as a discipline and practice is encountering global and local transformations. Divided into three parts, topics covered include the changing social work mandate throughout history, social work paradigms and theoretical considerations, phenomenological social work practice research and gender and generational research. Taken together, the chapters in this anthology provide an authoritative and up to date overview of current discussions within the European social work research community.

Working with People with Learning Disabilities David Thomas, Honor Woods, 2003

The authors bring together the relevant theory for social workers, nurses, teachers and others working with people with learning disabilities. Using jargon free explanations and case examples, they present the information needed to inform good practice.

Decolonizing Social Work Mel Gray, John Coates, Michael Yellow Bird, Tiani Hetherington, 2016-05-13

Riding on the success of *Indigenous Social Work Around the World*, this book provides case studies to further scholarship on decolonization, a major analytical and activist paradigm among many of the world's Indigenous Peoples including educators, tribal leaders, activists, scholars, politicians and citizens at the grassroots level. *Decolonization*

seeks to weaken the effects of colonialism and create opportunities to promote traditional practices in contemporary settings Establishing language and cultural programs honouring land claims teaching Indigenous history science and ways of knowing self esteem programs celebrating ceremonies restoring traditional parenting approaches tribal rites of passage traditional foods and helping and healing using tribal approaches are central to decolonization These insights are brought to the arena of international social work still dominated by western based approaches Decolonization draws attention to the effects of globalization and the universalization of education methods of practice and international development that fail to embrace and recognize local knowledges and methods In this volume Indigenous and non Indigenous social work scholars examine local cultures beliefs values and practices as central to decolonization Supported by a growing interest in spirituality and ecological awareness in international social work they interrogate trends issues and debates in Indigenous social work theory practice methods and education models including a section on Indigenous research approaches The diversity of perspectives decolonizing methodologies and the shared struggle to provide effective professional social work interventions is reflected in the international nature of the subject matter and in the mix of contributors who write from their contexts in different countries and cultures including Australia Canada Cuba Japan Jordan Mexico New Zealand South Africa and the USA

Social Work with Children and Families Penelope Welbourne, 2012-06-14 There is an increasing emphasis on post qualifying training for social workers especially in the complex and demanding area of working with children and families This essential textbook is especially designed for practitioners studying at this level Accessible and thorough the text focuses on a mixture of conceptual and organisational topics skills law policy and key practice issues It includes chapters on Social work values and ethics Risk uncertainty and accountability Direct work with children and young people Promoting security and stability Working with reluctant service users Assessment of parenting Working with poverty drugs and alcohol Going to court and the legal framework Children and young people going home Supporting others in their professional development Using case studies and activities to link research theory and practice Social Work with Children and Families takes a wider look at the role and tasks of an experienced social work practitioner and the skills and knowledge needed to develop professionally from this point

Social Work in a Risk Society Stephen A. Webb, 2006-01-23 This path breaking text constructs a new way of thinking about social work based on contemporary social theory Working in a counter tradition that is suspicious of a number of governing ideas and practices in social work it draws on themes from Beck Giddens Rose to explore the impact of risk society and neo liberalism on social work

[The Post-qualifying Handbook for Social Workers](#) Wade Tovey, 2007 In October 2007 the post qualifying PQ framework for all social workers in England will be transformed and this handbook will supply fundamental guidance for all practising social work professionals and the staff who support them

Best Practice in Social Work Karen Jones, Barry Cooper, Harry Ferguson, 2007-11-27 Social work has laboured too long under a deficit model that focuses on failings and problems of practice Emphasising best practice strengths and

collaborative partnership this ambitious book seeks to redress the balance Undergraduate and post qualifying social work students alike will find it a useful resource *Utopian Thinking and Social Work* Chris Horsell, 2025-02-03 This book highlights the importance of employing imaginative sensibilities to thinking and action in social work and social policy practice Exploring the question of how ideas about utopia and utopian method can be used in social work practice and policy practice to address social inequalities it shows that central to this critique is the argument that contemporary social policy responses and subsequent social work interventions to a range of policy problems e g homelessness poverty family violence need to acknowledge the failure of dominant neoliberal discourses in addressing these issues The COVID 19 pandemic has highlighted and in many ways exacerbated existing inequalities and the post pandemic future provides opportunities to put utopian ideas into action Showing how utopian thinking can challenge fundamental assumptions regarding welfare dependency and unitary identities in policy settings this book will be of interest to all scholars students and professionals working in social work and social policy

Relationship Skills in Social Work Roger Hennessey, 2011-02-09 Roger Hennessey has written a wonderfully warm and readable book about the importance of a relationship based approach to social work practice It is full of wisdom humanity and commonsense The book is rich with examples and exercises You know that you are in the hands of an expert whose skill experience and understanding shine and reassure on every page Professor David Howe School of Social work and Psychology University of East Anglia Human relationships lie at the very heart of social work practice and an understanding of their importance is a crucial aspect of training This book considers the place of relationships in current practice and explores the ways in which social workers can use relationship skills to achieve the best possible outcomes for their clients The book also offers a unique discussion of the social worker s relationship with him or herself arguing that self awareness is as essential to good practice as an emotional understanding of the other In doing so the book promotes a new model for relationship based social work which emphasises the importance of both the inter and intrapersonal Opening with an introduction to the theoretical bases of the relationship based model the book then focuses on their direct application to social work practice Key topics include Self awareness and using oneself Knowing the other person Sustaining oneself The ethics of relationship based social work Internalising knowledge skills and values Using reflective exercises and case studies the book encourages students to relate the tools they have learnt to practice scenarios from the real world and is essential reading for all qualifying social work students

Social Work Mark Lymbery, Karen Postle, 2007-03-29 This engaging and stimulating book is well placed to become a key text in many student social workers reading lists Journal of Interprofessional Care An excellent book abounding with conceptual insights bursting with research and evidence based reasoning and pretty comprehensive in the spread of topics It contains plenty of though provoking material in nice sized chunks that challenged me to think about my practice in different ways and also made me want to find out more The range of contributors is impressive and students could do a lot worse than digest and reference their work in

assignments Professional Social Work a comprehensive account of the issues related to social workers personal development and latest developments in social work practice I have no doubt that this book will provide an invaluable reference guide for social workers who are interested in the development of the profession Social Policy and Social Work SWAP This book is put together in an accessible and engaging way which serves to stimulate the reader by posing questions and creating opportunities for reflecting on the key learning points of each chapter It should be an essential reading item on the book list of every social work student and act as a training resource to those training future social workers and those already established within the profession Health Social Care in the Community In recent years social work has been devalued by politicians and the media However it requires practitioners equipped with key skills to empower individuals and communities and rooted in values which stimulate them to promote social justice It is heartening that social work educators are at the forefront of equipping social workers with the skills and values to promote a better society This book will open hearts and minds to achieve these ends Bob Holman former Community Worker and Professor of Social Policy Social Work A Companion to Learning is an exciting and definitive new book that will equip readers with the core knowledge and skills they need to successfully complete their social work training and go on to be an effective practitioner The text takes a holistic and critical approach not only enabling students and practitioners to understand how to practise social work effectively but also how to locate this practice within its societal context Written and edited by leading experts in the field each chapter skilfully explores key themes issues and concepts underpinning social work theory and practice in an engaging authoritative and accessible way The selection of topics serves to establish the contexts through which social work education can best be understood the core requirements and processes that characterise social work courses the issues involved in continuing professional development The chapters comprise a wide range of key issues such as communication skills partnership working the values of social work supervision management law and research mindedness as well as two unique chapters written exclusively from service users perspectives Case studies interactive questions key points and further reading sections are used throughout the book to bring the material to life and aid readers understanding Social Work A Companion to Learning will be a core text for students and practitioners at all levels providing the most up to date and comprehensive companion they will need to help them progress in their careers Mark Lymbery has taught social work at the University of Nottingham since 1995 He is the author of Social Work with Older People 2005 also published by SAGE Karen Postle is a lecturer in social work at the University of East Anglia Both authors have a background as social work practitioners

Advances in Sociology Research Leopold M. Stoneham, 2004 Presents original research results on the leading edge of sociology Each chapter has been carefully selected in an attempt to present substantial advances across a broad spectrum

Reclaiming Social Work Iain Ferguson, 2007-12-12 Reclaiming Social Work is a thought provoking and innovative book which examines how social work s commitment to social justice has been deepened and enriched by its contact with wider

social movements It explores the tensions between social work values and a market driven agenda and locates new resources of hope for the social work profession in the developing resistance to managerialism The book discusses pertinent social work issues such as inequality and risk the voluntary sector and service user involvement examines values such as democracy solidarity accountability participation justice equality liberty and diversity is written in an accessible style drawing on diverse examples to illustrate theoretical concepts Reclaiming Social Work is an accessible yet challenging book and will be essential reading for all social work students and practitioners wanting to think outside the boundaries of their profession The book will be particularly helpful to students taking courses in anti oppressive practice social work values social work theories and concepts and international social work Iain Ferguson is a Senior Lecturer in Social Work at the University of Stirling Previous publications include Rethinking Welfare A Critical Perspective SAGE 2002 co authored with Michael Lavalette and Gerry Mooney Globalisation Global Justice and Social Work Routledge 2004 co edited with Michael Lavalette and Elizabeth Whitmore and International Social Work and the Radical Tradition Venture Press 2007 co edited with Michael Lavalette Participation, Marginalization and Welfare Services Aila-Leena Matthies, Lars Uggerhøj, 2016-05-13 Current debates around participation and marginalization dominate the agenda of many European political forums There is an increasing concern about the stability of social cohesion and a growing number of particular groups of people who are regarded as being at risk of being socially excluded or marginalized This volume goes beyond the surface of public discussions to look at the central role played by welfare services in European societies in either strengthening or hindering participatory citizenship and democracy In current discussions welfare services understood in a broad sense are centrally positioned there are high expectations that welfare services can hinder marginalization and enable participation Yet marginalization is in most cases rooted in the deeper structures of society with economy participation and involvement dependent on political or highly personal factors which are beyond the scope of welfare services This groundbreaking volume posits that participation and marginalization are twin concepts expressing opposing sides of one and the same processes faced by individuals and communities It will be essential reading for social workers sociologists and policy makers throughout Europe
