Community Nursing Practice Winsome St John, 2020-08-04 Community practice is a stimulating and diverse field of nursing Community nurses often work without direct support from other health professionals and need not only excellent clinical skills but also skills in communication research and health promotion Community Nursing Practice offers a thorough introduction to the role of the community nurse Based on principles of primary health care it outlines the theory knowledge and skills required to make a difference to the health and wellbeing of individuals families groups and even whole communities The contributors make a point of articulating knowledge that is often taken for granted among experienced practitioners Community Nursing Practice is based on the premise that community nursing is a specialist field of nursing practice in its own right and nurses require a specific body of knowledge to work effectively in a community setting no matter what their clinical focus or location Contributors outline the foundations of community practice including principles of disease prevention and wellness promotion as well as a social

model of health Together with the skills required for work with different population groups the contribution of research is explored Professional skills including program management advocacy teamwork home visiting and self management are also covered With contributions from leading nurse educators and researchers Community Nursing Practice is richly illustrated with case studies and examples from a variety of practice settings It is an essential student text and valuable professional reference

Making Joyful Noise Andrew Malekoff, Robert Salmon, Dominique Moyse Steinberg, 2014-01-02 This diverse collection of articles by group work professionals who work in the classroom and in the field captures not only the art and science of social work with groups but also its soul highlighting practice teaching and writing ideas that promote the power of group work and the people who do it Making Joyful Noise reinforces the value and uniqueness of group work as a positive optimistic empowering and affirming way of working with people The articles presented here cover a wide range of age groups populations and settings and include examples on the use of activity and discussion in groups a poetry club for children the meaning of camp for preadolescents a boxing group for adolescents who live in the inner city self defense classes for adults and caregiver support for the elderly The book also steps into the classroom to promote the teaching of social group work and the education of advanced group work practitioners and to encourage practitioners to write about their group work practice Finally the book presents and illustrates a number of concepts that are unique to group work and that encourage front line practitioners to be bold and to stay in the mess While organized as a tribute to the late Dr Roselle Kurland Making Joyful Noise is in and of itself an important collection of articles and essays on social group work and one that is certain to provide all practitioners who are interested in group work with a spark a smile and some needed inspiration for their important work Making Joyful Noise includes essentials for preserving promoting and portraying group work practice the critical relationship between human and professional ethics in group work six common mistakes that practitioners make in regard to group purpose using organizational analysis to improve group work practice creatively blending activity and discussion in diverse settings cultivating collegiality to reduce isolation and enhance practice developing a capacity to stay in the mess in group work with people of all ages skills for effectively working with transitions separation and loss in group guidelines for practitioners wishing to write for publication and much more This book is a rich and diverse collection that is required reading for anyone working to promote social work with groups

The Last Shaman Andrew Gray, 2003-08-01 The Arakmbut are an indigenous people who live in the Madre de Dios region of the southeastern Peruvian rain forest Since their first encounters with missionaries in the 1950s they have shown resilience and a determination to affirm their identity in the face of many difficulties During the last fifteen years Arakmbut survival has been under threat from a goldrush that has attracted hundreds of colonists onto their territories This trilogy of books traces the ways in which the Arakmbut overcome the dangers that surround them their mythology and cultural strength their social flexibility and their capacity to incorporate non indigenous concepts and activities into their defence strategies Each area is

punctuated by the constant presence of the invisible spirit which provides a seamless theme connecting the books to each other The death of a shaman in 1980 had an enormous spiritual and political consequences for one of the Arakmbut communities resulting in a shift in its social organization from comparative hierarchy to a more egalitarian system The author uses this case as an illustration to challenge the idea that indigenous peoples live in fossilized static worlds He shows that political activities in conjunction with shamanic communication with the spirit world provide the impetus and context for change Journal of Education for Social Work ,2002 Social Work Education Reporter ,1998 **Neoliberalism, Nordic Welfare States and Social Work** Masoud Kamali,Jessica Jönsson,2018-04-17 How have three decades of neoliberalism affected the Nordic welfare states as well as the organisation education and practices of social work in those countries During recent decades the welfare states of Denmark Finland Norway and Sweden have gone through dramatic changes influenced by the political triumph of neoliberalism This has led to both the electoral success of extreme right and mainstream neoliberal parties and to the neoliberal ideological transformations of social democratic parties The neoliberal doctrine of making governance cheaper has thus been made the focus of governance and has led to increased marginalisation and social problems This is the first book to comparatively explore the role of neoliberal reforms on social work and social policy across the Nordic welfare states The richly theoretical and empirical chapters explore and illustrate the consequences of the dominance of neoliberal policies and provide an analysis of the effects of globalisation glocalisation welfare nationalism symbolic violence and forced migration The book provides valuable insights into the shortcomings of retreating welfare states in a time of increasing glocal social problems Neoliberalism Nordic Welfare States and Social Work should be considered essential reading for critical social work education Students scholars educators and researchers of Nordic countries and beyond have much to learn from this book Letting Them Die Catherine Campbell,2003-09 Based on interviews examines the barriers and constraints to prevention programmes carried out in the mining community of Summertown Focuses on the mobilization of sex workers young people and stakeholders
