

Social Judgment Process (Sherif)

Social Judgment

**Robert M. Arkin, Kathryn C.
Oleson, Patrick J. Carroll**

Social Judgment:

Social Judgement Theory Michael E. Doherty, 1996 This special issue of Thinking and Reasoning is devoted to social judgement theory SJT which has its origins in Egon Brunswik's probabilistic functionalism The first paper discusses the history and theory of SJT and explores Hammond's distinction between coherence and correspondence criteria The next paper presents the major methodological approaches of SJT with a focus on the Lens Model Four applications follow including an exploration of the medical applications of SJT

Social Judgment and Decision Making Joachim I. Krueger, 2012 First Published in 2012 Routledge is an imprint of Taylor Francis an informa company The Self in Social Judgment Mark D. Alicke, David A. Dunning, Joachim Krueger, 2013-05-13 The volume begins with a historical overview of the self in social judgment and outlines the major issues Subsequent chapters all written by leading experts in their respective areas identify and elaborate four major themes regarding the self in social judgment the role of the self as an information source for evaluating others or what has been called social projection the assumption of personal superiority as reflected in the pervasive tendency for people to view their characteristics more favorably than those of others the role of the self as a comparison standard from or toward which other people's behaviors and attributes are assimilated or contrasted the relative weight people place on the individual and collective selves in defining their attributes and comparing them to those of other people

Social Judgment and Intergroup Relations Donald Granberg, Gian Sarup, 2012-12-06 Social Judgment and Intergroup Relations Essays in Honor of Muzafer Sherif is a stimulating collection which paints a crisp and fascinating picture of social psychology during its decades of growth into a mature science With his important contributions in the study of social norms attitudes self concept group relations and other areas Muzafer Sherif was a key figure in the discipline Each essay in this book illustrates the lasting influence of Muzafer Sherif's seminal work in social psychology Social Judgment Muzafer Sherif, Carl Iver Hovland, 1961

Social Judgment J. Richard Eiser, 1990 In broad terms social judgement is concerned with how we make sense of our social world This book is about the relevance of processes such as attitudes impressions self appraisals and the interplay of emotion and rationality to social psychology *The Self in Social Judgment* Mark D. Alicke, David A. Dunning, Joachim Krueger, 2013-05-13 The volume begins with a historical overview of the self in social judgment and outlines the major issues Subsequent chapters all written by leading experts in their respective areas identify and elaborate four major themes regarding the self in social judgment the role of the self as an information source for evaluating others or what has been called social projection the assumption of personal superiority as reflected in the pervasive tendency for people to view their characteristics more favorably than those of others the role of the self as a comparison standard from or toward which other people's behaviors and attributes are assimilated or contrasted the relative weight people place on the individual and collective selves in defining their attributes and comparing them to those of other people

The Construction of Social Judgments Leonard L. Martin, Abraham Tesser, 2013-05-13 Researchers have been

addressing social judgment from a cognitive perspective for more than 15 years Within recent years however it has become increasingly clear that many of the models and assumptions initially adopted are in need of revision The chapters in this volume point out where the original models and assumptions have fallen short and suggest directions for future research and theorizing The contributors address issues related to judgment memory affect attitudes and self perception In addition many present theoretical frameworks within which these different issues can be integrated As such this volume represents the transition from one era of social cognition research to the next

Leadership Peter G. Northouse, 2018-02-09 In this fully updated Eight Edition of Leadership Theory and Practice a new chapter on Followership examines the central role followers play in the leadership process and unpacks the characteristics of both effective and ineffective followers The new edition also includes a new Ethical Leadership Style Questionnaire and new coverage on the dark side of leadership and destructive leadership Adopted at more than 1600 institutions in 89 countries and translated into 13 different languages this market leading text successfully combines an academically robust account of the major theories and models of leadership with an accessible style and special emphasis on how leadership theory can inform leadership practice Peter G Northouse uses a consistent structure for each chapter allowing students to easily compare and contrast the various theories Case studies and questionnaires provide students with practical examples and opportunities to deepen their personal understanding of their own leadership

Social Judgment Muzafer Sherif, 1961

Communication Yearbook 6 Michael Burgoon, 2012-05-23 First published in 2012 The Communication Yearbook 6 publishes a survey of trends at the frontiers of communication's many sub fields including interpersonal mass organizational and political communication and human communication technologies

Handbook of the Uncertain Self Robert M. Arkin, Kathryn C. Oleson, Patrick J. Carroll, 2013-05-13 This Handbook explores the cognitive motivational interpersonal clinical and applied aspects of personal

uncertainty It showcases both the diversity and the unity that defines contemporary perspectives on uncertainty in self within social and personality psychology The contributions to the volume are all written by distinguished scholars in personality social psychology and clinical psychology united by their common focus on the causes and consequences of self uncertainty Chapters explore the similarities and differences between personal uncertainty and other psychological experiences in terms of their nature and relationship with human thought emotion motivation and behavior Specific challenges posed by personal uncertainty and the coping strategies people develop in their daily life are identified There is an assessment of the potential negative and positive repercussions of coping with the specific experience of self uncertainty including academic health and relationship outcomes Throughout strategies specifically designed to assist others in confronting the unique challenges posed by self uncertainty in ways that emphasize healthy psychological functioning and growth are promoted In addition the contributions to the Handbook touch on the psychological social and cultural context of the new millennium including concepts such as Friedman s flat world confidence the absence of doubt in world leaders the threat of terrorism since 9 11 the arts doubt and religious belief and views of doubt as the universal condition of humankind The Handbook is an invaluable resource for researchers practitioners and senior undergraduate and graduate students in social and personality psychology clinical and counseling psychology educational psychology and developmental psychology

Principles of Frontal Lobe Function Donald T. Stuss, Robert T. Knight, 2013 Principles of Frontal Lobe Function Second Edition is an expanded volume divided into 9 sections representing major research and clinical disciplines including new topics such as social neuroscience This book will provide clinicians researchers and students with the most current information as the mystery of the frontal lobes is unraveled

Judgment and Decision Making David Hardman, 2009-02-09 Judgment and Decision Making is a refreshingly accessible text that explores the wide variety of ways people make judgments It examines assessments of probability frequency and causation as well as how decisions are rendered under conditions of risk and uncertainty Topics covered include dynamic everyday and group decision making individual differences and the nature of mind and brain in relation to judgment and decision making Offering up to date theoretical coverage including perspectives from evolutionary psychology and neuroscience this volume has everything a psychology student needs for BPS accreditation whilst drawing out the practical applications for non psychology students with plentiful examples from business economics sport law and medicine The latest addition to the BPS Textbooks in Psychology series this thorough text provides a succinct reader friendly account of the field of judgment and decision making

Implicit Measures of Attitudes Bernd Wittenbrink, Norbert Schwarz (Dr. phil.), 2007-01-05 Increasingly used in social and behavioral science research implicit measures aim to assess attitudes that respondents may not be willing to report directly or of which they may not even be aware This timely book brings together leading investigators to review currently available procedures and offer practical recommendations for their implementation and interpretation The theoretical bases of the various approaches are explored and their respective

strengths and limitations are critically examined The volume also discusses current controversies facing the field and highlights promising avenues for future research

English for Business Communication Mable Chan, 2020-01-06 This textbook provides a comprehensive introduction for students and professionals who are studying English for business or workplace communication and covers both spoken and written English Based on up to date research in business communication and incorporating an international range of real world authentic texts this book deals with the realities of communication in business today Key features of this book include use of English in social media that reflects recent trends in business communication coverage of the concept of communicative competence analysis of email communication introduction to informal English and English for socialisation as well as goodwill messages such as thank you or appreciation messages which are a part of everyday interaction in the workplace examination of persuasive messages and ways to understand such messages an e resources website that includes authentic examples of different workplace genres and a reference section covering relevant research studies and weblinks for readers to better understand the topics covered in each chapter This book goes beyond the traditional coverage of business English to provide a broad and practical textbook for those studying English in a workplace setting

Persuasion Daniel J. O'Keefe, 2015-02-18 Persuasion Theory and Research Third Edition is a comprehensive overview of social scientific theory and research on persuasion Written in a clear and accessible style that assumes no special technical background in research methods the Third Edition has been thoroughly revised to reflect developments in persuasion studies New discussions of subjects such as reactance and the use of narratives as vehicles for persuasion revised treatments of the theories of reasoned action and planned behavior and two new chapters on social judgment theory and stage models provide your students with the most current work on persuasion in a clear straightforward manner In this edition author Daniel J O Keefe has given special attention to the importance of adapting tailoring messages to audiences to maximize persuasiveness Each chapter has a set of review questions to guide students through the chapter s material and quickly master the concepts being introduced

The Cognitive Bases of Interpersonal Communication Dean E. Hewes, 2013-12-16 Our interpretations of the world we live in and the people and institutions that comprise it are acquired through complex interactions among what we believe to be true what the world is and or what others think it is Understanding those complex interactions is one of the most important goals of the social sciences Of the many disciplines that have contributed to that understanding two take center stage in this book psychology and communication This volume s purpose is to reconnect the partially isolated environments of social psychology and communication To do so it utilizes four building blocks the cognitive foundations of interpersonal communication as it might be studied from a social psychological perspective insiders views of interpersonal communication from a cognitive psychological standpoint insiders approaches to interpersonal communication from an AI perspective a critique of the cognitive enterprise that reflects the strong philosophical grounding of communication Overall the chapters typify some of

the most interesting cognitive work done in the study of interpersonal communication As such the book should promote productive dialogue across disciplinary boundaries and stimulate further work within the field of interpersonal communication
