Journal of the Historical Society of Nigeria, 2005 **Aging Across Cultures** Helaine Selin, 2022-01-01 This volume brings together chapters about aging in many non-Western cultures from Africa and Asia to South America from American Indians to Australian and Hawaii Aborigines. It also includes articles on other issues of aging such as falling dementia and elder abuse. It was thought that in Africa or Asia elders were revered and taken care of. This certainly used to be the case. But the Western way has moved into these places and we now find that elders are often left on their own or in institutions as younger people have migrated to other cities and even countries. Grandparents often find themselves being parents to their grandchildren a far cry from the kind of life they believed they would have as they aged. This book will explore all these issues and will be of use to students and researchers in this relatively new field. **The International Journal of African**
