Bowman,Robert V. Stone,2023-03-27 In Reading Sartre s Second Ethics Elizabeth A Bowman and Robert V Stone provide a comprehensive reconstructive and critical interpretation of Jean Paul Sartre s mature dialectical ethics The key Sartrean texts are two posthumously published lectures one delivered at the Gramsci Institute in Rome in 1964 the other scheduled to be delivered at Cornell University in 1965 but cancelled by Sartre in protest of U S foreign policy Though different in content method and intended audience Sartre gave both lectures the shared title Morality and History As Bowman and Stone argue these texts comprise a single systematic ethic in two parts The Cornell lecture focuses primarily on a regressive and phenomenological analysis of normativity and its ambiguous place in lived moral experience the Rome lecture focuses primarily on a progressive and dialectical synthesis of the ends or goals of historical conduct Taken together the two texts demonstrate that integral humanity is always possible because the means to it can always be freely invented      Dictionary of Ethics, Theology and Society Paul A. B. Clarke,Andrew Linzey,2013-11-05 This Dictionary provides a unique and groundbreaking survey of both the historical and contemporary interrelations between ethics theology and society In over 250 separately authored entries a selection of the world s leading scholars from many disciplines and many denominations present their own views on a wide range of topics Arranged alphabetically entries cover all aspects of philosophy theology ethics economics politics and government Each entry includes a concise definition of the term a description of the principal ideas behind it analysis of its history development and contemporary relevance a detailed bibliography giving the major sources in the field The entire field is prefaced by an editorial introduction outlining its scope and diversity Selected entries include Animal Rights Capital Punishment Communism Domestic Violence Ethics Evil Government Homophobia Humanism Liberation Theology Politics Pornography Racism Sexism Society Vivisection Women s Ordination      Our Destiny; the Influence of Nationalism on Morals and Religion Laurence Gronlund,1891      **The Ethics of Socialism** Ernest Belfort Bax,1907      The Ethics of Socialism Bax,1893      **The Ethics of Socialism, Being Further Essays in Modern Socialist Criticism, Etc** Ernest Belfort Bax,1889      **Ethics, Efficiency, and the Market** Allen E. **Law** Dana Hollander, 2021-06-17 This is the first book in English to lay out the philosophical ethics and philosophy of law of Hermann Cohen one of the leading figures in both Neo Kantian and Jewish philosophy Socialism and Ethics Howard Selsam, 1943 Reference notes pages 215 219 The ^AEthics of Capitalism Daniel Halliday, John Thrasher, 2020-05-13 This is an undergraduate level textbook that introduces classical political philosophy as a framework to evaluate the ethics of capitalism up to the present day It is rooted in historical eighteenth and nineteenth century defenses of capitalism as written by key proponents such as Adam Smith and John Stuart Mill and applies these arguments to contemporary issues such as wage inequality global trade climate change and the welfare state The authors aim to engage students in debating the ethics of economic systems specifically capitalism socialism and feudalism and whether various contemporary economic injustices can be interpreted as legacy of each system There are also study questions at the end of each chapter and an author created companion website Constructing Marxist Ethics , 2015-02-04 Does Marxism possess an ethical impulse Is there a moral foundation that underpins the Marxist critique of capitalism and the vision for social progress The essays collected in Constructing Marxist Ethics Critique Normativity Praxis argue that there is such an ethical grounding for Marxist theory The essays each from different vantage points construct what a Marxian ethics should look like what kind of values should be at the heart of the Marxian enterprise Contributors are Dan Albanese Paul Blackledge Bob Cannon Tony Burns Ian Fraser Ruth Groff Wadood Hamad Christoph Henning Peter Hudis Lauren Langman George E McCarthy Sean Sayers Michael J Thompson and Lawrence Wilde Encyclopedia of Business Ethics and Society Robert W. **The Palgrave Handbook of African Social Ethics** Nimi Wariboko, Toyin Falola, 2020-03-30 This Handbook provides a robust collection of vibrant discourses on African social ethics and ethical practices It focuses on how the ethical thoughts of Africans are forged within the context of everyday life and how in turn ethical and philosophical thoughts inform day to day living The essays frame ethics as a historical phenomenon best examined as a historical movement the dynamic ethos of a people rather than as a theoretical construct It thereby offers a bold incisive and fresh interpretation of Africa s ethical life and thought **Ethics of Industrial Man** Fred Blum, 2024-11-01 How do people actually experience God Jesus Christ the Kingdom and the Church Does this experience affect their awareness of capitalism socialism competition the relationship of markets to men and their participation in politics Does modern man have an ethical concern First published in 1970 Ethics of Industrial Man explores the interrelationship between people s experience of a deeper reality of life their awareness of society and their participation in it It is usually assumed that religion has lost its impact on the daily life of man This is true inasmuch as most people live their working lives divorced from religiously grounded ethics But the author shows that it ceases to be true if we explore the significance of the universal ground in which all religious awareness and every social order is rooted Using intensive interviews in Great Britain and the United States over a number of years the author gives

empirical evidence that the ethical impulse is not absent but is thwarted by the absence of bridges between the socio economic sphere of life and people s ethical awareness Decisive in this connection is the confusion between what is universal and what is historically specific This confusion the author believes underlies the apathy the sense of powerlessness the prevalence of a false consciousness the decline of traditional religious forms It is he concludes the core of the ethical corrosion of our time      **The SAGE Encyclopedia of Business Ethics and Society** Robert W. Kolb,2018-03-27 Spans the relationships among business ethics and society by including numerous entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment      **Socialism and the Ethics of Jesus** Henry Clay Vedder,1914
