organizations and societies that they lead Written in an accessible and engaging style the book examines a range of central theoretical and practical issues including the nature of group identity the basis of authority and legitimacy the dynamics of justice and fairness the determinants of followership and charisma and the practice and politics of leadership The book will appeal to academics practitioners and students in social and organizational psychology sociology political science and anyone interested in leadership influence and power *Leadership as an Identity* Crawford W Loritts, 2023-02-07 Ask yourself this question What character qualities define a godly leader The question leaves out too much Asking only about character seems inadequate What about personality communication skills IQ education previous experience and more right Author Crawford Loritts answers this question with four simple words brokenness communion servanthood and obedience These four characteristics provide the framework for Leadership as an Identity Examining each trait Loritts undermines the pervasive and unbiblical assumptions about leadership Loritts imparts timely wisdom correction and direction God doesn't look for leaders like the world does He looks for disciples *Africa's Enigma and Leadership Solutions* Tokunboh Adeyemo, 2009
