The Legacy Of Frank Roger Seaver:

The Legacy of Frank Roger Seaver Bill Youngs,1976-01-01 *The Teapot Dome Scandal* Laton McCartney,2009-01-13 In this amazing and at times ribald story Laton McCartney tells how Big Oil handpicked Warren G Harding an obscure Ohio senator to serve as our twenty third president Harding and his oil cabinet made it possible for cronies to secure vast fuel reserves that had been set aside for use by the U S Navy In exchange the oilmen paid off senior government officials bribed newspaper publishers and covered the GOP campaign debt When news of the scandal finally emerged the consequences were disastrous Drawing on contemporary records newly made available to McCartney The Teapot Dome Scandal reveals a shocking revelatory picture of just how far reaching the affair was how high the stakes and how powerful the conspirators all told in a dazzling narrative style American Universities and Colleges James J. Murray,2021-06-21 No detailed description available for American Universities and Colleges Westways ,1978 **American Universities and Colleges** Praeger Publishers,2010-04-16 For well over a half century American Universities and Colleges has been the most comprehensive and highly respected directory of four year institutions of higher education in the United States A two volume set that Choice magazine hailed as a most important resource in its November 2006 issue this revised edition features the most up to date statistical data available to guide students in making a smart yet practical decision in choosing the university or college of their dreams In addition the set serves as an indispensable reference source for parents college advisors educators and public academic and high school librarians These two volumes provide extensive information on 1 900 institutions of higher education including all accredited colleges and universities that offer at least the baccalaureate degree This essential resource offers pertinent statistical data on such topics as tuition room and board admission requirements financial aid enrollments student life library holdings accelerated and study abroad programs departments and teaching staff buildings and grounds and degrees conferred Volume two of the set provides four indexes including an institutional Index a subject accreditation index a levels of degrees offered index and a tabular index of summary data by state These helpful indexes allow readers to find information easily and to make comparisons among institutions effectively Also contained within the text are charts and tables that provide easy access to comparative data on relevant topics **American Universities and Colleges** ,2014-10-08 No detailed description available for American Universities and Colleges *International Directory of Company Histories* Tina Grant,Thomas Derdak,2002 Multi volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location For students job candidates business executives historians and investors American Universities and Colleges American Council on Education,2001 *Biography Index* Bea Joseph,1974 A cumulative index to biographical material in books and magazines **Sacred Surrealism, Dissidence and International Avant-Garde Prose** Vivienne Brough-Evans,2016-05-05 Vivienne Brough Evans proposes a compelling new way of reevaluating aspects of international surrealism by means of the category of divin

fou and consequently deploys theories of sacred ecstasy as developed by the Collège de Sociologie 1937-39 as a critical tool in shedding new light on the literary oeuvre of non-French writers who worked both within and against a surrealist framework. The minor surrealist genre of prose literature is considered herein rather than surrealism's mainstay poetry with the intention of fracturing preconceptions regarding the medium of surrealist expression. The aim is to explore whether International surrealism can begin to be more fully explained by an occluded strain of dissident surrealist thought that searches outside the self through the affects of ekstasis. Bretonian surrealism is widely discussed in the field of surrealist studies and there is a need to consider what is left out of surrealist practice when analysed through this Bretonian lens. The Collège de Sociologie and Georges Bataille's theories provide a model of such elements of dissident surrealism which is used to analyse surrealist or surrealist-influenced prose by Alejo Carpentier, Leonora Carrington and Gellu Naum respectively representing postcolonial feminist and Balkan locutions. The Collège and Bataille's dissident surrealism diverges significantly from the concerns and approach towards the subject explored by surrealism. Using the concept of ekstasis to organise Bataille's theoretical ideas of excess and inner experience and the Collège's thoughts on the sacred it is possible to propose a new way of reading types of International surrealist literature many of which do not come to the forefront of the surrealist literary oeuvre.
