The Liberal Cage

Martin Iddon, Philip Thomas

The Liberal Cage:

The Liberal Cage Harry Clifton, 1988 Islam after Liberalism Faisal Devji, Zaheer Kazmi, 2017-12-01 Forged in the age of empire the relationship between Islam and liberalism has taken on a sense of urgency today when global conflicts are seen as pitting one against the other More than describing a civilizational fault line between the Muslim world and the West however this relationship also offers the potential for consensus and the possibility of moral and political engagement or compatibility The existence or extent of this correspondence tends to preoccupy academic as much as popular accounts of such a relationship This volume looks however to the way in which Muslim politics and society are defined beyond and indeed after it Reappraising the first wave of Islamic liberalism during the nineteenth century the book describes the long and intertwined histories of these categories across a large geographical expanse By drawing upon the contributions of scholars from a variety of disciplines including philosophy theology sociology politics and history it explores how liberalism has been criticised and refashioned by Muslim thinkers and movements to assume a reality beyond the abstractions that define its compatibility with Islam Tomorrow Is the Question Benjamin Piekut, 2014-04-09 In recent decades experimental music has flourished outside of European and American concert halls The principles of indeterminacy improvisation nonmusical sound and noise pioneered in concert and on paper by the likes of Henry Cowell John Cage and Ornette Coleman can now be found in all kinds of new places activist films rock recordings and public radio broadcasts not to mention in avant garde movements around the world The contributors to *Tomorrow Is the Question* explore these previously unexamined corners of experimental music history considering topics such as Sonic Youth Julius Eastman the Downtown New York pop avant garde of the 1970s Fluxus composer Benjamin Patterson Tokyo's Music group aka Group Ongaku the Balinese avant garde the Leicester school of British experimentalists Cuba's Grupo de Experimentación Sonora del ICAIC Pauline Oliveros's score for the feminist documentary *Maquilapolis* NPR's 1980s *RadioVisions* and the philosophy of experimental musical aesthetics Taken together this menagerie of people places and things makes up an actually existing experimentalism that is always partial compromised and invented in its local and particular formations in other words these individual cases suggest that experimentalism has been a far more variegated set of practices and discourses than previously recognized Asking new questions leads to researching new materials new individuals and new contexts and eventually to the new critical paradigms that are necessary to interpret these materials Gathering contributions from historical musicology ethnomusicology history philosophy and cultural studies *Tomorrow Is the Question* generates future research directions in experimental music studies by way of a productive inquiry that sustains and elaborates critical conversations *John Cage* Sara Haefeli, 2017-12-06 This annotated bibliography uncovers the wealth of resources available on the life and music of John Cage one of the most influential and fascinating composers of the twentieth century The guide will focus on documentary studies archival resources scholarly research and autobiographical materials and place the composer and his work in a larger context of

postmodern philosophy art and theater movements and contemporary politics It will support emerging scholarship and inquiry for future research on Cage with carefully selected sources and useful annotations *The Cambridge Companion to John Cage* David Nicholls,2002-08-01 John Cage 1912 1992 was without doubt one of the most important and influential figures in twentieth century music Pupil of Schoenberg Henry Cowell Marcel Duchamp and Daisetz Teitaro Suzuki among others he spent much of his career in pursuit of an unusual goal giving up control so that sounds can be sounds as he put it This book celebrates the richness and diversity of Cage s achievements the development of the prepared piano and of the percussion orchestra the adoption of chance and of indeterminacy the employment of electronic resources and of graphic notation and the questioning of the most fundamental tenets of Western art music Besides composing around 300 works he was also a prolific performer writer poet and visual artist Written by a team of experts this Companion discusses Cage s background his work and its performance and reception providing in sum a fully rounded portrait of a fascinating figure

Cage and Singing Birds George Gardner,1905 **John Cage's Concert for Piano and Orchestra** Martin Iddon,Philip Thomas,2020-05-14 Looking at one of the twentieth century s most notorious musical masterpieces John Cage s Concert for Piano and Orchestra examines Cage s compositional process its infamous performance history and its influence on philosophical ideas of what music actually is Allying beyond Social Divides Yasmine Berriane,Marie Duboc,2020-11-25 This book offers a fresh look at the role of coalitions in contentious politics in North Africa and the Middle East based on conceptual reflexions and empirical case studies by researchers who have conducted extensive fieldwork in the region Coalitions of actors that have traditionally not been allies have become a key feature of the protest movements that have emerged across North Africa and the Middle East since 2011 But what happens when Islamists ally with Leftists workers with student unions and young engineers with local tribesmen How do coalitions form across ideological generational professional ethnic and class divides Are such collaborations transformative The authors seek to show that it is important to go beyond analyses that focus mainly on identifying the factors that led to a coalition s success or failure coalitions are moments of transformative encounter that can lead to changes affecting relations with political authorities ideological learnings repertoires of action and understandings of the notion of right Instead of analyzing coalitions and social divides as two opposite processes this book further argues that studying the alliance of social groups goes hand in hand with exploring processes of differentiation that are engineered by both political regimes and social actors Focusing on the role of coalitions in contentious politics before and after the Arab uprisings this book proposes a sociology of coalitions in the Middle East based on key empirical examples to analyze the transformations that emerged out of such alliances at the levels of repertoires of action forms of organization relations to political authorities and ideological learnings The chapters in this book were originally published as a special issue of the journal *Mediterranean Politics* **A Peculiar People** Rodney R. Clapp,1996-11-12 Rodney Clapp asks and answers the question How can the church provide a significant alternative to the

culture in which it is embedded **Toward a New Legal Common Sense** Boaventura de Sousa Santos, 2002-09 The text emphasises a need for reconstruction of legality based on locality nationality and globality
