The Life Of Napoleon Bonaparte Part Three

Thomas Carlyle

The Life Of Napoleon Bonaparte Part Three:

The French Revolution: A History; in Three Parts. I. The Bastille; II. The Constitution; III. The Guillotine

Thomas Carlyle, 1857 **Story Of The World #3 Early Modern Times Activity Book** S. Wise Bauer, Susan Wise Bauer, 2004-09-28 Presents a history of the ancient world from 6000 B C to 400 A D Napoleon III and His Regime David Baguley, 2000-11-01 Referred to in his time as the Pretender and the sphinx of the Tuileries Louis Napol on Bonaparte the nephew of Emperor Napoleon I of France and himself ruler of the Second Empire 1852 1870 so managed the manufacture of his public image and the masking of his private self that he is ultimately unknowable to this day From the mysterious circumstances of his conception in 1807 to the strange events of his downfall in 1870 and death in 1873 he lived loved and reigned in an extraordinary aura of myth and fantasy under the shadow of his more famous uncle Taking a highly innovative approach to this intriguing historical figure David Baguley entertains sources in a m lrange of media and forms pictures performances spectacles rituals music fiction poems plays architecture fashion as well as Louis Napol on s own writings to explore how the ruler was represented invented and interpreted by detractors and defenders alike The dynamic process by which the legend of Napoleon III was elaborately fabricated and then vigorously dismantled unfolds under Baguley s hand not chronologically but by generic categories reflecting the author s underlying conviction that history and literary depictments are not as incompatible as is often assumed Baguley examines works by among many others Victor Hugo Karl Marx mile Zola Honor Daumier Jacques Offenbach Gustave Flaubert and Elizabeth Barrett Browning that range from history and biography to romanticized versions of the Emperor s feats to parody caricature and satire With its conspiratorial origins its rising and dramatically falling action its schemes scandals and tragic denouement the Second Empire appears designed to inspire writers and artists Napoleon III Baguley observes could well have been the central character or temperament in a naturalist novel While most historians consider Louis Napol on s coup d tat of December 1851 to be his boldest endeavor Baguley shows in this expansive and eloquent work that his most extravagant venture was to found a second Napoleonic empire and he illustrates not only the power of the name and the image but also the precariousness of the Emperor s reliance upon them For Napoleon III dissimulation was his natural state opportunist or utopian reformer or something in between he must remain one of history s most elusive and controversial figures ever resisting final assessment **The History of Napoleon III, Emperor of the French** John Stevens Cabot Abbott, 1868 **British Museum Catalogue of Printed Books**, 1893 **Franklin Square Library**, 1878 **Catalogue** New South Wales Free Public Library, Sydney, 1895 Catalogue of the Barton Collection, Boston Public Library Boston Public Library. Barton Collection, 1888 **A Select Catalogue of the Very Excellent Collection of Second-hand Book ...**, 1862 **Index-catalogue of the Chorlton & Ardwick Lending Branch** Manchester Public Libraries (Manchester, England). Chorlton & Ardwick Branch, 1872
